Attendu qu'il est à propos que le capital-actions de la banque Molsons soit augmenté : à ces causes, qu'il soit statué, par les actionnaires de la banque réunis en assemblée générale spéciale tenue au bureau principal de la banque à Montréal le 23e jour de février 1903,—

1. Que le capital-actions de la Banque Molsons soit, et il est par le présent augmenté de la somme de $2,500,000, divisé en 50,000 actions de $50 chacune.

2. Le dit capital augmenté sera, lorsque les directeurs le détermineront, et par l'émission de $500,000 à la fois, réparti aux actionnaires d'alors de la banque au *prorata*, au taux qui sera fixé par les directeurs, mais il ne sera pas réparti de fraction d'action ; et la répartition de chacune des dites actions sera sujette sous tous rapports aux dispositions de l'*Acte des banques*.

3. Toutes actions réparties de temps à autre qui ne sont pas prises par l'actionnaire auquel cette répartition a été faite sous six mois à compter de la date où l'avis de la répartition est mise à la poste à son adresse, ou qu'un actionnaire refuse d'accepter, et toutes actions qui ne seront pas réparties par les directeurs à cause de la disposition contenue dans l'*Acte des banques* touchant la répartition de fractions d'une action, pourront être offertes au public pour souscription, au temps, en la manière, et aux conditions que les directeurs prescriront.

CANADA.

EDWARD THE SEVENTH, by the Grace of God of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the seas KING, Defender of the Faith, Emperor of India.

To all to whom these presents shall come, or whom the same may in anywise concern,—GREETING :

A PROCLAMATION.

E. L. NEWCOMBE, Deputy of the Minister of Justice, Canada. } WHEREAS in and by the Revised Statutes of Canada, chapter 182, and entitled "An Act respecting Penitentiaries" it is amongst other things in effect enacted, that the Governor General in Council may declare from time to time, by a Proclamation to be published in the *Canada Gazette*, that any tract of land within Canada, of which the boundaries shall be particularly defined in the Proclamation, is a penitentiary and is to be so held within the meaning of the said Act, and by such Proclamation may declare for what part of Canada the same shall be a penitentiary,—

NOW KNOW YE that by and with the advice of Our Privy Council for Canada, We do hereby proclaim and declare in virtue of the said Act that the tract of land situate in the Province of British Columbia and described as follows, that is to say, Goose Island, situate about the centre of Pitt Lake in Section 25, Township 5, Range 5, west of the Seventh Meridian, in the railway belt in the Province of British Columbia, is a penitentiary, and is to be so held, within the meaning of the said Act, as a penitentiary for the Province of British Columbia, in Our Dominion of Canada.

Of all which Our loving subjects and all others whom these presents may concern, are hereby required to take notice and to govern themselves accordingly.

IN TESTIMONY WHEREOF, We have caused these Our Letters to be made Patent and the Great Seal of Canada to be hereunto affixed. WITNESS, Our Right Trusty and Right Well-Beloved Cousin and Councillor the Right Honourable Sir GILBERT JOHN ELLIOT, Earl of Minto and Viscount Melgund of Melgund, County of Forfar, in the Peerage of the United Kingdom, Baron Minto of Minto, County

of Roxburgh, in the Peerage of Great Britain, Baronet of Nova Scotia, Knight Grand Cross of Our Most Distinguished Order of St. Michael and St. George, etc., etc., Governor General of Canada.

At Our Government House, in Our City of OTTAWA, this SEVENTH day of MARCH, in the year of Our Lord one thousand nine hundred and three, and in the third year of Our Reign.

By Command,

JOSEPH POPE,
37-3 Under-Secretary of State.

ORDERS IN COUNCIL.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 7th day of March, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum dated 3rd March, 1903, from the Minister of Marine and Fisheries, recommending that by-law No. 23 of the by-laws pertaining to the pilotage authority for the District of Halifax, N.S., be repealed, and that the following, which has been passed by the authority alluded to, and to which the Deputy Minister of Justice reports there is no legal objection, be substituted therefor:

"23rd. All vessels propelled by steam, employed in trading between the Port of Halifax and any port or ports in the Dominion of Canada, or any ports of the United States of America on the Atlantic, north of and including the Port of New York and ports in Newfoundland, shall pay one-half of the tariff rates, if spoken by a pilot and his services are not accepted, but any such vessel taking a pilot voluntarily shall pay full tariff rates. All such steamships shall pay one-half outward pilotage if the services of a pilot are not required, but if the services of a pilot are accepted, she shall pay full tariff rates."

The Committee submit the same for approval.

JOHN J. McGEE,
38-2 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 28th day of February, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS the Canadian Pacific Railway Company have applied to the Department of Public Works for the approval of a proposed general pier head-line in the Harbour of Vancouver, B.C.; this proposed extension of the pier head-line being intended to afford ampler wharf accommodation to meet the rapidly increasing shipping trade at Vancouver.

And whereas the Resident Engineer of the Department of Public Works, at New Westminster, reports as follows in regard to this application, the Acting Chief Engineer of the Department of Public Works concurring, viz.:—

"To any one familiar with the extent of the portion "of Burrard Inlet constituting the Harbour of Vancouver, the concession asked for is comparatively so "slight as not to alter in any particular the existing "conditions as affecting the rights of the Dominion "Government. The extension of their present wharves "to a depth of some 60 feet of water only entails a "distance of some 600 feet in a direct line from the "face of their present wharves. The nearest land "opposite their proposed pier head-line is in the "opposite side of the harbour, some two miles distant; "a little to the west Brocton Point projects some "4,000 feet distant (see index plan), forming with the "main shore, Coal Harbour into which the Western "extension of these wharves will extend. The present "length of the proposed outer face wharves is some-"what limited, not exceeding 3,000 lineal feet in "water at present admitting of sea-going vessels. "This, however, by a judicious combination of slips, "as shown on the original plan, more than doubles "the available frontage. As the Pacific terminus of "their road and the entrepot of their Oriental trade, "the concession asked for by this proposed extension "of their wharves, possibly limited by the great depth "of water and heavy expense involved, is in my opinion, "extremely moderate. It is impossible to anticipate "or to state with any degree of accuracy the enormous "volume of trade that the next decade may develop, "and ample room for ships, warehouses and railway "sidings is the first requisite to be considered. When, "as above stated, the width of the harbour is some 2 "miles, the extension of a few hundred feet so far "from being detrimental will prove a decided advan-"tage not only to the Railway Co., but the public in "relieving the present congested state of the accom-"modation at both Railway Station and wharves, "which will be accomplished by the extended water "front and greater accommodation in rear of the "docks. The extension westward into Coal Harbour "is a matter of reclamation in comparatively shallow "water with a channel some 600 feet in width that "will require to be dredged to make it navigable for "boats of ordinary coasting draft."

Therefore the Governor General in Council is pleased to approve of the general pier head-line in the Harbour of Vancouver, proposed by the Canadian Pacific Railway Company, as shown on a sketch attached to Order in Council of 28th February, 1903, in this regard, and to order that this Order in Council do not become effective until publication thereof for two months in the *Canada Gazette* in order to permit of the reception of any objection which may be formulated to the "head-line" in question.

JOHN J. McGEE,
38-9 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 25th day of February, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 19th February, 1903, from the Minister of the Interior, stating that it having been represented to him that owing to their occupation on the rivers of the north, certain Half-breeds were unable to make claims before the Commission appointed to investigate and adjudicate upon the claims of Half-breeds at Lac La Biche and in the District of Athabasca and the adjoining country covered by Treaty No. 8, he authorized Mr. H. A. Conroy, Inspector for Indian Treaty No. 8, by letter dated the 7th November, 1902, on his visit to Lac La Biche and in the Lesser Slave Lake Country for the purpose of making the Indian Treaty payments, to receive evidence under oath in support of the claims of Half-breeds who were unable to appear before the former Commission or to make their claims before Mr. Macrae in 1900.

The Minister further states that he has recently received from Mr. Conroy the evidence taken before him, under the instructions above mentioned, in 64 applications for scrip.

The Minister therefore recommends that he be authorized to issue, after the claims have been examined and passed upon in the usual way, scrip to those of the claimants who are entitled thereto under paragraph "f" of section 90 of The Dominion Lands Act, as amended by section 4, chapter 16, of the Act 62-63 Victoria.

JOHN J. McGEE,
37-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 28th day of February, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum dated 20th February, 1903, from the Minister of the Interior, stating that application has been made by the Secretary of the Board of Trustees of Shuswap School, British Columbia, for a grant of two acres of land in the fractional North East quarter of Section 23, Township 21, Range 13 W. 6th Meridian.

The Minister recommends, as the land applied for is available, and the usual patent fee of $10 has been paid, that he be authorized, under the provisions of section 31 of The Dominion Lands Act, to make a free grant of the above mentioned land for the purposes of a school site for Shuswap School.

The Committee submit the same for approval.

JOHN J. McGEE,
37-4 Clerk of the Privy Council.

(Ref. 757,974.)

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 7th day of February, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 20th January, 1903, from the Minister of the Interior, submitting that the Manitoba and North Western Railway Company are the grantees from the Crown for Canada, of certain lands in Manitoba and the North-west Territories as a land subsidy in aid of the construction of that company's line of railway, and have requisitioned that title be passed for certain of these lands to the Crown in the right and for the use of the Province of Manitoba.

The Minister states that the said Government of Manitoba has forwarded to Ottawa the land warrants covering the lands for which title has been applied and has paid the necessary survey fees at the rate of 10 cents per acre, as provided for in said grant.

The Minister therefore recommends that title be vested in His Majesty King Edward VII., in the right and for the use of the said Province of Manitoba, to all of the lands enumerated in the accompanying schedule, totalling an area of 2,496.60 acres, more or less.

The Committee submit the same for approval.

JOHN J. McGEE,
Clerk of the Privy Council.

NOTICE TO MARINERS.

No. 13 of 1903.

(*Inland Notice No.* 3.)

All bearings, unless otherwise noted, are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

ONTARIO.

(22) PRESQU'ILE ENTRANCE—OLD LIGHTHOUSE TOWER REMOVED.

The light in the back tower of the range which formerly led into Presqu'île bay, on the north shore of Lake Ontario, was discontinued when the ranges leading to the upper entrance of the Murray canal were established in 1891, but the tower was left standing because it was of use to small boats entering by the old shallow channel. In one with the lighthouse on Salt point it led through that channel. In consequence of decay it has now been found necessary to take down the old tower, and it is therefore no longer available as a day beacon.

NEW BRUNSWICK.

(30) BAY OF FUNDY—GRAND MANAN—GULL COVE—LIGHT ESTABLISHED.

A light, established by the Government of Canada at Gull cove, on the east shore of Whitehead island, off the east coast of Grand Manan island, Bay of Fundy, in the County of Charlotte, New Brunswick, was put in operation on the 30th December, 1902, as a guide for fishing boats.

Lat. N. 44° 37′ 55″
Long. W. 66 41 50

The light is fixed white, shown from a lantern with a pressed glass lens, hoisted on a mast. It is elevated 90 feet above high water mark, and should be visible 6 miles from all points of approach by water.

The mast is 35 feet high, and stands about 600 feet back from the shore in the bottom of the cove, near Mr. Lewis Frankland's house

To enter the cove the light should be brought to bear west, when it should be run for till anchorage in 5 fathoms is reached.

The note in the remarks column of the Canadian list of lights and fog signals, 1902, respecting the visibility of the light shown from the lighthouse on Swallowtail, the northeast extremity of Grand Manan island, is erroneous. The light is visible from S. 8° E., on which bearing it opens clear of Fish head, round through south, west and north to N. 8° E. It can also be seen to the westward of this last bearing in the coves south of the lighthouse, on the east side of Grand Manan island, where not hidden by intervening high land.

ONTARIO.

(32) GEORGIAN BAY—COLLINGWOOD HARBOUR—TEMPORARY RANGE LIGHTS AND BEACONS—HYDROGRAPHIC NOTES.

Shore range lights.—Temporary range lights, locally known as the "shore range" have been established and are maintained by the Corporation of Collingwood, in the south extremity of the harbour, which in one

indicate the middle of the 20-foot channel from its outer extremity, outside the west breakwater pier, to the curve near the fixed red light on the crib in the harbour.

The front light of this range stands upon the shore in the south part of the harbour at a point 330 feet S. 17° W. from the northwest extremity of Fleming's wharf.

It consists of two fixed white lantern lights six feet apart vertically, hoisted on a pole painted white, having a diamond-shaped white slatted beacon on top.

The back light pole stands on the south side of Second street, 130 feet west from its intersection with the west side of Cedar street, and is distant 1610 feet S. 10° W. from the front light pole.

Two fixed white lights, shown from lanterns 6 feet apart vertically, hoisted on this pole, are shown. The pole is 55 feet high, and has on its top a diamond-shaped slatwork beacon, 12 feet high by 8 feet wide, the whole painted white.

Elevator day beacons.—The middle of the 20-foot channel leading to the elevator is marked by two day beacons.

The front beacon consists of a diamond-shaped slatwork, painted white, attached to a mast rising 32 feet above water level, on the outer or northwest end of the elevator wharf.

The back beacon consists of a diamond-shaped white mark, painted on the northwest end of the elevator, at a height of 40 feet above the water.

These two beacons in one, bearing S. 53½° E, mark the middle of the 20-foot channel, leading from the south end of the curve to the elevator. This channel is 110 feet wide.

Sailing directions.—Vessels should not approach the entrance within one mile until the "shore range" (described above) comes on, bearing S. 10° W. Keep this on until abreast of the end of the east breakwater, when gradually turn keeping the black buoys on the curve well aboard until the elevator beacons are in one, S. 53½° E. if bound thither. If bound for the G.T.R. or Town wharf, bring the gap between the two wharves ahead and the crib light astern, S. 50½° E. Only 15 feet water will be found on this last line.

Channels to wharves.—A channel 80 feet wide with a depth of 14 feet has been dredged from a point immediately outside the crib light to the wharf of the Collingwood Meat Company, and from this other channels 12 feet deep lead to the lumber wharves of Messrs. Charlton. These are all in the extreme east end of the harbour.

Position of Middle ground.—The Middle ground referred to in notice to mariners No. 41 (153) of 1902, is a straight strip about 30 feet wide, with about 12 feet water on it, which lies between the 20-foot and 15-foot channels, in the straight cut leading up to the elevator wharf, and not near the outer light, as indicated in that notice. It is marked by striped buoys as described

Dry dock.—Work is in progress on an enlargement of the dry dock in Collingwood harbour. When completed it will be 530 feet long and 78 feet wide, with 16 feet on the mitre sill.

(25) River St. Lawrence below Quebec—Father point—Fog alarm changed.

From and after the opening of navigation in the spring of 1903 the explosive fog signal heretofore operated at Father point lightstation, on the south shore of the river St. Lawrence, will be discontinued, and replaced by a first class siren, operated by compressed air, giving a high and a low note each of 2½ seconds' duration, with an interval of 2½ seconds between them, at intervals of two minutes, thus :

High note.	Silent.	Low note.	Silent.
2½ seconds.	2½ seconds.	2½ seconds.	112½ seconds.

The fog alarm building is a white, wooden, rectangular building, with a shingled roof, and stands on the beach 432 feet N. 80° E. srom the lighthouse. The siren projects from an annex on the north side of the building ; its axis is 17 feet above high water mark.

In the event of the siren being out of order, the use of the explosive fog signal will be temporarily resumed.

(26) Atlantic ocean—Seal island—Fog alarm moved.

The fog whistle at Seal island lightstation, off the southwest extremity of Nova Scotia, which was formerly operated from a building near the lighthouse, has been removed to a new building erected on the

extreme south point of the island, 585 feet S. 26° W. from the lighthouse.

The fog alarm building is a long, low white, wooden, rectangular building with a shingled roof painted red, and stands on the beach. The whistles, which are in duplicate and stand above the roof, are about 49 feet above high water mark.

The whistle was operated from the new building for the first time on the 16th February, 1903.

(27) South coast—Cork approach—River Lee—Intended light buoys—Alteration in lights.

The Cork Harbour Commissioners have given notice that, on 25th February, 1903, it is intended to establish two light buoys, each exhibiting a white occulting light in the undermentioned positions. One situated $2\frac{6}{10}$ cables S. 16° E. and the other $1\frac{1}{10}$ cables S. 73° W. from Dunkettle lighthouse, River Lee. These buoys will mark the turning points of the new channel now being dredged.

On the same date the white fixed light exhibited at Blackrock castle will be discontinued, and the colour of the rear fixed leading light, exhibited from a mast 600 yards N. 27° W. from Dunkettle light, will be changed from green to white.

(29) Lake Huron—North channel—Bruce Mines—Light established.

A light established by the Government of Canada on the new Government wharf at Bruce Mines, was put in operation in July, 1902.

Lat. N. 46° 17′ 47″
Long. W. 83 47 23

The light is shown from an anchor lens lantern on a shelf on the southeast corner of the unpainted warehouse, and 60 feet from the outer end of the wharf.

The light is a fixed white light, elevated 12 feet above the level of the lake, and should be visible 5 miles from all points of approach by water. The illuminating apparatus is dioptric of the seventh order.

The wharf extends from the shore at the foot of Marks street S. 30° E. 1000 feet, and its outer end is distant 200 feet to the westward of the Bruce Copper Mines wharf.

The Bruce Copper Mines, limited, have notified the Department of their intention to continue maintaining a red light on the southeast corner of the warehouse on the outer end of their private wharf, but this will be in no way under governmental control, or receive assistance, and will therefore be no longer continued in the list of lights.

All bearings, unless otherwise noted, are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

NOVA SCOTIA.

(19) North Atlantic Ocean—Sable island—Sailing directions.

The following particulars respecting Sable island have been rewritten by the Chief Engineer of this department from the sailing directions for the southeast of Nova Scotia and bay of Fundy, published by the British Admiralty office in 1894, and embody the results of a survey made by him in October, 1899, as well as later departmental records :—

Sable island, so called because it consists practically of pure sand, is shaped like a bow, concave to the

northward. The north and south sides of the island are formed of two nearly parallel ridges of hills, steep towards the sea, but sloping gradually inward to the interior of the island, which is low and comparatively flat. The whole length of the island, following the curve and including the dry parts of the bars, is 23 miles; or S. 77° E., 21¾ miles, in a direct line across the curve; its greatest breadth is 1⅕ miles. In most parts it is wholly or partially covered with grass; but in some places the sand is scooped out by the winds into crater-shaped hollows, or thrown up into hills, varying in height to a maximum of 110 feet above high water. Some of these hills are frequently changed in position by the wind. Between the bordering ridges a long pond named Lake Wallace, gradually filling with blown sand, but still in some parts 12 feet deep, extends from near the west end to the distance of ten miles; and a low valley continues from it 6 miles to the northeast end of the island. Lake Wallace is sometimes connected with the sea by mean of a channel through the south bar, at other times the channel is entirely closed by storm. New channels are usually in different localities from the old ones. When there is no channel the sea flows into the pond over the low sandy beach only in high tides and heavy gales.

When seen from the north, from a distance of 9 or 10 miles, the island presents the appearance of a long range of sand-hills, some of which are very white. From the south, the range of white sand appears more continuous, and very low towards the west end. On a nearer approach many of the sand-hills are seen to have been partly removed by the wind, so as to form steep cliffs next the sea. In most parts they are covered by grass, and defended by a broad beach, which, however, cannot be reached without passing over bars of sand covered with only a few feet of water. These bars, which are parallel to the shore at distances not exceeding one-third of a mile, form heavy breakers, and are dangerous to passing boats, when there is any sea running.

Lights.—The lighthouse near the east end of Sable island is an octagonal wooden building, 86 feet in height, with its sides painted alternately white and brown. It is situated 1½ miles west from the east point of the hills, or 5 miles from the extremity of the dry spit, and exhibits, at an elevation of 128 feet above high water, a fixed white light, which should be seen in clear weather from a distance of 17 miles.

The lighthouse near the west end of Sable island is an octagonal wooden building, 98 feet in height, painted white, with a red roof.

It stands 1½ miles from the west extremity of the dry spit and 16⅔ miles N. 72½° W. from the east lighthouse, and exhibits, at an elevation of 118 feet above high water, a group flashing white light, which shows three distinct flashes at intervals of half a minute, and is then eclipsed during one and a half minutes, the whole occupying three minutes. It should be visible in clear weather for a distance of 16 miles.

Positions.—The main station flagstaff on Sable island is in lat. 43° 56′ 24″ N., long. 60° 2′ 47″ W.; the west extremity of the grassy sand-hills in latitude 43° 56′ 44″ N., long. 60° 7′ 20″ W.; and the east extremity of the grassy sand-hills in lat. 43° 59′ 9″ N., and long. 59° 42′ 13″ W. In 1852 these extremities were respectively in lat. 43° 56′ 44″ N., longitude 60° 8′ 31″ W., and lat. 43° 58′ 57″ N., longitude 59° 45′ 33″ W.; but now the sea covers land at the west end were vegetation was formerly seen and new land is gradually making at the east end, as vegetation now appears were it was covered by water. Since the lighthouses were established in 1873 it has been necessary to move the west end lighthouse eastward on two occasions and the continuous wasting of the west end will soon render a third removal requisite. The distance of the island from the lighthouse on Whitehead island, the nearest part of Nova Scotia, is 85 miles.

Productions.—The quantity and variety of vegetation on this gigantic sand bar is extraordinary. Besides two kinds of grass, there are wild peas and other plants, affording subsistence to wild ponies, as well as to the domestic cattle belonging to the establishment. There are no other animals on the island. there are four or five kinds of edible berries in great abundance, and many flowers and shrubs, but no trees, except in a plantation experimentally established in 1901. There are good gardens at the several stations. The climate is much milder and more equable that on the neighbouring mainland, but high winds are frequent, and in winter storms, salt spray is carried across the land, scalding and destroying all but the hardiest vegetation.

Fresh water can be obtained in almost any part by digging down a few feet into the sand in the flats, or from the numerous ponds. Seals, and abundance of wild fowl, frequent the island in their seasons.

The fisheries around the island are exceedingly valuable, but the danger of remaining near its formidable bars has hitherto restricted the number of vessels engaged in them.

The establishment on Sable island for the relief of shipwrecked persons is supported by the government of Canada, with the assistance of an annual grant of £400 by the Imperial government; a small revenue is derived from the periodical sale of wild ponies, cranberries, &c., and occasionally from salvage on the sale of wrecked vessels and their cargoes. The headquarters, or main station, is situated 2¾ miles east of the west lighthouse, on the north side of the island, between the lake and the sand-hills, and consists of a comfortable house for the superintendent and his family, buildings for the men and occasional accommodation of shipwrecked persons, stores, workshops, stabling, &c.

The flagstaff which points out the position of the main station stands on a sand-hill 40 feet high, and with its crows-nest or look-out, 100 feet above the sea, is a conspicuous object on the north side of the island. Another station, known as No. 2 station, is situated on the north side of the island, 4⅖ miles east of main station; the flagstaff here stands on the summit of a sand-hill, but, having no crows-nest, is not conspicuous.

No. 3 station is farther inland, at the east end of Wallace lake, 4 miles to the eastward of No. 2, and 4⅕ miles to the westward of No. 4 station. The flagstaff here with its crows-nest is the most conspicuous in approaching from the southward and the life-boat house connected with the station is on the summit of the ridge on the south shore.

No. 4 station on the north side of the island is 1⅕ miles to the westward of the eastern lighthouse; the flagstaff here with its crows-nest standing on a sand-hill on the north shore is a conspicuous object.

These four look-outs with the two lighthouses form a chain of stations from which the shores of the whole island with its bars are watched in clear and patrolled in thick or bad weather; each station is in charge of a married man, who has a comfortable dwelling, so that shipwrecked mariners or passengers are sure of prompt relief. No wrecks can take place on the island at a greater distance than five miles from some one of these posts, and in the event of a wreck occurring the outpost notifies the superintendent at the main station, all the stations, as well as the hut on the east bar, being connected by telephone.

The superintendent has under him 17 men, who are stationed as follows, viz.:—the superintendent and seven men at the main station; the lightkeeper and 1 assistant at the west end lighthouse; the lightkeeper and 1 assistant at the east end lighthouse; two men at No. 2; 2 men at No. 3, and 3 men at No. 4 station.

In 1900 Sable island had 46 inhabitants, consisting of the staff with their families. Residence on the island without a license from the Minister of Marine and Fisheries is illegal, and a punishable offence.

Communication.—The Department of Marine and Fisheries of Canada sends a lighthouse tender periodically to the island, and the superintendent has in store a seaworthy sloop, which can be used for crossing to the mainland in case of necessity.

Wrecks.—From a wreck chart prepared in Canada, it appears that the number of known wrecks on Sable island and its bars, for each decennial period of the last century, are as follows:—Ending 1810, eleven; 1820, nine; 1830, eighteen; 1840, twenty-five; 1850, twenty; 1860, twenty-three; 1870, eighteen; 1880, nineteen; 1890, ten; and 1900, twelve.

Life-saving apparatus.—Life boats are stationed at No. 4 station, at No. 3 station, and at the main station, besides surf boats. There is also a rocket apparatus at the main station, and a life car at No. 4 station.

During fogs and snow storms mounted men patrol the beach to ascertain if any wrecks have taken place.

Mariners are advised that the only loss of life which has occurred on Sable island since the life-saving establishment was organized has been caused by sailors leaving their ships in their own boats. In every case where crews have waited for the line-throwing apparatus or the life-boats they have been saved.

In case of wreck, mariners will do well to bear this in mind and endeavour to remain by their ships until the assistance of the island staff is available.

The *West Bar* in 1899 dried about three quarters of a mile from the end of the grassy sand-hills, but changes in size and shape with every storm. There are several patches nearly dry about a mile farther out, and then nine miles of heavy breakers, succeeded, in bad weather, by seven miles more in which the depth increases from 5 to 10 fathoms, and where there is usually a great ripple and a heavy cross sea. Since 1852 the sea has encroached on the land and covered places where grass formerly grew, and in 1888 this encroachment threatened the destruction of the western lighthouse, necessitating its removal to a position 1½ miles farther to the eastward. The direction of this bar is N.W. ½ N. for the first 12 miles, thence W. by N. for the remaining distance; the whole extent of the bar from the end of the grassy sand-hills to the depth of 10 fathoms being 17 miles, beyond which the water deepens gradually to the westward for many miles. Mariners having local knowledge cross this bar through a channel which exists within two or three miles of the dry bar, but which has not been surveyed.

Caution.—In consequence of the submergence of part of the West bar, and the necessitated removal of the lighthouse eastward, mariners are cautioned that that there will probably be increased danger in navigating in the vicinity of the west end of Sable island.

The East Bar, during fine weather, dried in 1899 about 3½ miles from East point, the end of the grassy sand-hills. At a distance of 2¼ miles northeastward from the east lighthouse a hut has been built to serve as a shelter for mariners wrecked on the east dry bar. This hut contains fuel, provisions and water, and is connected with all the stations by telephone. The 3½ miles of dry sand are succeeded by 8 or 9 miles of heavy breakers; the whole length of this bar, from the grassy sand-hills to the depth of 10 fathoms, being 14 miles.

Since 1852 the sea has receded, and vegetation now appears in places which were covered by water. Its direction is E.N.E. for the first 7 miles, beyond which it curves gradually to E.S.E. till it terminates. The ridge of sand, with a depth of from 10 to 13 fathoms on it, and with often a heavy cross sea, continues for ten miles farther to the E.S.E., and then ends abruptly, the depth increasing, in a distance of 3 miles farther in the same direction, to 170 fathoms, in the channel between Sable island and Banquereau bank.

Sable island and its submerged bars form a crescent, concave towards the north, and extend over more than 50 miles of sea. Vessels should be careful not to be caught within this crescent in a strong gale from the northward, when the accelerated ebb tide, setting directly towards and over the bars, would render their situation extremely dangerous. Both the bars are extremely steep on the north side, the East bar especially so, having 30 fathoms water close to it. To the southward, on the contrary, the water deepens gradually for many miles, and renders it difficult to account for the great number of shipwrecks on that side of the island and its bars, unless they are to be attributed to the neglect of the lead.

Wrecks on the bars are of course far more dangerous to life than those that take place on the island, and it is important in such cases to know on which bar the vessel is, and the consequent direction in which to seek for safety on the island. This information, when the island is hidden by fog, or the darkness of night, must be sought by observing the direction of the line of breakers, which on the East bar is between N.E. by E. and East, until near its outer extremity, whilst on the West bar it is N.W. ½ N.

Anchorage.—Off the north side of Sable island, excepting near the east end, where the deep water approaches too near the shore, there is good anchorage in 5 to 10 fathoms, from one to two miles off shore. The bottom is fine sand, and holds well, but the sea is so heavy, excepting with off-shore winds, that a vessel should weigh immediately on first indications of a wind from seaward.

Directions.—In approaching the anchorage off Sable island from the northward at night or in thick weather, the lead should be kept constantly going; and after passing the middle ground, distant about 25 miles to the northward of the island, great caution should be used, and the vessel should be certain of her position, for the east end of the island and the east bar are very steep on that side.

Vessels seldom anchor off the south side of the island because of the prevailing heavy swell from the southward; but they may safely approach by the lead on that side, taking care not to become becalmed in a heavy swell, and in the strong and uncertain tides and currents near the bars.

The landing is in general impracticable on the south side, excepting after a long continuance of northerly winds; and on the north side boats can land only during southerly winds and fine weather. The best method of communicating with the island is to anchor in 7 fathoms, ¾ mile N. 16° E. of the main station, and signal to the lookout. A surf boat will go out from the station if a landing is practicable, and this boat, with its experienced crew, can land when ordinary boats would swamp.

Tides.—It is high water, full and change, on the north side of Sable island at 7h. 30m., and on the south side about an hour earlier; springs rise about 4 feet. The tidal streams are much influenced by the wind. The ebb sets to the southward on and over the bars, often at the rate of 1½ or 2 knots an hour; the flood at a much less rate in a contrary direction.

(20) STRAIT OF GEORGIA—FRASER RIVER MOUTH—LIGHTS ESTABLISHED.

Two beacon light buildings have been erected by the Government of Canada on the sand heads of the Fraser river. Each structure consists of a square wooden tower, 8 feet high, painted white, standing on a platform supported on piles.

The lights, which will be put in operation without further notice on or about 1st March, 1903, will be fixed white lights, shown from 31-day Wigham lamps, elevated 22 feet above high water mark, and should be visible 9 miles from all points of approach by water. The illuminating apparatus consists of pressed glass lenses. The lights will be of the class of unwatched lights.

North dam lighthouse.—The more easterly structure stands at the southwest end of the dam across the opening to the northward, on the south edge of the sand head on the north side of the main channel into the Fraser river, and to the north of No. 2 red buoy.

Lat. N. 49° 7′ 27″
Long. W. 123 13 41

The light is S. 72° 51′ W. 1⅝ miles from Garry point light, and a line joining the two lights is directly in the channel and brings the red buoys on the starboard side in entering.

South curve lighthouse.—The more westerly light stands on the north edge of the sand heads on the south side of the main channel into the Fraser river, southwardly from No. 4 black buoy.

Lat. N. 49° 5′ 55″
Long. W. 123 15 32

The light is S. 16° W. 1 mile 9⅜ cables from the above described light, and S. 40° 35′ W. 3 miles 1½ cables from Garry point light. A line from Sand heads bell buoy to this light is almost directly in the channel, and brings all the black buoys on the port side in entering.

PUBLIC Notice is hereby given that under The Companies Act, 1902, letters patent have been issued under the Seal of the Secretary of State of Canada, bearing date the 5th day of March, 1903, whereby the total capital stock of "The Western Elevator Company" (Limited), is increased from the sum of one hundred thousand (100,000) dollars to the sum of three hundred thousand (300,000) dollars.

Dated at the office of the Secretary of State of Canada, this 11th day of March, 1903.

R. W. SCOTT,
37-2 Secretary of State.

PUBLIC Notice is hereby given that under The Companies Act, 1902, letters patent have been issued under the Seal of the Secretary of State of Canada, bearing date the 5th day of March, 1903, incorporating Colin C. McPhee, agent, Marcus Auerbach, broker, both of the City of Montreal, in the Province of Quebec; Alfred T. Gurd, manufacturer, of Petrolea, in the Province of Ontario; Camille Beauvais, accountant, and Frederick A. Knapp, barrister, both of the City of Montreal aforesaid, for the following purposes, viz.:—To acquire and hold by any title whatsoever real or personal property; to mortgage, hypothecate, pledge, lease, alienate or dispose of the same by any title; to bore or mine for any kind of mineral, mineral substance, petroleum, mineral oils or gases, and to deal in the same; to erect or acquire by any title, and to operate smelters, refineries or other manufactories for refining, manufacturing or utilizing the same; to erect, build or acquire by any title, and to operate pipe lines or other methods of carriage and transportation, either by land or water; to acquire by any title and to deal with in any manner the stock, shares, bonds and other securities and evidences of title in other companies or incorporations of a like nature, or in the properties or assets thereof; to do a general trading business in connection with any of the businesses above defined, and generally to conduct any and every kind of business that may be necessary or accessory to the carrying on of any of the businesses or operations hereinabove defined. The operations of the company to be carried on throughout the Dominion of Canada and elsewhere, by the name of the "Montreal & Western Oil Lands" (Limited), with a total capital stock of twenty thousand dollars divided into four hundred shares of fifty dollars, and the chief place of business of the said company to be at the City of Montreal, in the Province of Quebec.

Dated at the office of the Secretary of State of Canada, this 10th day of March, 1903.

R. W. SCOTT,
37-2 Secretary of State.

PUBLIC Notice is hereby given that the Minister of the Interior has withdrawn from the operations of the clause of The Dominion Lands Act relating to the sale of Dominion Lands and to Homestead rights therein Section 22 in Township 1, Range 12 east of the First Principal Meridian, and has set the same apart as School Lands under the provisions of section 23 of The Dominion Lands Act.

By order,

P. G. KEYES,
Secretary.

TO ADVERTISERS IN THE *GAZETTE*.

PARTIES sending advertisements to be inserted in the *Canada Gazette* will please observe the following rules :

1st. Address "The Canada Gazette, Ottawa, Canada."

2nd. Indicate the number of insertions required.

3rd. INVARIABLY REMIT THE FEES FOR SUCH ADVERTISEMENTS, TOGETHER WITH THE PRICE OF ONE GAZETTE, AS BELOW. OTHERWISE THEY WILL NOT BE INSERTED.

The rates are 10 cents for the first insertion, and five cents for each subsequent insertion per line of nine words, each figure counting as one word. No advertisement is inserted for a less charge than one dollar.

By settled or understood practice as prescribed by law, the rules of Parliament or decisions of the Department of Justice, notices receive the following insertions :—

Notices of applications for divorce—27 insertions.

Notices of the withdrawal of deposits of Insurance Companies—13 insertions.

Notices of ordinary applications to Parliament—9 insertions.

Notices of applications for Letters Patent under Loan Companies Act (per O. in C. published in *Gazette* of 15th June, 1901)—2 insertions.

Notices of dividends and meetings of Banks and Insurance Companies—1 calendar month, or 5 insertions.

Subscribers will also notice that the subscription, $4 per annum, is invariably payable in advance, and that the "Gazette" will be stopped at the end of the period paid for. Single numbers will be charged ten cents each, and when more than one are required by advertisers, must be remitted for likewise.

APPLICATIONS TO PARLIAMENT.

CONDENSED RULES *in re* NOTICES FOR PRIVATE BILLS.

All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of The British North America Act, 1867, for granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community ; or for making any amendment to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application ; such notice (except in the case of existing corporations) shall be signed by, or on behalf of the applicants, and be published as follows, viz.:

In the Provinces of Quebec and Manitoba.

In the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District in which a newspaper is published.

In any other Province or Territory.

In the *Canada Gazette*, and in one newspaper published in the County or District, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County or District in which a newspaper is published. Such Notices shall be continued in each case, for a period of at least two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. Marked copies of all the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House, endorsed "Application for a Private Bill."

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioners shall also, at the same time and in the same manner, give notice of the proposed rates of toll, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and, if a drawbridge, the dimensions of the same.

Any person seeking to obtain a Private Bill shall, at least eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the Bill is to originate, a copy of such Bill in the English or French language, with a sum sufficient to pay for translating and printing the same. The applicant shall also, after the second reading, and before the consideration of the Bill by any Committee, pay the Clerk of the Senate, or the Accountant of the House of Commons (as the case may be) a fee of $200, and a sum sufficient to pay the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred.

The fee of $200 payable on any Private Bill is paid only in the House in which such Bill originates ; but the charges for reprinting and translation consequent thereon are paid in the House in which such charges are incurred.

No petition for a Private Bill is received by the Senate or by the House of Commons after the first three weeks of the Session.

No Private Bill may be presented to the Senate or to the House of Commons after the first four weeks of the Session.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate.

THOMAS B. FLINT,
Clerk of the Commons.

—

SPECIAL RULE OF THE SENATE.

49. (*c.*) When a Bill is to operate in more than one Province, Territory or District, the notices shall be published in the *Canada Gazette* and in a leading newspaper published in each Province, Territory or District in which the Bill is to operate.

STANDING ORDER.

When any Bill, confirming a deed, lease, agreement or other instrument, is brought up or presented to the Senate, such deed, lease, agreement or other instrument shall be set forth in the Bill by way of Schedule or otherwise.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate.

—

ADDITIONAL RULES OF THE HOUSE OF COMMONS RESPECTING PRIVATE BILLS.

All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the *clauses* of the *General Acts* relating to the details to be provided for by such Bill ;—special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof, in which the *General Act* is proposed to be departed from ;—Bills which are not framed in accordance with this *Rule*, shall be recast by the promoters, and reprinted at their expense, before any Committee passes upon the *Clauses*.

51*a*. All Private Bills for Acts of incorporation of, or in amendment of Acts incorporating Railway Companies, shall be drawn in accordance with the Model Bill, copies of which may be obtained from the Clerk of the House.

(*a.*) The provisions contained in any Bill which are not in accord with the Model Bill, shall be inserted between brackets, and when revised by the proper officer shall be so printed, and Bills which are not in accordance with this Rule shall be returned to the promoters to be recast before being revised and printed ;

(*b.*) Any sections of existing Acts which are proposed to be amended shall be reprinted in full with the amendments inserted in their proper places and between brackets ;

(*c.*) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the Notice of Application for the same.

51*b*. No Bill for the incorporation of a Railway Company, or for changing the route of the railway of any company already incorporated, shall be considered by the Railway Committee until there has been filed with the Committee, at least one week before the consideration of the Bill :—

(*a*.) A Map or Plan drawn upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the lines of existing or authorized works of a similar character within, or in any way affecting the district, or any part thereof, which the proposed work is intended to serve, and such map or plan shall be signed by the Engineer or other person making the same ;

(*b*.) An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking, and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures, or other securities, and the amount of each, respectively.

THOMAS B. FLINT,
Clerk of the Commons.

SPECIAL ORDER OF THE HOUSE OF COMMONS.

Resolved, That the Clerk of the House do have a copy of the new Rule 49 sent to those persons giving notice in the *Canada Gazette* of their intention to apply to Parliament for the passing of a Private Bill, together with a notification that the said Rule will be strictly adhered to for the future :—

49. Petitions for Private Bills shall only be received by the House within the first *three weeks* of the session, and Private Bills may only be presented to the House within the first *four weeks* of the session, and it shall be the duty of any Committee to which any Private Bill may be referred to consider and report the same to the House with all convenient speed.

2. That it be an instruction to all Committees on Private Bills, in the event of promoters not being ready to proceed with their measures when the same have been twice called *on two separate occasions* for consideration by the Committee, that such measures shall be reported back to the House forthwith, together with a statement of the facts and with the recommendation that such Bills be withdrawn.

THOMAS B. FLINT,
Clerk of the Commons.

SUBSTANCE OF RULES OF THE SENATE RELATING TO NOTICES AND APPLICATIONS FOR BILLS OF DIVORCE.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be published during six months before the presentation of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the District in Quebec, Manitoba, British Columbia or the North-west Territories, or in the County or Union of Counties in other Provinces, wherein such applicant usually resided at the time of the separation of the parties ; but if the requisite number of papers cannot be found therein, then in an adjoining District or County or Union of Counties. Notices given in the Provinces of Quebec and Manitoba are to be published in one English and in one French newspaper, if there be such newspapers published in the District, but otherwise shall be published in each newspaper in both languages.

A copy of the said Notice shall, not less than one month before the date of the presentation of the Petition, at the instance of the applicant, be served personally on the person from whom the divorce is sought, when that can be done.

No petition for divorce shall be received after the first thirty days of each session.

The petition of an applicant for divorce must be fairly written and must be signed by the Petitioner, and should briefly set forth the marriage, when, where and by whom the ceremony was performed, the grounds on which relief is asked and the nature of the relief prayed and should also negative condonation, collusion and connivance. The allegations of the petition must be verified by declaration of the Petitioner, under The Canada Evidence Act, 1893.

The applicant shall deposit with the Clerk of the Senate, eight days before the opening of Parliament, a copy, in the English or French language, of the proposed Bill of Divorce, and therewith a sum sufficient to pay for translating and printing 600 copies thereof in English and 200 copies in French.

No petition for a Bill of Divorce shall be presented unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred dollars ($200).

The petition when presented shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy thereof, and by a copy of the proposed Bill.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate.

NOTICE.—Application will be made to the Parliament of Canada, at its next session, for an Act to incorporate a company to construct and operate a railway, either by steam or electricity, from a point on the line of the Quebec and Lake St. John Railway in or near the Town of Chicoutimi in an easterly or north-easterly direction to some point on Rigolet Bay or Hamilton Inlet or to some point on the Gulf of St. Lawrence or the Atlantic coast ; with power to construct and operate branch lines. HOTEL DU GOUVERNEMENT À OTTAWA.

Samedi, le 7e jour de février 1903.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 20 de janvier 1903, du ministre de l'Intérieur, soumettant que la Compagnie de chemin de fer Manitoba et North Western est le concessionnaire de la Couronne pour le Canada de certaines terres dans le Manitoba et les territoires du Nord-Ouest comme subvention en terres pour aider

à la construction du chemin de fer de cette compagnie, et ont pétitionné que le titre de certaines de ces terres soit attribué à la Couronne pour l'usage de la province du Manitoba.

Le Ministre dit que le dit gouvernement du Manitoba a envoyé à Ottawa les mandats concernant les terres pour lesquelles un titre a été demandé, et a défrayé les frais nécessaires d'arpentage au taux de 10 centins l'acre, tel que stipulé dans la dite concession.

Le ministre recommande en conséquence que le titre soit attribué à Sa Majesté le roi Edouard VII, pour l'usage de la dite province au Manitoba, à toutes les terres énumérées dans la liste ci-jointe, se montant à 2,496.60 acres, plus ou moins.

Le comité soumet ce qui précède à l'approbation.

JOHN J. McGEE,
Greffier du Conseil privé.

QUÉBEC.

(25) FLEUVE SAINT-LAURENT EN BAS DE QUÉBEC—POINTE-AU-PÈRE—SIGNAL DE BRUME CHANGÉ.

A compter de l'ouverture de la navigation au printemps de 1903, le signal explosif pour la brume, qui fonctionnait à la station de la Pointe-au-Père sur la rive sud du fleuve Saint-Laurent, sera supprimé, et remplacé par une sirène de première classe, actionnée par l'air comprimé, donnant une note haute et une note basse chacune de 2½ secondes, avec un intervalle de 2½ secondes entre les deux, à des intervalles de deux minutes, savoir :—

Note haute.	Silence.	Note basse.	Silence.
2½ secondes.	2½ secondes.	2½ secondes	112½ secondes.

Le bâtiment du signal de brume est en bois, de forme rectangulaire, avec toiture en bardeau, et repose sur la grève à 432 pieds N. 80° E. du phare. La sirène projette d'une annexe sur le côté nord du bâtiment ; son axe est à 17 pieds au-dessus de la marque des eaux hautes.

Dans le cas où la sirène se dérangerait, on se servira du signal explosif temporairement.

AVIS AUX NAVIGATEURS.

No. 14 de 1903.

(*Avis de l'Atlantique No.* 7.)

Tous les relèvements, à moins d'avis contraire, sont magnétiques et sont donnés venant de la mer, les milles sont des milles marins, les hauteurs sont au-dessus des hautes eaux, et toutes les profondeurs sont à l'eau basse moyenne.

QUÉBEC.

(23) GOLFE SAINT-LAURENT—CAP ROSIER—CHANGEMENT DANS LE CARACTÈRE DU FEU.

Peu après l'ouverture de la navigation en 1903 le feu montré du phare sur le Cap Rosier, qui jusqu'à présent a été fixe blanc, sera changé à blanc à occultations ; le feu brillera pendant 15 secondes et sera éclipsé pendant 5 secondes alternativement. L'appareil lumineux est dioptrique du premier ordre, et la lumière est une vapeur de pétrole brûlée dans un manteau incandescent.

Il sera donné avis lorsque le changement sera complété.

AUX ANNONCEURS DANS LA *GAZETTE*.

CEUX qui envoient des annonces pour être insérées dans la *Gazette du Canada*, voudront bien se conformer aux règles ci-dessous :

1. Adresser " Gazette du Canada, Ottawa, Canada."
2. Indiquer le nombre voulu d'insertions.
3. **TRANSMETTRE INVARIABLEMENT LE PRIX DE L'ANNONCE AINSI QUE LE PRIX D'UN EXEMPLAIRE DE LA *GAZETTE*, TELS QUE DONNÉS PLUS BAS ; SANS CELA L'ANNONCE NE SERA PAS PUBLIÉE.**

Les prix sont de dix cts. pour la première insertion, et cinq cts. pour chaque insertion subséquente par ligne de neuf mots, chaque chiffre comptant pour un mot. Aucune annonce n'est insérée pour moins d'une piastre.

D'après la pratique établie et reconnue, telle que prescrite par la loi, les règlements du parlement et les décisions du ministère de la Justice, les avis reçoivent le nombre d'insertions ci-dessous :—

Les avis de demandes de divorce—27 insertions.

Les avis de retrait de dépôts des compagnies d'assurances—13 insertions.

Les avis de demandes ordinaires au parlement—9 insertions.

Les avis de demandes de lettres patentes en vertu de l'*Acte des compagnies de prêt* (A. C. publié dans la *Gazette* 15 juin 1901)—2 insertions.

Les avis de dividendes et d'assemblées de banques et de compagnies d'assurances,—1 mois de calendrier ou 5 insertions.

Les abonnés observeront aussi que le prix d'abonnement, $4 par année, est invariablement payable d'avance, et que l'envoi de la *Gazette* sera arrêté à l'expiration de la période payée. Chaque exemplaire coûte dix cts., et quand les annonceurs en veulent plus qu'un, ils devront faire une remise en conséquence.

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque chambre, et porter à l'enclos " Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

THOMAS B. FLINT,
Greffier des Communes.

—

RÈGLE SPÉCIALE DU SÉNAT.

49. (*c.*) Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

ORDRE PERMANENT.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

—

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(*a.*) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées

ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b.*) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c.*) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

THOMAS B. FLINT,
Greffier des Communes.

—

ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

THOMAS B. FLINT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat

EDWARD the SEVENTH, by the Grace of God of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the seas King, Defender of the Faith, Emperor of India.

To all to whom these presents shall come, or whom the same may in anywise concern,—Greeting :

A PROCLAMATION.

E. L. NEWCOMBE, Deputy of the Minister of Justice, Canada. } WHEREAS in and by the Revised Statutes of Canada, chapter 182, and entitled "An Act respecting Penitentiaries" it is amongst other things in effect enacted, that the Governor General in Council may declare from time to time, by a Proclamation to be published in the *Canada Gazette*, that any tract of land within Canada, of which the boundaries shall be particularly defined in the Proclamation, is a penitentiary and is to be so held within the meaning of the said Act, and by such Proclamation may declare for what part of Canada the same shall be a penitentiary,—

Now Know Ye that by and with the advice of Our Privy Council for Canada, We do hereby proclaim and declare in virtue of the said Act that the tract of land situate in the Province of British Columbia and described as follows, that is to say, Goose Island, situate about the centre of Pitt Lake in Section 25, Township 5, Range 5, west of the Seventh Meridian, in the railway belt in the Province of British Columbia, is a penitentiary, and is to be so held, within the meaning of the said Act, as a penitentiary for the Province of British Columbia, in Our Dominion of Canada.

Of all which Our loving subjects and all others whom these presents may concern, are hereby required to take notice and to govern themselves accordingly.

In Testimony Whereof, We have caused these Our Letters to be made Patent and the Great Seal of Canada to be hereunto affixed. Witness, Our Right Trusty and Right Well-Beloved Cousin and Councillor the Right Honourable Sir Gilbert John Elliot, Earl of Minto and Viscount Melgund of Melgund, County of Forfar, in the Peerage of the United Kingdom, Baron Minto of Minto, County

of Roxburgh, in the Peerage of Great Britain, Baronet of Nova Scotia, Knight Grand Cross of Our Most Distinguished Order of St. Michael and St. George, etc., etc., Governor General of Canada.

At Our Government House, in Our City of OTTAWA, this SEVENTH day of MARCH, in the year of Our Lord one thousand nine hundred and three, and in the third year of Our Reign.

By Command,

JOSEPH POPE,
37-3 Under-Secretary of State.

ORDERS IN COUNCIL.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 11th day of March, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 26th February, 1903, from the Minister of Marine & Fisheries, submitting, that in 1884 a Bill passed both Houses of the United States Congress to remedy certain burdens on American shipping, in which it was enacted that whenever it appeared to the satisfaction of the Secretary of the Treasury of the United States that no tonnage dues were imposed on or exacted from vessels of the United States by any foreign nation, either directly or indirectly as light or tonnage dues of every description, the Secretary of the Treasury shall thereupon cease to collect dues imposed by any existing law upon the vessels of such nation arriving at ports in the United States.

The Minister states that at that time there were no tonnage dues of any kind levied upon vessels arriving at ports in Ontario from any port or place outside of that Province, and the Government becoming aware of the provisions of the Act passed by the United States Congress, above referred to, deemed it expedient to procure the benefits thereof for vessels arriving at ports in the United States from ports within the Province of Ontario.

The Minister further states that the necessary steps were therefore taken, and in 1885 a Proclamation was issued by President Arthur of the United States, by which vessels arriving at American ports from ports in Ontario, were exempted from the payment of tonnage dues of any kind whatever.

This state of affairs existed up to the Winter of 1902. In February of that year, Congress passed a Bill, which became law, by which United States officials were authorized to collect from the steamships of any foreign nation whatever arriving at American ports a tax equivalent to any tax imposed by that nation on vessels of the United States arriving at the ports of such country.

The Minister further observes that as the reciprocal arrangement above referred to was limited to the Province of Ontario, and did not extend to the other Provinces of the Dominion in which steamboat tax was and is enforced, the United States authorities on the passing of the Act of 1902, ignored the arrangement between the Province of Ontario and the United States under the proclamation of President Arthur in 1885, and directed their officials to collect steamboat inspection dues from passenger steamships arriving in the United States from ports in the Province of Ontario, the same as upon vessels arriving at American ports from any of the other Provinces of the Dominion; and, as a matter of fact, steamboat inspection dues were exacted last season from Canadian passenger steamers arriving at ports in the United States from ports in the Province of Ontario, although the Dominion carried out the arrangement made under the Proclamation of President Arthur above referred to, and allowed the United States passenger steamships to enter and clear from any port in Ontario without paying steamboat inspection dues.

The Minister is therefore of the opinion that in justice to Canadian steamboat owners, steamboat inspection dues and fees should be imposed upon steamships arriving from any port in that country at any port in the Province of Ontario, as it is a disadvantage to Canadian steamboat owners to be compelled to pay a Canadian tax, while American vessels engaged in the same trade are exempted therefrom.

The Minister therefore recommends that the same inspection fees and dues imposed upon Canadian passenger steamships, be imposed upon passenger vessels arriving at ports in Ontario from ports in the United States, under the provisions of subsection 3 of the 3rd section of the "Steamboat Inspection Act," chapter 46 of 61 Victoria.

The Minister further recommends that the Canadian Order in Council of the 21st November, 1884, in conjunction with the Proclamation of President Arthur of 1885, shall be of no effect as regards the Province of Ontario from the date hereof.

The Committee submit the same for approval.

JOHN J. McGEE,
39-3 Clerk of the Privy Council.

[Ref. 761,911]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 25th day of February, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 13th February, 1903, from the Minister of the Interior, submitting that representations having been made to him by the Honourable G. H. V. Bulyea, on behalf of the Government of the North-west Territories, that in view of the great influx of settlers into the Territories, it would in the opinion of that Government be advisable in the interests of the School Lands Endowment Fund to offer for sale at public auction a number of School Lands in Eastern Assiniboia during the early part of the coming summer, as it is confidently believed that high prices would be obtained for these lands, Mr. J. W. Greenway, Inspector of School Lands, was instructed to meet a representative of the North-west Government for the purpose of arranging with him a schedule of upset prices to be placed on School Lands which it was recommended should be offered for sale.

The Minister states that a report has since been received from Mr. Greenway, with a list of the upset prices which it is suggested should be placed on the lands in question, the minimum price suggested being $7 per acre.

The School Lands which it is proposed should be offered for sale are situated, speaking generally, along the main line of the Canadian Pacific Railway, the Souris Branch of that railway and its northwestern extension, and within a radius from these lines of from twelve to thirty miles, the said lands being comprised between the western boundary of Manitoba and the Third Principal Meridian.

It is also proposed to include in the sale the School Sections within a block of land lying between the western boundary of Manitoba and Range 7, west of the Second Principal Meridian, in the vicinity of the Pipestone extension of the Canadian Pacific Railway.

It is proposed that the auction sales shall be held at the following points, namely—Regina, Moose Jaw, Qu'Appelle, Wolsely, Grenfell, Whitewood, Moosomin, Carlyle, Carnduff, Alameda and Yellow Grass, beginning at Regina on the 20th May next, and closing at Yellow Grass on the 22nd of June.

The Minister, in view of the great demand now existing for land in the North-west Territories, and as the upset prices placed upon the School Lands are sufficiently high to prevent them being sacrificed in case the competition should not be as keen as expected, is of opinion that it would be in the interests of the School Lands Endowment Fund to offer the lands in question for sale in the months of May and June next, and he therefore recommends that he be authorized to offer for sale at public auction under the terms and provisions of The Dominion Lands Act, the School Lands included in the list prepared on the recommendation of the North-west Government at the points of sale

and on the dates before indicated, with power, however, to the Minister of the Interior to make such changes in the points of sale and in the dates as may seem advisable.

The Minister also recommends, in view of the importance of giving as wide a publicity as possible to the proposed sale, that he be authorized to advertise the same in such newspapers and for such number of insertions as he may deem necessary notwithstanding anything to the contrary contained in the regulations with respect to Government printing and advertizing.

The Committee submit the same for approval.

JOHN J. McGEE,
39-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 10th day of February, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum, dated 2nd February, 1903, from the Minister of the Interior, stating that Mr. A. H. Eckford, of High River, Alberta, has applied to the Department of the Interior for the purchase of the following lands:—

1st. All of Section 4, Township 19, Range 29, west of the 4th Meridian, containing 643.56 acres.

2nd. The north half of Section 6 and the east half of the south-east quarter of said Section 6, in Township 17, Range 26, west of the 4th Meridian, containing 400 acres.

3rd. The fractional west half of Section 36, Township 18, Range 30, west of the 4th Meridian, containing 37.72 acres, making a total of 1081.28 acres, more or less.

4th. Also all that portion of the south-east quarter of Section 32, Township 18, Range 29, west of the 4th Meridian, lying north of High River, the said river, not however having been traversed.

The Minister further states that Mr. Eckford carries on extensive ranching operations in the district.

The Minister recommends, as Mr. Eckford's application was made long prior to the date when Dominion Lands were withdrawn from sale, and he having been informed at the time of his application that he would be allowed to purchase the lands in question, that he be authorized, in accordance with the provisions of The Dominion Lands Act which requires the authority of the Governor in Council for the sale to one individual of more than 640 acres, to sell the above lands to Mr. Eckford at the regulation price of $3.00 per acre. The usual terms of sale to be observed and to be subject to the purchaser having a traverse made at his own expense of that portion of High River running through the south-east quarter of Section 32 above mentioned, the cost of the said survey to be credited to him at the regular rate for contract work, namely $11.00 per mile.

The Minister further states that all the lands are clear in the records of the Department of the Interior.

The Committee submit the same for approval.

JOHN J. McGEE,
39-4 Clerk of the Privy Council.

Wednesday, the 4th day of February, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS applications have been made to the Department of the Interior for the granting of permits to cut hay on lands in the District of Kamloops in the Railway Belt in the Province of British Columbia, and no provision for the granting of hay permits or leases of hay lands in the said Railway Belt has been made,—

Therefore the Governor General in Council is pleased to order that the Regulations relating to hay lands in Manitoba and the North-west Territories, shall be and the same are hereby extended to include lands within the Railway Belt in the Province of British Columbia.

The Governor General in Council is further pleased to authorize the Minister of the Interior to grant leases and permits in accordance with such regulations.

JOHN J. McGEE,
39-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 17th day of March, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Governor General in Council is pleased to approve of the following Tariff of Tolls which the Rouge Boom Company of Calumet, Limited, propose to charge in connection with the improvements of their works for the season of 1903.

JOHN J. McGEE,
Clerk of the Privy Council.

TARIFF of tolls to be levied by the Rouge Boom Company of Calumet, Limited, during the season of 1903.

On each saw-log 17 feet and under in length.	1 cent.
On each piece of round or flatted timber over 17 feet in length.....	5 cents.
On each piece of square or waney timber....	10 "
On each piece of 4 ft. wood.....	½ "
On each railway tie per length of 8 feet.....	½ "

The above charges cover not only the tolls for the use of the boom, but also the cost of gapping, as the Boom Company does the gapping itself. 39-1

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 28th day of February, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS the Canadian Pacific Railway Company have applied to the Department of Public Works for the approval of a proposed general pier head-line in the Harbour of Vancouver, B.C.; this proposed extension of the pier head-line being intended to afford ampler wharf accommodation to meet the rapidly increasing shipping trade at Vancouver.

And whereas the Resident Engineer of the Department of Public Works, at New Westminster, reports as follows in regard to this application, the Acting Chief Engineer of the Department of Public Works concurring, viz.:—

"To any one familiar with the extent of the portion "of Burrard Inlet constituting the Harbour of Van- "couver, the concession asked for is comparatively so "slight as not to alter in any particular the existing "conditions as affecting the rights of the Dominion "Government. The extension of their present wharves "to a depth of some 60 feet of water only entails a "distance of some 600 feet in a direct line from the "face of their present wharves. The nearest land "opposite their proposed pier head-line is in the "opposite side of the harbour, some two miles distant; "a little to the west Brocton Point projects some "4,000 feet distant (see index plan), forming with th-

" main shore, Coal Harbour into which the Western " extension of these wharves will extend. The present " length of the proposed outer face wharves is some- " what limited, not exceeding 3,000 lineal feet in " water at present admitting of sea-going vessels. " This, however, by a judicious combination of slips, " as shown on the original plan, more than doubles " the available frontage. As the Pacific terminus of " their road and the entrepot of their Oriental trade, " the concession asked for by this proposed extension " of their wharves, possibly limited by the great depth " of water and heavy expense involved, is in my opinion, " extremely moderate. It is impossible to anticipate " or to state with any degree of accuracy the enormous " volume of trade that the next decade may develop, " and ample room for ships, warehouses and railway " sidings is the first requisite to be considered. When, " as above stated, the width of the harbour is some 2 " miles, the extension of a few hundred feet so far " from being detrimental will prove a decided advan- " tage not only to the Railway Co., but the public in " relieving the present congested state of the accom- " modation at both Railway Station and wharves, " which will be accomplished by the extended water " front and greater accommodation in rear of the " docks. The extension westward into Coal Harbour " is a matter of reclamation in comparatively shallow " water with a channel some 600 feet in width that " will require to be dredged to make it navigable for " boats of ordinary coasting draft."

Therefore the Governor General in Council is pleased to approve of the general pier head-line in the Harbour of Vancouver, proposed by the Canadian Pacific Railway Company, as shown on a sketch attached to Order in Council of 28th February, 1903, in this regard, and to order that this Order in Council do not become effective until publication thereof for two months in the *Canada Gazette* in order to permit of the reception of any objection which may be formulated to the "head-line" in question.

38-9 Clerk of the Privy Council.

Wednesday, the 25th day of February, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 19th February, 1903, from the Minister of the Interior, stating that it having been represented to him that owing to their occupation on the rivers of the north, certain Half-breeds were unable to make claims before the Commission appointed to investigate and adjudicate upon the claims of Half-breeds at Lac La Biche and in the District of Athabasca and the adjoining country covered by Treaty No. 8, he authorized Mr. H. A. Conroy, Inspector for Indian Treaty No. 8, by letter dated the 7th November, 1902, on his visit to Lac La Biche and in the Lesser Slave Lake Country for the purpose of making the Indian Treaty payments, to receive evidence under oath in support of the claims of Half-breeds who were unable to appear before the former Commission or to make their claims before Mr. Macrae in 1900.

The Minister further states that he has recently received from Mr. Conroy the evidence taken before him, under the instructions above mentioned, in 64 applications for scrip.

The Minister therefore recommends that he be authorized to issue, after the claims have been examined and passed upon in the usual way, scrip to those of the claimants who are entitled thereto under paragraph " f " of section 90 of The Dominion Lands Act, as amended by section 4, chapter 16, of the Act 62-63 Victoria.

Saturday, the 28th day of February, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum dated 20th February, 1903, from the Minister of the Interior, stating that application has been made by the Secretary of the Board of Trustees of Shuswap School, British Columbia, for a grant of two acres of land in the fractional North East quarter of Section 23, Township 21, Range 13 W. 6th Meridian.

The Minister recommends, as the land applied for is available, and the usual patent fee of $10 has been paid, that he be authorized, under the provisions of section 31 of The Dominion Lands Act, to make a free grant of the above mentioned land for the purposes of a school site for Shuswap School.

The Committee submit the same for approval.

Saturday, the 7th day of February, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 20th January, 1903, from the Minister of the Interior, submitting that the Manitoba and North Western Railway Company are the grantees from the Crown for Canada, of certain lands in Manitoba and the North-west Territories as a land subsidy in aid of the construction of that company's line of railway, and have requisitioned that title be passed for certain of these lands to the Crown in the right and for the use of the Province of Manitoba.

The Minister states that the said Government of Manitoba has forwarded to Ottawa the land warrants covering the lands for which title has been applied and has paid the necessary survey fees at the rate of 10 cents per acre, as provided for in said grant.

The Minister therefore recommends that title be vested in His Majesty King Edward VII., in the right and for the use of the said Province of Manitoba, to all of the lands enumerated in the accompanying schedule, totalling an area of 2,496.60 acres, more or less.

The Committee submit the same for approval.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 7th day of March, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum dated 3rd March, 1903, from the Minister of Marine and Fisheries, recommending that by-law No. 23 of the by-laws pertaining to the pilotage authority for the District of Halifax, N.S., be repealed, and that the following, which has been passed by the authority alluded to, and to which the Deputy Minister of Justice reports there is no legal objection, be substituted therefor:

"23rd. All vessels propelled by steam, employed in trading between the Port of Halifax and any port or ports in the Dominion of Canada, or any ports of the United States of America on the Atlantic, north of and including the Port of New York and ports in Newfoundland, shall pay one-half of the tariff rates, if spoken by a pilot and his services are not accepted, but any such vessel taking a pilot voluntarily shall pay full tariff rates. All such steamships shall pay one-half outward pilotage if the services of a pilot are not required, but if the services of a pilot are accepted, she shall pay full tariff rates."

The Committee submit the same for approval.

JOHN J. McGEE,
38-2 Clerk of the Privy Council.

GENERAL ORDERS.

1903.

HEAD-QUARTERS,
OTTAWA, 2nd March, 1903.

REGULATIONS AND ORDERS FOR THE MILITIA, CANADA, 1898.

The following additions and amendments to the Regulations and Orders for the Militia, 1898, are authorized:—

G. O. 29.

APPOINTMENT OF OFFICERS TO PERMANENT FORCE.

Sub-paragraph (2) (*a-d*) of paragraph 19, page 6, with amendments, is cancelled, and the following substituted in lieu thereof:

A candidate for appointment to a unit of the permanent corps will be required,—

(*a*) To be unmarried and between the age of 18 and 25 on the first of January of the then current year;

(*b*) To be a British subject by birth or naturalisation;

(*c*) To undergo an inspection by a medical board as to the candidate's fitness in every respect for military service;

(*d*) To be in possession of a diploma of graduation from the Royal Military College of Canada, and to be recommended for appointment by the commandant of the college, or

(*e* 1.) To have attended one annual training as a commissioned officer of a corps of active militia;

(*e* 2.) To be recommended by the Commanding officer of such corps and the District Officer Commanding the district as being in every way fitted for appointment to the permanent force;

(*e* 3.) To have passed the matriculation examination of a chartered university of Canada, or to have qualified for admission to the Royal Military College, Kingston, Woolwich or Sandhurst or to pass such literary and professional examination as may be laid down from time to time by the General Officer Commanding.

(*f*) All officers appointed, not being graduates of the Royal Military College must obtain within 18 months after their appointment a first class long course grade "A" certificate of the arm of the service to which they belong, their rank in the permanent corps to be provisional until such certificate is obtained when it will be confirmed from the date of the original appointment.

All appointments to the permanent forces shall be on probation for three years. At the expiration of each year of the period of three years a special report will be made by the two senior officers of the unit to which the officer belongs, recording their opinion whether his retention in the service is in every respect desirable and likely to be advantageous to the permanent corps. In the event of an officer being unfavourably reported upon twice, the General Officer Commanding may, after a careful consideration of the case and finding the unfavourable reports are well founded, recommend that the officer's name be removed from the list of the permanent corps.

—

G. O. 30.

QUALIFICATION, OFFICERS OF PERMANENT CORPS.

The amendments of paragraph 54, page 12, as published in General Order 75 of August, 1899, are cancelled and the following substituted:—

Officers of the permanent units will, in future, be required to qualify for promotion by passing the examination for officers in the Imperial Army as laid down in King's Regulations 1901, paragraphs 1172, 1173, 1174, (111), 1175, 1176, 1177, 1182, 1187, 1188, 1189, 1190, 1193 and Appendix VII.

(*a*) Special permission will be given to enable officers to qualify in subjects C, D and G, appendix VII, King's Regulations, by attending the long course at the Royal Military College.

(*b*) In the syllabus laid down in appendix VII (*e*) the horse artillery subjects will be omitted for field artillery officers and the mountain artillery subjects for the garrison artillery.

(*c*) The regulations affecting the examination for promotion to Lieutenant Colonels under King's Regulations 1194-1197 are likewise applicable.

The foregoing regulations will take effect from 1st March, 1903, and the officers will be allowed until 1st October, 1903, to qualify. Promotions will be antedated accordingly, but after the date named officers who have failed to qualify will be passed over.

—

G. O. 31.

APPOINTMENT OF OFFICERS.

General.

Paragraph 18, page 6, with its amendments is cancelled, and the following substituted:—

"First appointments of subaltern officers will be made in the junior rank of the unit to which they are seeking appointment.

"Supernumerary officers may be appointed to corps of active militia, but such appointment shall not be made to higher rank than that of the junior subaltern rank in the corps."

Paragraph 61, page 14, is amended as follows:—

In the last line substitute for words "Second Lieutenant" "the junior rank of the unit in which they are appointed."

—

G. O. 32.

PAY OF PROVISIONAL OFFICERS.

Paragraph 182, page 102, is cancelled.

—

G. O. 33.

VETERINARY OFFICERS.

To accompany Mounted Units.

Add after paragraph 325, page 132, as sub-paragraph 325 (*a*):—

"In order to insure the regulations respecting the inspection of horses being complied with, a mounted corps when ordered to proceed to camp for training, and there is no veterinary officer on the strength or available to proceed with the corps, the officer commanding will at once report the fact to the officer commanding the district and ask that a veterinary officer be detailed to accompany his unit during its training."

—

G. O. 34.

DRESS REGULATIONS.

UNIFORM, QUARTERMASTERS.

It has been decided that in future the uniform for Quartermasters shall be as for other officers of their respective rank.

It is to be distinctly understood that Quartermasters now serving are not to be called upon to change their uniform, but are to be allowed to continue to wear the uniform in their possession until worn out.

All Quartermasters appointed on and after the date of this order should obtain regimental uniform. The Dress Regulations will be amended in due course.

—

G. O. 35.

FORAGE CAP, 2ND REGIMENT.

Authority is given for the 2nd Regiment "Queen's Own Rifles of Canada", to adopt the staff (or naval) pattern forage cap in lieu of the present one in wear, a description of which is given below :—

Cap, Forage. Rifle Regiments :—Rifle green cloth—with three cloth welts, $3\frac{1}{4}$ inches total depth, diameter across the top $8\frac{1}{4}$ inches, for a cap fitting $21\frac{3}{4}$ inches in circumference the top to be $\frac{1}{8}$ inch larger or smaller in diameter for every $\frac{1}{4}$ inch the cap may vary in size of head above or below the before mentioned standard, e.g. a cap $22\frac{1}{4}$ inches in circumference, diameter across the top $8\frac{1}{2}$ inches. Cap 21 inches in circumference, diameter $7\frac{7}{8}$ inches. The sides to be made in four pieces, and to be $1\frac{1}{2}$ inches deep between the welts : a cloth band $1\frac{3}{4}$ inches wide placed between the two lower welts. With band of $1\frac{1}{2}$ inches black mohair braid. Red welt on the crown.

Badge.—Same as now worn on field cap.

For Field Officers.—Black maple leaf instead of gold embroidery, on the peak.

NOTICE TO MARINERS.

No. 13 of 1903.

(*Inland Notice No.* 3.)

All bearings, unless otherwise noted, are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

ONTARIO.

(22) PRESQU'ILE ENTRANCE—OLD LIGHTHOUSE TOWER REMOVED.

The light in the back tower of the range which formerly led into Presqu'ile bay, on the north shore of Lake Ontario, was discontinued when the ranges leading to the upper entrance of the Murray canal were established in 1891, but the tower was left standing because it was of use to small boats entering by the old shallow channel. In one with the lighthouse on Salt point it led through that channel. In consequence of decay it has now been found necessary to take down the old tower, and it is therefore no longer available as a day beacon.

NEW BRUNSWICK.

(30) BAY OF FUNDY—GRAND MANAN—GULL COVE—LIGHT ESTABLISHED.

A light, established by the Government of Canada at Gull cove, on the east shore of Whitehead island, off the east coast of Grand Manan island, Bay of Fundy,

in the County of Charlotte, New Brunswick, was put in operation on the 30th December, 1902, as a guide for fishing boats.

Lat. N. 44° 37′ 55″
Long. W. 66 41 50

The light is fixed white, shown from a lantern with a pressed glass lens, hoisted on a mast. It is elevated 90 feet above high water mark, and should be visible 6 miles from all points of approach by water.

The mast is 35 feet high, and stands about 600 feet back from the shore in the bottom of the cove, near Mr. Lewis Frankland's house.

To enter the cove the light should be brought to bear west, when it should be run for till anchorage in 5 fathoms is reached.

ONTARIO.

(32) GEORGIAN BAY—COLLINGWOOD HARBOUR—TEMPORARY RANGE LIGHTS AND BEACONS—HYDROGRAPHIC NOTES.

Shore range lights.—Temporary range lights, locally known as the "shore range" have been established and are maintained by the Corporation of Collingwood, in the south extremity of the harbour, which in one indicate the middle of the 20-foot channel from its outer extremity, outside the west breakwater pier to the curve near the fixed red light on the crib in the harbour.

The front light of this range stands upon the shore in the south part of the harbour at a point 330 feet S. 17° W. from the northwest extremity of Fleming's wharf.

It consists of two fixed white lantern lights six feet apart vertically, hoisted on a pole painted white, having a diamond-shaped white slatted beacon on top.

The back light pole stands on the south side of Second street, 130 feet west from its intersection with the west side of Cedar street, and is distant 1610 feet S. 10° W. from the front light pole.

Two fixed white lights, shown from lanterns 6 feet apart vertically, hoisted on this pole, are shown. The pole is 55 feet high, and has on its top a diamond-shaped slatwork beacon, 12 feet high by 8 feet wide, the whole painted white.

Elevator day beacons.—The middle of the 20-foot channel leading to the elevator is marked by two day beacons.

The front beacon consists of a diamond-shaped slatwork, painted white, attached to a mast rising 32 feet above water level, on the outer or northwest end of the elevator wharf.

The back beacon consists of a diamond-shaped white mark, painted on the northwest end of the elevator, at a height of 40 feet above the water.

These two beacons in one, bearing S. 53½° E., mark the middle of the 20-foot channel, leading from the south end of the curve to the elevator. This channel is 110 feet wide.

Sailing directions.—Vessels should not approach the entrance within one mile until the "shore range" (described above) comes on, bearing S. 10° W. Keep this on until abreast of the end of the east breakwater, when gradually turn keeping the black buoys on the curve well aboard until the elevator beacons are in one, S. 53½° E. if bound thither. If bound for the G.T.R. or Town wharf, bring the gap between the two wharves ahead and the crib light astern, S. 50½° E. Only 15 feet water will be found on this last line.

Channels to wharves.—A channel 80 feet wide with a depth of 14 feet has been dredged from a point immediately outside the crib light to the wharf of the Collingwood Meat Company, and from this other channels 12 feet deep lead to the lumber wharves of Messrs. Charlton. These are all in the extreme east end of the harbour.

Position of Middle ground.—The Middle ground referred to in notice to mariners No. 41 (153) of 1902, is a straight strip about 30 feet wide, with about 12 feet water on it, which lies between the 20-foot and 15-foot channels, in the straight cut leading up to the elevator wharf, and not near the outer light, as indicated in that notice. It is marked by striped buoys as described.

Dry dock.—Work is in progress on an enlargement of the dry dock in Collingwood harbour. When completed it will be 530 feet long and 78 feet wide, with 16 feet on the mitre sill.

QUEBEC.

(25) River St. Lawrence below Quebec—Father point—Fog alarm changed.

From and after the opening of navigation in the spring of 1903 the explosive fog signal heretofore operated at Father point lightstation, on the south shore of the river St. Lawrence, will be discontinued, and replaced by a first class siren, operated by compressed air, giving a high and a low note each of $2\frac{1}{2}$ seconds' duration, with an interval of $2\frac{1}{2}$ seconds between them, at intervals of two minutes, thus:

High note.	Silent.	Low note.	Silent.
$2\frac{1}{2}$ seconds.	$2\frac{1}{2}$ seconds.	$2\frac{1}{2}$ seconds.	$112\frac{1}{2}$ seconds.

The fog alarm building is a white, wooden, rectangular building, with a shingled roof, and stands on the beach 432 feet N. 80° E. srom the lighthouse. The siren projects from an annex on the north side of the building; its axis is 17 feet above high water mark.

In the event of the siren being out of order, the use of the explosive fog signal will be temporarily resumed.

NOVA SCOTIA.

(26) Atlantic ocean—Seal island—Fog alarm moved.

The fog whistle at Seal island lightstation, off the southwest extremity of Nova Scotia, which was formerly operated from a building near the lighthouse, has been removed to a new building erected on the extreme south point of the island, 585 feet S. 26° W. from the lighthouse.

The fog alarm building is a long, low white, wooden, rectangular building with a shingled roof painted red, and stands on the beach. The whistles, which are in duplicate and stand above the roof, are about 49 feet above high water mark.

The whistle was operated from the new building for the first time on the 16th February, 1903.

ONTARIO.

(29) LAKE HURON—NORTH CHANNEL—BRUCE MINES—LIGHT ESTABLISHED.

A light established by the Government of Canada on the new Government wharf at Bruce Mines, was put in operation in July, 1902.

Lat. N. 46° 17′ 47″
Long. W. 83 47 23

The light is shown from an anchor lens lantern on a shelf on the southeast corner of the unpainted warehouse, and 60 feet from the outer end of the wharf.

The light is a fixed white light, elevated 12 feet above the level of the lake, and should be visible 5 miles from all points of approach by water. The illuminating apparatus is dioptric of the seventh order.

The wharf extends from the shore at the foot of Marks street S. 30° E. 1000 feet, and its outer end is distant 200 feet to the westward of the Bruce Copper Mines wharf.

The Bruce Copper Mines, limited, have notified the Department of their intention to continue maintaining a red light on the southeast corner of the warehouse on the outer end of their private wharf, but this will be in no way under governmental control, or receive assistance, and will therefore be no longer continued in the list of lights.

TO ADVERTISERS IN THE *GAZETTE*.

PARTIES sending advertisements to be inserted in the *Canada Gazette* will please observe the following rules :

1st. Address "The Canada Gazette, Ottawa, Canada."

2nd. Indicate the number of insertions required.

3rd. INVARIABLY REMIT THE FEES FOR SUCH ADVERTISEMENTS, TOGETHER WITH THE PRICE OF ONE GAZETTE, AS BELOW. OTHERWISE THEY WILL NOT BE INSERTED.

The rates are 10 cents for the first insertion, and five cents for each subsequent insertion per line of nine words, each figure counting as one word. No advertisement is inserted for a less charge than one dollar.

By settled or understood practice as prescribed by law, the rules of Parliament or decisions of the Department of Justice, notices receive the following insertions :—

Notices of applications for divorce—27 insertions.

Notices of the withdrawal of deposits of Insurance Companies—13 insertions.

Notices of ordinary applications to Parliament—9 insertions.

Notices of applications for Letters Patent under Loan Companies Act (per O. in C. published in *Gazette* of 15th June, 1901)—2 insertions.

Notices of dividends and meetings of Banks and Insurance Companies—1 calendar month, or 5 insertions.

Subscribers will also notice that the subscription, $4 per annum, is invariably payable in advance, and that the "Gazette" will be stopped at the end of the period paid for. Single numbers will be charged ten cents each, and when more than one are required by advertisers, must be remitted for likewise.

APPLICATIONS TO PARLIAMENT.

CONDENSED RULES *in re* NOTICES FOR PRIVATE BILLS.

All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of The British North America Act, 1867, for granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community ; or for making any amendment to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application ; such notice (except in the case of existing corporations) shall be signed by, or on behalf of the applicants, and be published as follows, viz.:

In the Provinces of Quebec and Manitoba.

In the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District in which a newspaper is published.

In any other Province or Territory.

In the *Canada Gazette*, and in one newspaper published in the County or District, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County or District in which a newspaper is published. Such Notices shall be continued in each case, for a period of at least two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. Marked copies of all the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House, endorsed "Application for a Private Bill."

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioners shall also, at the same time and in the same manner, give notice of the proposed rates of toll, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and, if a drawbridge, the dimensions of the same.

Any person seeking to obtain a Private Bill shall, at least eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the Bill is to originate, a copy of such Bill in the English or French language, with a sum sufficient to pay for translating and printing the same. The applicant shall also, after the second reading, and before the consideration of the Bill by any Committee, pay the Clerk of the Senate, or the Accountant of the House of Commons (as the case may be) a fee of $200, and a sum sufficient to pay the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred.

The fee of $200 payable on any Private Bill is paid only in the House in which such Bill originates ; but the charges for reprinting and translation consequent thereon are paid in the House in which such charges are incurred.

No petition for a Private Bill is received by the Senate or by the House of Commons after the first three weeks of the Session.

No Private Bill may be presented to the Senate or to the House of Commons after the first four weeks of the Session.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate.

THOMAS B. FLINT,
Clerk of the Commons.

—

SPECIAL RULE OF THE SENATE.

49. (*c.*) When a Bill is to operate in more than one Province, Territory or District, the notices shall be published in the *Canada Gazette* and in a leading newspaper published in each Province, Territory or District in which the Bill is to operate.

STANDING ORDER.

When any Bill, confirming a deed, lease, agreement or other instrument, is brought up or presented to the Senate, such deed, lease, agreement or other instrument shall be set forth in the Bill by way of Schedule or otherwise.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate.

—

ADDITIONAL RULES OF THE HOUSE OF COMMONS RESPECTING PRIVATE BILLS.

All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the *clauses* of the *General Acts* relating to the details to be provided for by such Bill ;—special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof, in which the *General Act* is proposed to be departed from ;—Bills which are not framed in accordance with this *Rule*, shall be recast by the promoters, and reprinted at their expense, before any Committee passes upon the *Clauses*.

51*a*. All Private Bills for Acts of incorporation of, or in amendment of Acts incorporating Railway Companies, shall be drawn in accordance with the Model Bill, copies of which may be obtained from the Clerk of the House.

(*a.*) The provisions contained in any Bill which are not in accord with the Model Bill, shall be inserted between brackets, and when revised by the proper officer shall be so printed, and Bills which are not in accordance with this Rule shall be returned to the promoters to be recast before being revised and printed ;

(*b.*) Any sections of existing Acts which are proposed to be amended shall be reprinted in full with the amendments inserted in their proper places and between brackets ;

(*c.*) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the Notice of Application for the same.

51*b*. No Bill for the incorporation of a Railway Company, or for changing the route of the railway of any company already incorporated, shall be considered by the Railway Committee until there has been filed with the Committee, at least one week before the consideration of the Bill :—

(*a*.) A Map or Plan drawn upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the lines of existing or authorized works of a similar character within, or in any way affecting the district, or any part thereof, which the proposed work is intended to serve, and such map or plan shall be signed by the Engineer or other person making the same ;

(*b*.) An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking, and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures, or other securities, and the amount of each, respectively.

THOMAS B. FLINT,
Clerk of the Commons.

—

SPECIAL ORDER OF THE HOUSE OF COMMONS.

Resolved, That the Clerk of the House do have a copy of the new Rule 49 sent to those persons giving notice in the *Canada Gazette* of their intention to apply to Parliament for the passing of a Private Bill, together with a notification that the said Rule will be strictly adhered to for the future :—

49. Petitions for Private Bills shall only be received by the House within the first *three weeks* of the session, and Private Bills may only be presented to the House within the first *four weeks* of the session, and it shall be the duty of any Committee to which any Private Bill may be referred to consider and report the same to the House with all convenient speed.

2. That it be an instruction to all Committees on Private Bills, in the event of promoters not being ready to proceed with their measures when the same have been twice called *on two separate occasions* for consideration by the Committee, that such measures shall be reported back to the House forthwith, together with a statement of the facts and with the recommendation that such Bills be withdrawn.

THOMAS B. FLINT,
Clerk of the Commons.

SUBSTANCE OF RULES OF THE SENATE RELATING TO NOTICES AND APPLICATIONS FOR BILLS OF DIVORCE.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be published during six months before the presentation of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the District in Quebec, Manitoba, British Columbia or the North-west Territories, or in the County or Union of Counties in other Provinces, wherein such applicant usually resided at the time of the separation of the parties ; but if the requisite number of papers cannot be found therein, then in an adjoining District or County or Union of Counties. Notices given in the Provinces of Quebec and Manitoba are to be published in one English and in one French newspaper, if there be such newspapers published in the District, but otherwise shall be published in each newspaper in both languages.

A copy of the said Notice shall, not less than one month before the date of the presentation of the Petition, at the instance of the applicant, be served personally on the person from whom the divorce is sought, when that can be done.

No petition for divorce shall be received after the first thirty days of each session.

The petition of an applicant for divorce must be fairly written and must be signed by the Petitioner, and should briefly set forth the marriage, when, where and by whom the ceremony was performed, the grounds on which relief is asked and the nature of the relief prayed and should also negative condonation, collusion and connivance. The allegations of the petition must be verified by declaration of the Petitioner, under The Canada Evidence Act, 1893.

The applicant shall deposit with the Clerk of the Senate, eight days before the opening of Parliament, a copy, in the English or French language, of the proposed Bill of Divorce, and therewith a sum sufficient to pay for translating and printing 600 copies thereof in English and 200 copies in French.

No petition for a Bill of Divorce shall be presented unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred dollars ($200).

The petition when presented shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy thereof, and by a copy of the proposed Bill.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate.

MINTO.

[L.S.]

CANADA.

EDOUARD SEPT, par la Grâce de Dieu, Roi du Royaume-Uni de la Grande-Bretagne et d'Irlande et des possessions britanniques au delà des mers, Défenseur de la Foi, Empereur des Indes.

A tous ceux qui les présentes verront ou qu'icelles pourront concerner,—SALUT :

PROCLAMATION.

E. L. NEWCOMBE, Sous-ministre de la Justice, Canada. } ATTENDU que par et en vertu des Statuts revisés du Canada, chapitre 182, et intitulé " Acte concernant les pénitenciers," il est entre autres choses statué, que le Gouverneur en conseil pourra, à toute époque, déclarer, par proclamation publiée dans la *Gazette du Canada*, qu'un immeuble situé dans le Canada, et dont les limites seront déterminées avec précision dans la proclamation, est constitué en pénitencier, et doit être réputé tel aux termes du présent acte ; et il pourra, par la même proclamation, déclarer pour quelle partie du Canada est créé ce pénitencier,—

SACHEZ donc que par et avec l'avis de Notre Conseil privé pour le Canada, Nous proclamons et déclarons par les présentes, en vertu du dit acte, que l'immeuble

situé dans la province de la Colombie Britannique, et décrit comme suit, savoir : Ile aux Oies, située vers le centre du lac Pitt, dans la section 25, township 5, rang 5, à l'ouest du septième méridien, dans la zone du chemin de fer dans la province de la Colombie Britannique, est un pénitencier, et sera ainsi considérée, dans le sens du dit acte, comme un pénitencier pour la province de la Colombie Britannique, dans Notre Puissance du Canada.

De ce qui précède Nos féaux sujets et tous ceux que les présentes peuvent concerner, sont par les présentes requis d'en prendre avis et d'agir en conséquence.

EN FOI DE QUOI, Nous avons fait émettre Nos présentes Lettres Patentes et à icelles fait apposer le Grand Sceau du Canada. TÉMOIN, Notre Très-fidèle et Bien-aimé Cousin et Conseiller le Très-honorable Sir GILBERT JOHN ELLIOT, Comte de Minto et Vicomte Melgund de Melgund, comté de Forfar, dans la pairie du Royaume-Uni, Baron Minto de Minto, comté de Roxburgh, dans la pairie de la Grande-Bretagne, Baronnet de la Nouvelle-Ecosse, Chevalier Grand-croix de Notre Ordre Très-distingué de Saint-Michel et Saint-George, etc., etc., Gouverneur Général du Canada.

A Notre Hôtel du Gouvernement, en Notre CITÉ d'OTTAWA, ce SEPTIÈME jour de MARS, dans l'année de Notre-Seigneur mil neuf cent trois, et de Notre règne la troisième.

Par ordre,

JOSEPH POPE,
37-3 Sous-Secrétaire d'Etat.

ARRETÉS EN CONSEIL.

[Renv. 761,911]

HOTEL DU GOUVERNEMENT À OTTAWA.

Mardi, le 25e jour de février 1903.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 13 de février 1903, du ministre de l'Intérieur, soumettant que des représentations lui ayant été faites par l'Honorable G. H. V. Bulyea, de la part du gouvernement des territoires du Nord-Ouest, que vu la grande affluence de colons dans les territoires, le gouvernement est d'avis qu'il serait judicieux dans l'intérêt du Fonds de dotation des terres des écoles d'offrir en vente à l'enchère publique un nombre de terres des écoles dans Assiniboïa-Est au commencement de l'été prochain, car on est convaincu que de hauts prix seraient obtenus pour ces terres, M. J. W. Greenway, inspecteur des terres des écoles a été chargé de rencontrer un représentant du gouvernement du Nord-Ouest dans le but de s'entendre ensemble pour mettre un prix de départ sur les terres des écoles qu'il est recommandé d'offrir en vente.

Le Ministre dit qu'un rapport a depuis été reçu de M. Greenway avec une liste des prix de départ qu'il est suggéré de placer sur les terres en question, le prix minimum suggéré étant de $7 l'acre.

Les terres des écoles qu'il est proposé d'offrir en vente sont situées, généralement parlant, le long de la ligne-mère du chemin de fer Canadien du Pacifique, l'embranchement Souris de ce chemin de fer et son prolongement nord-ouest, et dans un rayon de douze à trente milles de ces lignes, les dites terres étant comprises entre la frontière ouest du Manitoba et le troisième méridien principal.

Il est aussi proposé d'inclure dans la vente les sections des écoles renfermées dans un bloc de terre situé entre la frontière ouest du Manitoba et le rang 7 à l'ouest du deuxième méridien principal, dans le voisinage du prolongement Pipestone du chemin de fer Canadien du Pacifique.

Il est proposé que les ventes à l'enchère soient tenues aux endroits suivants, savoir, à Régina, Moose Jaw, Qu'Appelle, Wolsely, Grenfell, Whitewood, Moosomin, Carlyle, Carnduff, Alameda et Yellow Grass, commençant à Régina le 20 de mai prochain, et finissant à Yellow Grass le 22 de juin.

Le Ministre, vu la grande demande qui existe actuellement pour des terres dans les territoires du Nord-Ouest, et que les prix de départ mis sur les terres des écoles sont assez élevés pour les empêcher d'être sacrifiées dans le cas où la compétition ne serait pas aussi vive qu'on s'y attend, est d'avis qu'il serait dans l'intérêt du Fonds de dotation des terres des écoles d'offrir les terres en question en vente dans les mois de mai et juin prochains, et il recommande en conséquence qu'il soit autorisé à offrir en vente à l'enchère publique aux termes et conditions de l'*Acte des terres fédérales*, les terres des écoles comprises dans la liste préparée à la recommandation du gouvernement du Nord-Ouest aux endroits de vente et aux dates indiqués plus haut, avec la faculté, toutefois, au ministre de l'Intérieur, de faire tels changements dans les endroits de vente et les dates qu'il jugera bon.

Le Ministre recommande aussi, en vue de l'importance de donner une aussi grande publicité que possible à la vente projetée, qu'il soit autorisé à l'annoncer dans les journaux aussi souvent qu'il pourra le juger nécessaire, nonobstant toute chose contenue dans les règlements concernant les impressions et annonces du gouvernement.

Le comité soumet ce qui précède à l'approbation.

JOHN J. McGEE,
39-4 Greffier du Conseil privé.

[Renv. 756,974]

HOTEL DU GOUVERNEMENT À OTTAWA.

Samedi, le 7e jour de février 1903.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 20 de janvier 1903, du ministre de l'Intérieur, soumettant que la Compagnie de chemin de fer Manitoba et North Western est le concessionnaire de la Couronne pour le Canada de certaines terres dans le Manitoba et les territoires du Nord-Ouest comme subvention en terres pour aider à la construction du chemin de fer de cette compagnie, et ont pétitionné que le titre de certaines de ces terres soit attribué à la Couronne pour l'usage de la province du Manitoba.

Le Ministre dit que le dit gouvernement du Manitoba a envoyé à Ottawa les mandats concernant les terres pour lesquelles un titre a été demandé, et a défrayé les frais nécessaires d'arpentage au taux de 10 centins l'acre, tel que stipulé dans la dite concession.

Le ministre recommande en conséquence que le titre soit attribué à Sa Majesté le roi Edouard VII, pour l'usage de la dite province au Manitoba, à toutes les terres énumérées dans la liste ci-jointe, se montant à 2,496.60 acres, plus ou moins.

Le comité soumet ce qui précède à l'approbation.

JOHN J. McGEE,
Greffier du Conseil privé.

QUARTIER GÉNÉRAL,

OTTAWA, 2 mars 1903.

RÈGLEMENTS ET ORDRES DE LA MILICE, CANADA, 1898.

Les ajoutés et modifications ci dessous apportés aux Règlements et Ordres de la Milice, 1898, sont autorisés :—

O. G. 29.

NOMINATION DES OFFICIERS À LA FORCE PERMANENTE.

Le sous-paragraphe (2) (*a d*) du paragraphe 19, page 6, avec modifications, est cancellé, et remplacé par ce qui suit :

Un candidat pour nomination à une unité des troupes permanentes sera tenu,—

(*a*) d'être célibataire et âgé de 18 à 25 ans le 1er de janvier de l'année alors courante ;

(*b*) d'être sujet britannique par naissance ou naturalisation ;

(*c*) de subir un examen devant un conseil de médecins sur l'aptitude du candidat sous tous rapports pour le service militaire ;

(*d*) de posséder un diplôme de gradué du Collège Militaire Royal du Canada, et d'être recommandé par le commandant du collège, ou

(*e* 1.) d'avoir suivi les exercices annuels comme sous-officier d'un corps de la Milice Active ;

(*e* 2.) d'être recommandé par l'officier commandant de ce corps et l'officier commandant du district comme étant sous tous les rapports habile à servir dans les troupes permanentes ;

(*e* 3.) d'avoir passé l'examen d'immatriculation d'une université chartée du Canada, ou d'avoir passé l'examen d'admission au Collège Militaire Royal, Kingston, Woolwich ou Sandhurst, ou de passer tel examen littéraire et professionnel que prescrira de temps à autre l'officier général commandant.

(*f*) Tous les officiers nommés, n'étant pas des gradués du Collège Militaire Royal, devront obtenir, sous 18 mois après leur nomination, un certificat de 1re classe de cours complet grade "A", de l'arme du service à laquelle ils appartiennent ; leur rang dans les corps permanents sera provisoire jusqu'à ce que ce certificat soit obtenu, alors que leur grade sera confirmé à compter de la date de leur première nomination.

Toutes nominations dans les troupes permanentes seront probatoires pendant trois ans. A l'expiration de chaque année de la période de trois ans un rapport spécial sera fait par les deux plus anciens officiers de l'unité à laquelle l'officier appartient, énonçant leur l'opinion si sa rétention dans le service est désirable et promet d'être avantageuse aux troupes permanentes. Dans le cas où un officier aurait deux rapports défavorables, l'officier général commandant, après un examen sérieux de l'affaire, et avoir constaté que les rapports défavorables sont bien fondés, pourra recommander que le nom de l'officier soit rayé du contrôle des corps permanents.

—

O. G. 30.

APTITUDES DES OFFICIERS DES CORPS PERMANENTS.

Les modifications du paragraphe 54, page 12, publiées dans l'Ordre Général 75 d'août 1899, sont cancellées, et remplacées par ce qui suit :—

A l'avenir les officiers des unités permanentes seront tenus de passer l'examen de promotion pour les officiers de l'armée impériale, dans les Ordonnances du Roi 1901, paragraphes 1172, 1173, 1174, (111), 1175, 1176, 1177, 1182, 1187, 1188, 1189, 1190, 1193 et annexe VII.

(*a*) Une permission spéciale sera donnée pour permettre aux officiers de se rendre aptes dans les sujets C, D et G, annexe VII, Ordonnances du Roi, en suivant le cours complet au Collège Militaire Royal.

(*b*) Dans le résumé posé dans l'annexe VII (*c*), les sujets de l'artillerie à cheval seront omis pour les officiers de l'artillerie, et les sujets de l'artillerie de montagne pour l'artillerie de place.

(*c*) Les règlements concernant l'examen de promomotion des lieutenant-colonels en vertu des Ordonnances du Roi 1194-1197, sont aussi applicables.

Les règlements qui précèdent entreront en vigueur à compter du 1er de mars 1903, et les officiers auront jusqu'au 1er d'octobre 1903, pour se rendre aptes. Les promotions seront antidatées en conséquence, mais après la date nommée, les officiers qui auront failli à l'examen seront passés.

O. G. 31.

NOMINATION DES OFFICIERS.

En général.

Le paragraphe 18, page 6, avec ses modifications, est cancellé et remplacé par ce qui suit :—

"Les premières nominations d'officiers subalternes seront faites dans le plus jeune rang de l'unité dans laquelle ils désirent être nommés.

"Les officiers surnuméraires peuvent être nommés à des corps de la Milice Active, mais cette nomination ne sera pas faite à un grade plus élevé que celui de grade subalterne jeune dans le corps."

Le paragraphe 61, page 14, est modifié comme suit :—

Dans la dernière ligne, pour les mots "second lieutenant" substituez le "rang le plus jeune de l'unité dans laquelle ils désirent être nommés."

O. G. 32.

SOLDE DES OFFICIERS PROVISOIRES.

Le paragraphe 182, page 102, est cancellé.

—

O. G. 33.

OFFICIERS VÉTÉRINAIRES.

Accompagneront les unités à cheval.

Après le paragraphe 325, page 132, ajoutez ce qui suit comme sous-paragraphe 325 (*a*) :—

"Afin d'assurer que les règlements concernant l'inspection des chevaux seront exécutés, lorsqu'un corps à cheval reçoit l'ordre de se rendre à un camp pour l'exercice, et qu'il n'y a pas d'officier vétérinaire sur le cadre, ou prêt à se rendre au camp, l'officier commandant rapportera le fait à l'officier commandant du district, et demandera qu'un officier vétérinaire soit désigné pour accompagner son unité durant ses exercices.

—

HABILLEMENT.

O. G. 34.

UNIFORME DES QUARTIERS-MAITRES.

Il a été décidé qu'à l'avenir l'uniforme des quartiers-maîtres sera comme pour les autres officiers de leur grade respectif.

Qu'il soit bien compris que les quartiers-maîtres actuellement de service ne sont pas tenus de changer leur uniforme, mais ils pourront continuer de porter l'uniforme en leur possession jusqu'à ce qu'il soit usé.

Tous les quartiers-maîtres nommés après la date de cet ordre devront obtenir l'uniforme régimentaire. Les règlements concernant l'habillement seront modifiés en temps voulu.

AVIS AUX NAVIGATEURS.

No. 15 de 1903.

(Avis de l'Atlantique No. 8.)

Tous les relèvements, à moins d'avis contraire, sont magnétiques et sont donnés venant de la mer, les milles sont des milles marins, les hauteurs sont au-dessus des hautes eaux, et toutes les profondeurs sont à l'eau basse moyenne.

QUÉBEC.

(25) FLEUVE SAINT-LAURENT EN BAS DE QUÉBEC—POINTE-AU-PÈRE—SIGNAL DE BRUME CHANGÉ.

A compter de l'ouverture de la navigation au printemps de 1903, le signal explosif pour la brume, qui fonctionnait à la station de la Pointe-au-Père sur la rive sud du fleuve Saint-Laurent, sera supprimé, et remplacé par une sirène de première classe, actionnée par l'air comprimé, donnant une note haute et une note basse chacune de 2½ secondes, avec un intervalle de 2½ secondes entre les deux, è des intervalles de deux minutes, savoir :—

Note haute.	Silence.	Note basse.	Silence.
2½ secondes.	2½ secondes.	2½ secondes	112½ secondes.

Le bâtiment du signal de brume est en bois, de forme rectangulaire, avec toiture en bardeau, et repose sur la grève à 432 pieds N. 80° E. du phare. La sirène projette d'une annexe sur le côté nord du bâtiment ; son axe est à 17 pieds au-dessus de la marque des eaux hautes.

Dans le cas où la sirène se dérangerait, on se servira du signal explosif temporairement.

AUX ANNONCEURS DANS LA *GAZETTE*.

CEUX qui envoient des annonces pour être insérées dans la *Gazette du Canada*, voudront bien se conformer aux règles ci-dessous :

1. Adresser "Gazette du Canada, Ottawa, Canada."
2. Indiquer le nombre voulu d'insertions.
3. **TRANSMETTRE INVARIABLEMENT LE PRIX DE L'ANNONCE AINSI QUE LE PRIX D'UN EXEMPLAIRE DE LA *GAZETTE*, TELS QUE DONNÉS PLUS BAS ; SANS CELA L'ANNONCE NE SERA PAS PUBLIÉE.**

Les prix sont de dix cts. pour la première insertion, et cinq cts. pour chaque insertion subséquente par ligne de neuf mots, chaque chiffre comptant pour un mot. Aucune annonce n'est insérée pour moins d'une piastre.

D'après la pratique établie et reconnue, telle que prescrite par la loi, les règlements du parlement et les décisions du ministère de la Justice, les avis reçoivent le nombre d'insertions ci-dessous :—

Les avis de demandes de divorce—27 insertions.

Les avis de retrait de dépôts des compagnies d'assurances—13 insertions.

Les avis de demandes ordinaires au parlement—9 insertions.

Les avis de demandes de lettres patentes en vertu de l'*Acte des compagnies de prêt* (A. C. publié dans la *Gazette* 15 juin 1901)—2 insertions.

Les avis de dividendes et d'assemblées de banques et de compagnies d'assurances,—1 mois de calendrier ou 5 insertions.

Les abonnés observeront aussi que le prix d'abonnement, $4 par année, est invariablement payable d'avance, et que l'envoi de la *Gazette* sera arrêté à l'expiration de la période payée. Chaque exemplaire coûte dix cts., et quand les annonceurs en veulent plus qu'un, ils devront faire une remise en conséquence.

DEMANDES AU PARLEMENT.

Règles *in re* Avis de bills privés.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque chambre, et porter à l'enclos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

THOMAS B. FLINT,
Greffier des Communes.

Règle spéciale du Sénat.

49. (*c.*) Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

Ordre permanent.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

Règles additionnelles de la Chambre des Communes concernant les bills privés.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(*a.*) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées

ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression :

(*b.*) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c.*) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

THOMAS B. FLINT,
Greffier des Communes.

ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

THOMAS B. FLINT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat

Deputy Minister of Finance.

No. 40. Vol. XXXVI.

The Canada Gazette

PUBLISHED BY AUTHORITY.

OTTAWA, SATURDAY, APRIL 4, 1903.

DOMINION OF CANADA.

ORDERS IN COUNCIL.

[Ref. 767,794.)

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 17th day of March, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum dated 9th March, 1903, from the Minister of the Interior, submitting that on the 20th day of August, 1902, an Order in Council was passed authorizing the amendment of clause 13 of the Regulations for the survey, administration, disposal and management of Dominion Lands within the Railway Belt in British Columbia, so as to permit any person who would be entitled to a second homestead entry similar to the law affecting such entries in Manitoba and the North-west Territories to exercise that privilege within the said Railway Belt in British Columbia.

The Minister states that cases have arisen where settlers cannot comply with this amendment and are debarred from taking advantage of this privilege.

The Minister therefore recommends that in such cases he be given power to sell the land not exceeding 160 acres at the rate of $1.00 per acre, subject to Homestead conditions, the patent not to issue until these conditions have been performed to the satisfaction of the Commissioner of Dominion Lands.

The Committee submit the same for approval.

JOHN J. McGEE,
Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 11th day of March, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 26th February, 1903, from the Minister of Marine & Fisheries, submitting, that in 1884 a Bill passed both Houses of the United States Congress to remedy certain burdens on American shipping, in which it was enacted that whenever it appeared to the satisfaction of the Secretary of the Treasury of the United States that no tonnage dues were imposed on or exacted from vessels of the United States by any foreign nation, either directly or indirectly as light or tonnage dues of every description, the Secretary of the Treasury shall thereupon cease to collect dues imposed by any existing law upon the vessels of such nation arriving at ports in the United States.

The Minister states that at that time there were no tonnage dues of any kind levied upon vessels arriving at ports in Ontario from any port or place outside of that Province, and the Government becoming aware of the provisions of the Act passed by the United States Congress, above referred to, deemed it expedient to procure the benefits thereof for vessels arriving at ports in the United States from ports within the Province of Ontario.

The Minister further states that the necessary steps were therefore taken, and in 1885 a Proclamation was issued by President Arthur of the United States, by which vessels arriving at American ports from ports in Ontario, were exempted from the payment of tonnage dues of any kind whatever.

This state of affairs existed up to the Winter of 1902. In February of that year, Congress passed a Bill, which became law, by which United States officials were authorized to collect from the steamships of any foreign nation whatever arriving at American ports a tax equivalent to any tax imposed by that nation on vessels of the United States arriving at the ports of such country.

The Minister further observes that as the reciprocal arrangement above referred to was limited to the Province of Ontario, and did not extend to the other Provinces of the Dominion in which steamboat tax was and is enforced, the United States authorities on the passing of the Act of 1902, ignored the arrangement between the Province of Ontario and the United States under the proclamation of President Arthur in 1885, and directed their officials to collect steamboat

inspection dues from passenger steamships arriving in the United States from ports in the Province of Ontario, the same as upon vessels arriving at American ports from any of the other Provinces of the Dominion; and, as a matter of fact, steamboat inspection dues were exacted last season from Canadian passenger steamers arriving at ports in the United States from ports in the Province of Ontario, although the Dominion carried out the arrangement made under the Proclamation of President Arthur above referred to, and allowed the United States passenger steamships to enter and clear from any port in Ontario without paying steamboat inspection dues.

The Minister is therefore of the opinion that in justice to Canadian steamboat owners, steamboat inspection dues and fees should be imposed upon steamships arriving from any port in that country at any port in the Province of Ontario, as it is a disadvantage to Canadian steamboat owners to be compelled to pay a Canadian tax, while American vessels engaged in the same trade are exempted therefrom.

The Minister therefore recommends that the same inspection fees and dues imposed upon Canadian passenger steamships, be imposed upon passenger vessels arriving at ports in Ontario from ports in the United States, under the provisions of subsection 3 of the 3rd section of the "Steamboat Inspection Act," chapter 46 of 61 Victoria.

The Minister further recommends that the Canadian Order in Council of the 21st November, 1884, in conjunction with the Proclamation of President Arthur of 1885, shall be of no effect as regards the Province of Ontario from the date hereof.

The Committee submit the same for approval.

JOHN J. McGEE,
39-3 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 25th day of February, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 13th February, 1903, from the Minister of the Interior, submitting that representations having been made to him by the Honourable G. H. V. Bulyea, on behalf of the Government of the North-west Territories, that in view of the great influx of settlers into the Territories, it would in the opinion of that Government be advisable in the interests of the School Lands Endowment Fund to offer for sale at public auction a number of School Lands in Eastern Assiniboia during the early part of the coming summer, as it is confidently believed that high prices would be obtained for these lands, Mr. J. W. Greenway, Inspector of School Lands, was instructed to meet a representative of the North-west Government for the purpose of arranging with him a schedule of upset prices to be placed on School Lands which it was recommended should be offered for sale.

The Minister states that a report has since been received from Mr. Greenway, with a list of the upset prices which it is suggested should be placed on the lands in question, the minimum price suggested being $7 per acre.

The School Lands which it is proposed should be offered for sale are situated, speaking generally, along the main line of the Canadian Pacific Railway, the Souris Branch of that railway and its northwestern extension, and within a radius from these lines of from twelve to thirty miles, the said lands being comprised between the western boundary of Manitoba and the Third Principal Meridian.

It is also proposed to include in the sale the School Sections within a block of land lying between the western boundary of Manitoba and Range 7, west of the Second Principal Meridian, in the vicinity of the Pipestone extension of the Canadian Pacific Railway.

It is proposed that the auction sales shall be held at the following points, namely—Regina, Moose Jaw, Qu'Appelle, Wolsely, Grenfell, Whitewood, Moosomin, Carlyle, Carnduff, Alameda and Yellow Grass, beginning at Regina on the 20th May next, and closing at Yellow Grass on the 22nd of June.

The Minister, in view of the great demand now existing for land in the North-west Territories, and as the upset prices placed upon the School Lands are sufficiently high to prevent them being sacrificed in case the competition should not be as keen as expected, is of opinion that it would be in the interests of the School Lands Endowment Fund to offer the lands in question for sale in the months of May and June next, and he therefore recommends that he be authorized to offer for sale at public auction under the terms and provisions of The Dominion Lands Act, the School Lands included in the list prepared on the recommendation of the North-west Government at the points of sale and on the dates before indicated, with power, however, to the Minister of the Interior to make such changes in the points of sale and in the dates as may seem advisable.

The Minister also recommends, in view of the importance of giving as wide a publicity as possible to the proposed sale, that he be authorized to advertise the same in such newspapers and for such number of insertions as he may deem necessary notwithstanding anything to the contrary contained in the regulations with respect to Government printing and advertizing.

The Committee submit the same for approval.

JOHN J. McGEE,
39-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 10th day of February, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum, dated 2nd February, 1903, from the Minister of the Interior, stating that Mr. A. H. Eckford, of High River, Alberta, has applied to the Department of the Interior for the purchase of the following lands:—

1st. All of Section 4, Township 19, Range 29, west of the 4th Meridian, containing 643.56 acres.

2nd. The north half of Section 6 and the east half of the south-east quarter of said Section 6, in Township 17, Range 26, west of the 4th Meridian, containing 400 acres.

3rd. The fractional west half of Section 36, Township 18, Range 30, west of the 4th Meridian, containing 37.72 acres, making a total of 1081.28 acres, more or less.

4th. Also all that portion of the south-east quarter of Section 32, Township 18, Range 29, west of the 4th Meridian, lying north of High River, the said river, not however having been traversed.

The Minister further states that Mr. Eckford carries on extensive ranching operations in the district.

The Minister recommends, as Mr. Eckford's application was made long prior to the date when Dominion Lands were withdrawn from sale, and he having been informed at the time of his application that he would be allowed to purchase the lands in question, that he be authorized, in accordance with the provisions of The Dominion Lands Act which requires the authority of the Governor in Council for the sale to one individual of more than 640 acres, to sell the above lands to Mr. Eckford at the regulation price of $3.00 per acre. The usual terms of sale to be observed and to be subject to the purchaser having a traverse made at his own expense of that portion of High River running through the south-east quarter of Section 32 above mentioned, the cost of the said survey to be credited to him at the regular rate for contract work, namely $11.00 per mile.

The Minister further states that all the lands are clear in the records of the Department of the Interior.

The Committee submit the same for approval.

JOHN J. McGEE,
39-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 28th day of February, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum dated 20th February, 1903, from the Minister of the Interior, stating that application has been made by the Secretary of the Board of Trustees of Shuswap School, British Columbia, for a grant of two acres of land in the fractional North East quarter of Section 23, Township 21, Range 13 W. 6th Meridian.

The Minister recommends, as the land applied for is available, and the usual patent fee of $10 has been paid, that he be authorized, under the provisions of section 31 of The Dominion Lands Act, to make a free grant of the above mentioned land for the purposes of a school site for Shuswap School.

The Committee submit the same for approval.

JOHN J. McGEE,
37–4 Clerk of the Privy Council.

(Ref. 757,974.)

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 7th day of February, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 20th January, 1903, from the Minister of the Interior, submitting that the Manitoba and North Western Railway Company are the grantees from the Crown for Canada, of certain lands in Manitoba and the North-west Territories as a land subsidy in aid of the construction of that company's line of railway, and have requisitioned that title be passed for certain of these lands to the Crown in the right and for the use of the Province of Manitoba.

The Minister states that the said Government of Manitoba has forwarded to Ottawa the land warrants covering the lands for which title has been applied and has paid the necessary survey fees at the rate of 10 cents per acre, as provided for in said grant.

The Minister therefore recommends that title be vested in His Majesty King Edward VII., in the right and for the use of the said Province of Manitoba, to all of the lands enumerated in the accompanying schedule, totalling an area of 2,496.60 acres, more or less.

The Committee submit the same for approval.

JOHN J. McGEE,
Clerk of the Privy Council.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS applications have been made to the Department of the Interior for the granting of permits to cut hay on lands in the District of Kamloops in the Railway Belt in the Province of British Columbia, and no provision for the granting of hay permits or leases of hay lands in the said Railway Belt has been made,—

Therefore the Governor General in Council is pleased to order that the Regulations relating to hay lands in Manitoba and the North-west Territories, shall be and the same are hereby extended to include lands within the Railway Belt in the Province of British Columbia.

The Governor General in Council is further pleased to authorize the Minister of the Interior to grant leases and permits in accordance with such regulations.

JOHN J. McGEE,
39–4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 28th day of February, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS the Canadian Pacific Railway Company have applied to the Department of Public Works for the approval of a proposed general pier head-line in the Harbour of Vancouver, B.C.; this proposed extension of the pier head-line being intended to afford ampler wharf accommodation to meet the rapidly increasing shipping trade at Vancouver.

And whereas the Resident Engineer of the Department of Public Works, at New Westminster, reports as follows in regard to this application, the Acting Chief Engineer of the Department of Public Works concurring, viz.:—

"To any one familiar with the extent of the portion "of Burrard Inlet constituting the Harbour of Van- "couver, the concession asked for is comparatively so "slight as not to alter in any particular the existing "conditions as affecting the rights of the Dominion "Government. The extension of their present wharves "to a depth of some 60 feet of water only entails a "distance of some 600 feet in a direct line from the "face of their present wharves. The nearest land "opposite their proposed pier head-line is in the "opposite side of the harbour, some two miles distant; "a little to the west Brocton Point projects some "4,000 feet distant (see index plan), forming with the "main shore, Coal Harbour into which the Western "extension of these wharves will extend. The present "length of the proposed outer face wharves is some- "what limited, not exceeding 3,000 lineal feet in "water at present admitting of sea-going vessels. "This, however, by a judicious combination of slips, "as shown on the original plan, more than doubles "the available frontage. As the Pacific terminus of "their road and the entrepot of their Oriental trade, "the concession asked for by this proposed extension "of their wharves, possibly limited by the great depth "of water and heavy expense involved, is in my opinion, "extremely moderate. It is impossible to anticipate "or to state with any degree of accuracy the enormous "volume of trade that the next decade may develop, "and ample room for ships, warehouses and railway "sidings is the first requisite to be considered. When, "as above stated, the width of the harbour is some 2 "miles, the extension of a few hundred feet so far "from being detrimental will prove a decided advan- "tage not only to the Railway Co., but the public in "relieving the present congested state of the accom- "modation at both Railway Station and wharves, "which will be accomplished by the extended water

" front and greater accommodation in rear of the " docks. The extension westward into Coal Harbour " is a matter of reclamation in comparatively shallow " water with a channel some 600 feet in width that " will require to be dredged to make it navigable for " boats of ordinary coasting draft."

Therefore the Governor General in Council is pleased to approve of the general pier head-line in the Harbour of Vancouver, proposed by the Canadian Pacific Railway Company, as shown on a sketch attached to Order in Council of 28th February, 1903, in this regard, and to order that this Order in Council do not become effective until publication thereof for two months in the *Canada Gazette* in order to permit of the reception of any objection which may be formulated to the "head-line" in question.

JOHN J. McGEE,
38-9 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 25th day of February, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 19th February, 1903, from the Minister of the Interior, stating that it having been represented to him that owing to their occupation on the rivers of the north, certain Half-breeds were unable to make claims before the Commission appointed to investigate and adjudicate upon the claims of Half-breeds at Lac La Biche and in the District of Athabasca and the adjoining country covered by Treaty No. 8, he authorized Mr. H. A. Conroy, Inspector for Indian Treaty No. 8, by letter dated the 7th November, 1902, on his visit to Lac La Biche and in the Lesser Slave Lake Country for the purpose of making the Indian Treaty payments, to receive evidence under oath in support of the claims of Half-breeds who were unable to appear before the former Commission or to make their claims before Mr. Macrae in 1900.

The Minister further states that he has recently received from Mr. Conroy the evidence taken before him, under the instructions above mentioned, in 64 applications for scrip.

The Minister therefore recommends that he be authorized to issue, after the claims have been examined and passed upon in the usual way, scrip to those of the claimants who are entitled thereto under paragraph "f" of section 90 of The Dominion Lands Act, as amended by section 4, chapter 16, of the Act 62-63 Victoria.

JOHN J. McGEE,
37-4 Clerk of the Privy Council.

(33) RIVER ST. MARY—CANADIAN SAULT CANAL—RANGE AT UPPER ENTRANCE—CHANGE IN COLOUR OF LIGHTS.

On the opening of navigation in the spring of 1903, the range lights marking the approach from the westward to the Canadian canal at Sault Ste. Marie, in the river St. Mary, Ontario, will be improved by substituting for the illuminating apparatus hitherto used in each lighthouse a group of three incandescent electric lamps, each of 65-candle power, placed in the foci of paraboloidal reflectors.

Both lights will also be changed in colour from fixed white to fixed red.

These lights should show very strong beams in and over a small arc on each side of the line of range.

The lights herein referred to are those shown from the lantern on the cribwork beacon at the turn in the channel, and from the tower on Davignon point.

(34) River St. Mary—Canadian Sault canal—Change in colour of lights on upper extremities.

At the same time the electric arc light, maintained by the Department of Railways and Canals on the upper end of the north pier of the Canadian canal at Sault Ste. Marie, Ontario, and the similar light on the upper end of the south pier, which were in 1896 changed in colour from white to red, will be changed in colour from red to green, so as to distinguish them from the red range described above.

The two lights to be changed in colour are respectively the most westwardly light of each of the two rows of arc lights illuminating the canal bank and cribwork approaches.

UNITED STATES OF AMERICA.

(35) St. Lawrence river—New York.

Granite state shoal gas buoy—Intended establishment.—On the opening of navigation, 1903, a gas buoy, No. 10, painted red, and showing a *white* light during periods of 10 *seconds*, separated by *eclipses of* 10 *seconds*' duration, will be established in 17 feet of water, on the eastern point of Granite State shoal, northwestern side of the channel of the St. Lawrence river, about $\frac{1}{5}$ mile N. 28° E. from Rock island lighthouse, New York, in the place of the 20-foot spar buoy heretofore used to mark the shoal.

Rock island light station to be moved.—The tower from which Rock island light is shown is being moved about 125 feet in a northwesterly direction and set upon a conical substructure, 20 feet in height, with a concrete base.

The structure will be completed on the opening of navigation, 1903, and the light shown therefrom, without change in characteristic, but at a height of 50 feet, instead of 45 feet as heretofore. The new part of the tower will be of white brick, natural colour.

The new location is at the water's edge, on the northwestern point of Rock island, New York, southeastern side of the channel of the St. Lawrence river at the head of the Narrows.

Rock island reef gas buoy, No. 23, to be discontinued.—On the opening of navigation, 1903, this buoy, heretofore marking the western end of the reef making off to the westward from Rock island, St. Lawrence river, New York, will be discontinued.

(22) Presqu'ile entrance—Old lighthouse tower removed.

The light in the back tower of the range which formerly led into Presqu'île bay, on the north shore of Lake Ontario, was discontinued when the ranges leading to the upper entrance of the Murray canal were established in 1891, but the tower was left standing because it was of use to small boats entering by the old shallow channel. In one with the lighthouse on Salt point it led through that channel. In conse-

quence of decay it has now been found necessary to take down the old tower, and it is therefore no longer available as a day beacon.

(30) Bay of Fundy—Grand Manan—Gull cove—Light established.

A light, established by the Government of Canada at Gull cove, on the east shore of Whitehead island, off the east coast of Grand Manan island, Bay of Fundy, in the County of Charlotte, New Brunswick, was put in operation on the 30th December, 1902, as a guide for fishing boats.

Lat. N. 44° 37′ 55″
Long. W. 66 41 50

The light is fixed white, shown from a lantern with a pressed glass lens, hoisted on a mast. It is elevated 90 feet above high water mark, and should be visible 6 miles from all points of approach by water.

The mast is 35 feet high, and stands about 600 feet back from the shore in the bottom of the cove, near Mr. Lewis Frankland's house.

To enter the cove the light should be brought to bear west, when it should be run for till anchorage in 5 fathoms is reached.

The note in the remarks column of the Canadian list of lights and fog signals, 1902, respecting the visibility of the light shown from the lighthouse on Swallowtail, the northeast extremity of Grand Manan island, is erroneous. The light is visible from S. 8° E., on which bearing it opens clear of Fish head, round through south, west and north to N. 8° E. It can also be seen to the westward of this last bearing in the coves south of the lighthouse, on the east side of Grand Manan island, where not hidden by intervening high land.

Department of Marine and Fisheries,
Ottawa, Canada, 4th March, 1903.

Pilots, masters, or others interested are earnestly requested to send information of dangers, changes in aids to navigation, notices of new shoals or channels, errors in publications, or any other facts affecting the navigation of Canadian waters, to the Chief Engineer, Department of Marine and Fisheries, Ottawa, Canada. Such communications can be mailed free of Canadian postage. 38–3

NOTICE TO MARINERS.

No. 19 of 1903.

(*Inland Notice No.* 5.)

All bearings, unless otherwise noted, are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

ONTARIO.

(32) Georgian bay—Collingwood harbour—Temporary range lights and beacons—Hydrographic notes.

Shore range lights.—Temporary range lights, locally known as the "shore range" have been established and are maintained by the Corporation of Collingwood, in the south extremity of the harbour, which in one indicate the middle of the 20-foot channel from its outer extremity, outside the west breakwater pier, to the curve near the fixed red light on the crib in the harbour.

The front light of this range stands upon the shore in the south part of the harbour at a point 330 feet S. 17° W. from the northwest extremity of Fleming's wharf.

It consists of two fixed white lantern lights six feet apart vertically, hoisted on a pole painted white, having a diamond-shaped white slatted beacon on top.

The back light pole stands on the south side of Second street, 130 feet west from its intersection with the west side of Cedar street, and is distant 1610 feet S. 10° W. from the front light pole.

Two fixed white lights, shown from lanterns 6 feet apart vertically, hoisted on this pole, are shown. The pole is 55 feet high, and has on its top a diamond-shaped slatwork beacon, 12 feet high by 8 feet wide, the whole painted white.

Elevator day beacons.—The middle of the 20-foot channel leading to the elevator is marked by two day beacons.

The front beacon consists of a diamond-shaped slatwork, painted white, attached to a mast rising 32 feet above water level, on the outer or northwest end of the elevator wharf.

The back beacon consists of a diamond-shaped white mark, painted on the northwest end of the elevator, at a height of 40 feet above the water.

These two beacons in one, bearing S. 53½° E., mark the middle of the 20-foot channel, leading from the south end of the curve to the elevator. This channel is 110 feet wide.

Sailing directions.—Vessels should not approach the entrance within one mile until the "shore range" (described above) comes on, bearing S. 10° W. Keep this on until abreast of the end of the east breakwater, when gradually turn keeping the black buoys on the curve well aboard until the elevator beacons are in one, S. 53½° E. if bound thither. If bound for the G.T.R. or Town wharf, bring the gap between the two wharves ahead and the crib light astern, S. 50½° E. Only 15 feet water will be found on this last line.

Channels to wharves.—A channel 80 feet wide with a depth of 14 feet has been dredged from a point immediately outside the crib light to the wharf of the

Collingwood Meat Company, and from this other channels 12 feet deep lead to the lumber wharves of Messrs. Charlton. These are all in the extreme east end of the harbour.

Position of Middle ground.—The Middle ground referred to in notice to mariners No. 41 (153) of 1902, is a straight strip about 30 feet wide, with about 12 feet water on it, which lies between the 20-foot and 15-foot channels, in the straight cut leading up to the elevator wharf, and not near the outer light, as indicated in that notice. It is marked by striped buoys as described.

Dry dock.—Work is in progress on an enlargement of the dry dock in Collingwood harbour. When completed it will be 530 feet long and 78 feet wide, with 16 feet on the mitre sill.

APPLICATIONS TO PARLIAMENT.

Condensed Rules *in re* Notices for Private Bills.

All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of The British North America Act, 1867, for granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community ; or for making any amendment to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application ; such notice (except in the case of existing corporations) shall be signed by, or on behalf of the applicants, and be published as follows, viz.:

In the Provinces of Quebec and Manitoba.

In the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District in which a newspaper is published.

In any other Province or Territory.

In the *Canada Gazette*, and in one newspaper published in the County or District, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County or District in which a newspaper is published. Such Notices shall be continued in each case, for a period of at least two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. Marked copies of all the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House, endorsed "Application for a Private Bill."

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioners shall also, at the same time and in the same manner, give notice of the proposed rates of toll, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and, if a drawbridge, the dimensions of the same.

Any person seeking to obtain a Private Bill shall, at least eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the Bill is to originate, a copy of such Bill in the English or French language, with a sum sufficient to pay for translating and printing the same. The applicant shall also, after the second reading, and before the consideration of the Bill by any Committee, pay the Clerk of the Senate, or the Accountant of the House of Commons (as the case may be) a fee of $200, and a sum sufficient to pay the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred.

The fee of $200 payable on any Private Bill is paid only in the House in which such Bill originates ; but the charges for reprinting and translation consequent thereon are paid in the House in which such charges are incurred.

No petition for a Private Bill is received by the Senate or by the House of Commons after the first three weeks of the Session.

No Private Bill may be presented to the Senate or to the House of Commons after the first four weeks of the Session.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate.

THOMAS B. FLINT,
Clerk of the Commons.

—

Special Rule of the Senate.

49. (*c.*) When a Bill is to operate in more than one Province, Territory or District, the notices shall be published in the *Canada Gazette* and in a leading newspaper published in each Province, Territory or District in which the Bill is to operate.

Standing Order.

When any Bill, confirming a deed, lease, agreement or other instrument, is brought up or presented to the Senate, such deed, lease, agreement or other instrument shall be set forth in the Bill by way of Schedule or otherwise.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate

—

Additional Rules of the House of Commons respecting Private Bills.

All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the *clauses* of the *General Acts* relating to the details to be provided for by such Bill ;—special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof, in which the *General Act* is proposed to be departed from ;—Bills which are not framed in accordance with this *Rule*, shall be recast by the promoters, and reprinted at their expense, before any Committee passes upon the *Clauses*.

51*a*. All Private Bills for Acts of incorporation of, or in amendment of Acts incorporating Railway Companies, shall be drawn in accordance with the Model Bill, copies of which may be obtained from the Clerk of the House.

(*a.*) The provisions contained in any Bill which are not in accord with the Model Bill, shall be inserted between brackets, and when revised by the proper officer shall be so printed, and Bills which are not in accordance with this Rule shall be returned to the promoters to be recast before being revised and printed ;

(*b.*) Any sections of existing Acts which are proposed to be amended shall be reprinted in full with the amendments inserted in their proper places and between brackets ;

(*c.*) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the Notice of Application for the same.

51*b*. No Bill for the incorporation of a Railway Company, or for changing the route of the railway of any company already incorporated, shall be considered by the Railway Committee until there has been filed with the Committee, at least one week before the consideration of the Bill :—

(*a*.) A Map or Plan drawn upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the lines of existing or authorized works of a similar character within, or in any way affecting the district, or any part thereof, which the proposed work is intended to serve, and such map or plan shall be signed by the Engineer or other person making the same ;

(*b*.) An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking, and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures, or other securities, and the amount of each, respectively.

THOMAS B. FLINT,
Clerk of the Commons.

—

SPECIAL ORDER OF THE HOUSE OF COMMONS.

Resolved, That the Clerk of the House do have a copy of the new Rule 49 sent to those persons giving notice in the *Canada Gazette* of their intention to apply to Parliament for the passing of a Private Bill, together with a notification that the said Rule will be strictly adhered to for the future :—

49. Petitions for Private Bills shall only be received by the House within the first *three weeks* of the session, and Private Bills may only be presented to the House within the first *four weeks* of the session, and it shall be the duty of any Committee to which any Private Bill may be referred to consider and report the same to the House with all convenient speed.

2. That it be an instruction to all Committees on Private Bills, in the event of promoters not being ready to proceed with their measures when the same have been twice called *on two separate occasions* for consideration by the Committee, that such measures shall be reported back to the House forthwith, together with a statement of the facts and with the recommendation that such Bills be withdrawn.

THOMAS B. FLINT,
Clerk of the Commons.

—

SUBSTANCE OF RULES OF THE SENATE RELATING TO NOTICES AND APPLICATIONS FOR BILLS OF DIVORCE.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be published during six months before the presentation of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the District in Quebec, Manitoba, British Columbia or the North-west Territories, or in the County or Union of Counties in other Provinces, wherein such applicant usually resided at the time of the separation of the parties ; but if the requisite number of papers cannot be found therein, then in an adjoining District or County or Union of Counties. Notices given in the Provinces of Quebec and Manitoba are to be published in one English and in one French newspaper, if there be such newspapers published in the District, but otherwise shall be published in each newspaper in both languages.

A copy of the said Notice shall, not less than one month before the date of the presentation of the Petition, at the instance of the applicant, be served personally on the person from whom the divorce is sought, when that can be done.

No petition for divorce shall be received after the first thirty days of each session.

The petition of an applicant for divorce must be fairly written and must be signed by the Petitioner, and should briefly set forth the marriage, when, where and by whom the ceremony was performed, the grounds on which relief is asked and the nature of the relief prayed and should also negative condonation, collusion and connivance. The allegations of the petition must be verified by declaration of the Petitioner, under The Canada Evidence Act, 1893.

The applicant shall deposit with the Clerk of the Senate, eight days before the opening of Parliament, a copy, in the English or French language, of the proposed Bill of Divorce, and therewith a sum sufficient to pay for translating and printing 600 copies thereof in English and 200 copies in French.

No petition for a Bill of Divorce shall be presented unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred dollars ($200).

The petition when presented shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy thereof, and by a copy of the proposed Bill.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate.

HOTEL DU GOUVERNEMENT À OTTAWA.

Samedi, le 7e jour de février 1903.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 20 de janvier 1903, du ministre de l'Intérieur, soumettant que la Compagnie de chemin de fer Manitoba et North Western est le concessionnaire de la Couronne pour le Canada de certaines terres dans le Manitoba et les territoires du Nord-Ouest comme subvention en terres pour aider à la construction du chemin de fer de cette compagnie, et ont pétitionné que le titre de certaines de ces terres soit attribué à la Couronne pour l'usage de la province du Manitoba.

Le Ministre dit que le dit gouvernement du Manitoba a envoyé à Ottawa les mandats concernant les terres pour lesquelles un titre a été demandé, et a défrayé les frais nécessaires d'arpentage au taux de 10 centins l'acre, tel que stipulé dans la dite concession.

Le ministre recommande en conséquence que le titre soit attribué à Sa Majesté le roi Edouard VII, pour l'usage de la dite province au Manitoba, à toutes les terres énumérées dans la liste ci-jointe, se montant à 2,496.60 acres, plus ou moins.

Le comité soumet ce qui précède à l'approbation.

JOHN J. McGEE,
Greffier du Conseil privé.

HOTEL DU GOUVERNEMENT À OTTAWA.

Mardi, le 25e jour de février 1903.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 13 de février 1903, du ministre de l'Intérieur, soumettant que des représentations lui ayant été faites par l'Honorable G. H. V. Bulyea, de la part du gouvernement des territoires du Nord-Ouest, que vu la grande affluence de colons dans les territoires, le gouvernement est d'avis qu'il serait judicieux dans l'intérêt du Fonds de dotation des terres des écoles d'offrir en vente à l'enchère publique un nombre de terres des écoles dans Assiniboïa-Est au commencement de l'été prochain, car on est convaincu que de hauts prix seraient obtenus pour ces terres, M. J. W. Greenway, inspecteur des terres des écoles a été chargé de rencontrer un représentant du gouvernement du Nord-Ouest dans le but de s'entendre ensemble pour mettre un prix de départ sur les terres des écoles qu'il est recommandé d'offrir en vente.

Le Ministre dit qu'un rapport a depuis été reçu de M. Greenway avec une liste des prix de départ qu'il est suggéré de placer sur les terres en question, le prix minimum suggéré étant de $7 l'acre.

Les terres des écoles qu'il est proposé d'offrir en vente sont situées, généralement parlant, le long de la ligne-mère du chemin de fer Canadien du Pacifique, l'embranchement Souris de ce chemin de fer et son prolongement nord-ouest, et dans un rayon de douze à trente milles de ces lignes, les dites terres étant comprises entre la frontière ouest du Manitoba et le troisième méridien principal.

Il est aussi proposé d'inclure dans la vente les sections des écoles renfermées dans un bloc de terre situé entre la frontière ouest du Manitoba et le rang 7 à l'ouest du deuxième méridien principal, dans le voisinage du prolongement Pipestone du chemin de fer Canadien du Pacifique.

Il est proposé que les ventes à l'enchère soient tenues aux endroits suivants, savoir, à Régina, Moose Jaw, Qu'Appelle, Wolsely, Grenfell, Whitewood, Moosomin, Carlyle, Carnduff, Alameda et Yellow Grass, commençant à Régina le 20 de mai prochain, et finissant à Yellow Grass le 22 de juin.

Le Ministre, vu la grande demande qui existe actuellement pour des terres dans les territoires du Nord-Ouest, et que les prix de départ mis sur les terres des écoles sont assez élevés pour les empêcher d'être sacrifiées dans le cas où la compétition ne serait pas aussi vive qu'on s'y attend, est d'avis qu'il serait dans l'intérêt du Fonds de dotation des terres des écoles d'offrir les terres en question en vente dans les mois de mai et juin prochains, et il recommande en conséquence qu'il soit autorisé à offrir en vente à l'enchère publique aux termes et conditions de l'*Acte des terres fédérales*, les terres des écoles comprises dans la liste préparée à la recommandation du gouvernement du Nord-Ouest aux endroits de vente et aux dates indiqués plus haut, avec la faculté, toutefois, au ministre de l'Intérieur, de faire tels changements dans les endroits de vente et les dates qu'il jugera bon.

Le Ministre recommande aussi, en vue de l'importance de donner une aussi grande publicité que possible à la vente projetée, qu'il soit autorisé à l'annoncer dans les journaux aussi souvent qu'il pourra le juger nécessaire, nonobstant toute chose contenue dans les règlements concernant les impressions et annonces du gouvernement.

Le comité soumet ce qui précède à l'approbation.

JOHN J. McGEE,
39-4 Greffier du Conseil privé.

AUX ANNONCEURS DANS LA *GAZETTE*.

CEUX qui envoient des annonces pour être insérées dans la *Gazette du Canada*, voudront bien se conformer aux règles ci-dessous :

1. Adresser "Gazette du Canada, Ottawa, Canada."
2. Indiquer le nombre voulu d'insertions.
3. **TRANSMETTRE INVARIABLEMENT LE PRIX DE L'ANNONCE AINSI QUE LE PRIX D'UN EXEMPLAIRE DE LA *GAZETTE*, TELS QUE DONNÉS PLUS BAS ; SANS CELA L'ANNONCE NE SERA PAS PUBLIÉE.**

Les prix sont de dix cts. pour la première insertion et cinq cts. pour chaque insertion subséquente par ligne de neuf mots, chaque chiffre comptant pour un mot. Aucune annonce n'est insérée pour moins d'une piastre.

D'après la pratique établie et reconnue, telle que prescrite par la loi, les règlements du parlement et les décisions du ministère de la Justice, les avis reçoivent le nombre d'insertions ci-dessous :—

Les avis de demandes de divorce—27 insertions.

Les avis de retrait de dépôts des compagnies d'assurances—13 insertions.

Les avis de demandes ordinaires au parlement—9 insertions.

Les avis de demandes de lettres patentes en vertu de l'*Acte des compagnies de prêt* (A. C. publié dans la *Gazette* 15 juin 1901)—2 insertions.

Les avis de dividendes et d'assemblées de banques et de compagnies d'assurances,—1 mois de calendrier ou 5 insertions.

Les abonnés observeront aussi que le prix d'abonnement, $4 par année, est invariablement payable d'avance, et que l'envoi de la *Gazette* sera arrêté à l'expiration de la période payée. Chaque exemplaire coûte dix cts., et quand les annonceurs en veulent plus qu'un, ils devront faire une remise en conséquence.

DEMANDES AU PARLEMENT.

Règles *in re* Avis de bills privés.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devron être transmis au greffier de chaque chambre, et porter à l'enclos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

THOMAS B. FLINT,
Greffier des Communes.

Règle spéciale du Sénat.

49. (*c.*) Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

Ordre permanent.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

Règles additionnelles de la Chambre des Communes concernant les bills privés.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(*a.*) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées

ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b.*) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c.*) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

THOMAS B. FLINT,
Greffier des Communes.

—

ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

THOMAS B. FLINT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat

LA Compagnie de chemin de fer de St-Chrysostome demandera au parlement, à sa présente session, un acte déclarant son chemin de fer d'un avantage général pour le Canada, fixant le délai pour son achèvement, et l'autorisant à faire des arrangements avec d'autres compagnies.

GRAND TRONC DE CHEMIN DE FER DU CANADA.

AVIS est donné par le présent que l'assemblée générale semi-annuelle ordinaire de la Compagnie du Grand Tronc de chemin de fer du Canada aura lieu au City Terminus Hotel, Cannon Street, Londres, E.C., jeudi le 16 d'avril 1903, à deux heures p.m. précises, dans le but de recevoir un rapport des directeurs, élire des directeurs et auditeurs, et expédier d'autres affaires de la compagnie.

Avis est aussi donné que les livres de transferts de la compagnie à Londres, et en Canada, seront fermés depuis lundi le 16e jour de mars jusqu'au jour de l'assemblée, ces deux jours inclusivement.

Par ordre,

C. RIVERS WILSON, président.
H. H. NORMAN, secrétaire.

Dashwood House, 9 New Broad Street, Londres, E.C., 12 mars 1903. 37–5

BANQUE DE L'AMÉRIQUE BRITANNIQUE DU NORD.

CONSTITUÉE PAR CHARTE ROYALE.

LA cour des directeurs donne avis par le présent qu'un dividende de trente (30) chelins par action sera payé le 2e jour d'avril prochain aux propriétaires d'actions enregistrées dans les colonies, faisant, avec le dividende payé en octobre, une distribution de 6% pour l'année finissant le 31 décembre 1902.

Le dividende sera payable au taux du change courant le 2e jour d'avril 1903, lequel sera fixé par les gérants.

Il ne pourra être fait de transferts entre le 19 courant et le 2 proximo, vu que les livres doivent être fermés durant cet intervalle.

Par ordre de la cour,

(Signé) A. G. WALLIS,
Secrétaire.

ORDERS IN COUNCIL.

[Ref. 440,286.)

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 7th day of March, 1903

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS Section 1 of the Regulations governing the Administration of Dominion Lands in the Yukon Territory containing coal, established by the Order in Council of the 21st of January, 1901, provides for the collection of a royalty on the gross output of the mine at such rate per ton as may from

time to time be specified by the Governor General in Council;

Therefore the Governor General in Council is pleased to order that the amount of the royalty to be collected shall be and the same is hereby fixed for a period of ten years from the date hereof at the rate of ten cents per ton of two thousand pounds, and that the right of altering said rate after the expiration of such period of ten years be reserved.

JOHN J. McGEE,
41-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA

Tuesday, the 31st day of March, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Governor General in Council is pleased to order that the Order in Council of the 4th February, 1903, adopting "General Conditions of Carriage" for freight over the Canadian Government Railways, shall be and the same is hereby amended to the effect of substituting, in place of clause No. 28 of the said Conditions (relative to the loading of lumber) clause No. 28 hereto attached.

JOHN J. McGEE,
Clerk of the Privy Council.

—

28. Except as hereafter stated all lumber must be loaded at sidings or spurs, and not on the main tracks of any through or branch line. By special arrangement with the Superintendent, the loading of lumber may be permitted on such main tracks when in quantites sufficient for a full train load of 12 cars, and when so placed as to be readily loaded on the cars with the assistance of an engine. The extra charge for engine service shall be three dollars per hour, with a minimum charge of fifteen dollars for any part of a day; the time to count from the hour the engine is ordered out for such service until it is registered in again, including running to and from the working point but not including any time during which the engine is laid up for the night. In the event of the engine and crew being sent, after the loading is completed, to some point other than the point from which originally ordered for such special service, the time shall count until the engine and crew are registered in at such other point, but not longer than would have been occupied in returning the engine and crew to such original starting point. 41-2

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 3rd day of February, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 2nd January, 1903, from the Minister of the Interior, submitting that Messrs. Jukes and Ducker, Commissioners appointed for the purpose of making a selection of Swamp Lands in Manitoba to be granted to that Province under the provisions of section 4, chapter 47, Revised Statutes of Canada, have made joint reports, dated respectively, 8th February, 1900, 25th April, 1900, 11th December, 1900, 15th May, 1901, 9th December, 1901, and 30th April, 1902, in which they submit, in accordance with the terms of the Order in Council in that behalf of the 19th June, 1886, and amending Order in Council of 27th February, 1899, schedules of lands examined by them for the purpose mentioned, comprising a total area of 827,489·79 acres.

The Minister states that of the area thus examined the Commissioners find an area of 320,467·96 acres falling to the Province as Swamp Lands.

By a comparison of the schedules furnished by the Commissioners with the books of the Department of the Interior and its agencies in Manitoba it has been found that of the total area of 320,467·96 acres selected as such Swamp Lands, an area of 175,499·48 acres is available.

That of the area of 175,499·48 acres available, 90,840·00 acres are unsurveyed, leaving an area of 84,659·48 acres available for transfer to the Province.

The Minister submits revised schedules marked A and B respectively, of such of the lands included in the schedules of the Commissioners are as found available comprising an area of 175,499·48 acres, and, having satisfied himself of the accuracy of these revised schedules, hereto attached, the Minister recommends that the lands enumerated in the schedule marked A and comprising an area of 84,659·48 acres, be vested in His Majesty King Edward the Seventh for the purposes of the Province of Manitoba under the provisions of the fourth section of chapter forty-seven of the Revised Statutes of Canada; and that the land enumerated in the Schedule marked B, and comprising an area of 90,840·00 acres, be reserved for the purposes of transfer to the Province of Manitoba, and that when the Surveyor General reports these lands surveyed, title to them be vested in the Province.

The Committee submit the same for approval.

JOHN J. McGEE,
Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 31st day of March, 1903

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS Section 41 of the Regulations governing Placer Mining in the Yukon Territory established by the Order in Council of the 13th of March, 1901, provides that any free miner having duly located and recorded a claim shall be entitled to hold it for the period for which he received entry, and thence from year to year by re-recording the same, providing, however, that during each year and each succeeding year such free miner shall do or cause to be done work on the claim itself to the value of $200.00 or he may at his option in lieu of the work required to be done thereon each year pay to the Mining Recorder in whose office the claim is recorded the sum of $200.00 for each of the first three years, but for the fourth and succeeding years the sum of $400.00 must be paid in lieu of work done on the location or in connection therewith ;

And whereas the Commissioner of the Yukon Territory reports that it would be in the public interest if the amount of work to be done in each year on a placer mining claim could not be commuted by payment of a fee in lieu thereof ;

Therefore, the Governor General in Council is pleased, in virtue of clause 47 of the Dominion Lands Act, as enacted by section 5 of the Act 55-56 Victoria chapter 15, and of section 8 of the Yukon Territory Act, as enacted by section 3 of the Act 2 Edward VII, chapter 34, to order, and it is hereby ordered, that the provisions contained in the several sub-clauses of section 41 of the Regulations established by Order in Council of the 13th of March, 1901, for payment, at the option of the free miner, in lieu of assessment work, shall be rescinded on and after the first day of August, 1903.

JOHN J. McGEE,
41-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 3rd day of February, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Governor General in Council is pleased, in pursuance of the provisions of sub-clause 1 of clause 19 of The Dominion Lands Act, chapter 54, of the Revised Statutes of Canada, to order that the rates for township subdivision surveys fixed by previous Orders in Council shall be and the same are hereby rescinded, and that township subdivision surveys executed under contract, shall be hereafter paid as follows :—

1st. Section lines shall be paid for at the rate of five dollars per mile of line surveyed.

2nd. A further payment at the rate of fifty cents per chain, up to ten chains in a section side, shall be made for opening, cutting, and blazing the line through woods, windfalls, under-brush, or heavy scrub.

3rd. Any opening, cutting and blazing of the line in excess of ten chains in a section side shall be paid at the rate of twenty-five cents per chain.

4th. No payment shall be made under the provisions of clauses 2 and 3 where the line could have been measured without opening or cutting.

5th. The part of a line measured across water by means of a triangulation shall, up to half a mile, be paid as opening through woods when the body of water is surrounded by continuous woods.

6th. For the interpretation of clauses 2 and 3, a section line shall mean the distance between two monuments at section corners or the places assigned to such corners, and this distance may include a road allowance.

7th. When the side of a section, exclusive of the road allowance is greater than ninety chains or smaller than seventy chains, the number of chains of opening or cutting which may be paid at the rate of fifty cents per chain shall be increased or reduced in proportion to the length of the section side.

8th. Only the lines actually run and marked in the field shall be paid for. Nothing shall be allowed for random and trail lines, bases of triangles and offsets.

9th. A further payment at the rate of three dollars per mile shall be made for section lines surveyed over rough or hilly country. A section side shall be classified as rough or hilly when the field notes show that it crosses a ravine not less than 100 feet deep or two ravines each not less than 50 feet deep, or that the difference of level between two points of the line not more than half a mile apart exceeds 200 feet, the depths or heights being measured by aneroid barometer.

10th. A further payment at the rate of four dollars per mile shall be made for surveying the meridian outlines of a township when such outlines are included in a subdivision survey contract.

11th. Section lines resurveyed or retraced shall be paid at the same rate as original section lines when such lines are resurveyed or retraced in compliance with the directions of the Manual of Survey or the instructions of the Surveyor General, but nothing shall be paid for the measurement of a portion of the outlines which the Manual of Survey directs to be made for testing the chaining before commencing the subdivision of a township.

12th. A further payment at the rate of twenty-five cents per pit in prairie, and of forty cents per pit in the woods, shall be made for every boundary monu-

ment, such payment to cover the cost of planting and marking the posts, building the mound, and otherwise completing the monument. A witness trench shall be paid as four pits.

13th. Traverses of lakes and rivers and connecting traverses shall be paid at the rate of eleven dollars per mile. For traverses of lakes and rivers, the distance to be paid for shall be measured along the bank of the lake or river from every point fixed by the survey in a straight line to the next point. Nothing shall be paid for offsets.

14th. One dollar shall be paid for every statutory declaration of a settler.

15th. Five dollars shall be paid for every astronomical observation (not more than two observations in a township) for ascertaining the direction of the meridian.

16th. The above allowances shall cover the cost of preparing the returns of the survey.

17th. Iron posts used on the survey will be supplied free of cost at Winnipeg. Posts not used shall, if not returned to stores, be charged to the Surveyor at forty cents each.

18th. A deduction at such rate as the Inspector of Surveys recommends shall be made from the payments to survey contractors for every survey monument not erected in conformity with the provisions of the Manual of Survey, whether the deficiency be in the size of the pits or the marking or driving of the posts, but such deduction shall not be more than three times the amount allowed for erecting the monument. In paying for traverses, one dollar shall be deducted for every offset less than required by the Manual of Survey.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 31st day of March, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS Section 2 of the Regulations governing Placer Mining in the Yukon Territory established by the Order in Council of the 13th of March, 1901, provides that for a Free Miner's Certificate issued in favour of an individual the fee shall be $10 and sections 29 and 34 of the Regulations in question provide for the payment of a fee of $15 for entry for a placer mining claim, and the payment of a like amount for renewal thereof each year ;

And whereas the Commissioner of the Yukon Territory now recommends that the charge for a Free Miner's Certificate be reduced to $7.50 and that the fee for a grant or for a renewal of a placer mining claim be reduced to $10 ;

Therefore, the Governor General in Council is pleased, in virtue of clause 47 of the Dominion Lands Act, as enacted by section 5 of the Act chapter 15, of 55-56 Victoria, and of section 8 of the Yukon Territory Act as enacted by section 3 of the Act chapter 34 of 2 Edward VII, to order that section 2 of the Regulations established by the Order in Council of the 13th of March, 1901, above referred to, shall be and the same is hereby amended by striking out the fee of $10 for which provision is made therein as the charge for a Free Miner's Certificate to an individual, and substituting therefor $7.50 ; and that sections 29 and 34 of the said Regulations, shall be, and the same are hereby amended, by substituting a charge of $10 for entry or for renewal of a placer mining claim in the place of the present charge of $15.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 31st day of March, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS section 6 of the Regulations governing the issue of leases to dredge for minerals in the beds of rivers in the Yukon Territory, established by the Order in Council of the 18th day of January, 1898, provides that the lessees shall pay to the Crown a royalty of 10 per cent on the output in excess of $15,000 as shown by sworn returns to be furnished monthly by the lessee to the Gold Commissioner during the period that dredging operations are being carried on ; such royalty, if any, to be paid with each return:

And whereas at the time these Regulations were approved the royalty on gold mined under the provisions of the Placer Mining Regulations was 10 per

cent of the gross output, but it has since been reduced to 2½ per cent on the value of the gold exported without any exemption :

Therefore the Governor General in Council is pleased, in virtue of the provisions of clause 47 of the Dominion Lands Act, as enacted by section 5 of chapter 15 of 55-56 Victoria, and of section 8 of The Yukon Territory Act, as enacted by section 3 of chapter 34 of 2 Edward VII, to order that the portion of section 6 of the Regulations governing the issue of leases to dredge for minerals in the rivers of the Yukon Territory, above quoted, and also section 6*a* of the said Regulations, shall be, and the same are hereby rescinded, and the following substituted therefor :—

"The same royalty shall be paid upon the output of gold as is provided, or may hereafter be provided, in the case of placer mining claims, such royalty to be paid in the manner provided in the Regulations governing Placer Mining."

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum dated 9th March, 1903, from the Minister of the Interior, submitting that on the 20th day of August, 1902, an Order in Council was passed authorizing the amendment of clause 13 of the Regulations for the survey, administration, disposal and management of Dominion Lands within the Railway Belt in British Columbia, so as to permit any person who would be entitled to a second homestead entry similar to the law affecting such entries in Manitoba and the North-west Territories to exercise that privilege within the said Railway Belt in British Columbia.

The Minister states that cases have arisen where settlers cannot comply with this amendment and are debarred from taking advantage of this privilege.

The Minister therefore recommends that in such cases he be given power to sell the land not exceeding 160 acres at the rate of $1.00 per acre, subject to Homestead conditions, the patent not to issue until these conditions have been performed to the satisfaction of the Commissioner of Dominion Lands.

The Committee submit the same for approval.

JOHN J. McGEE,
40–4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 11th day of March, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 26th February, 1903, from the Minister of Marine & Fisheries, submitting, that in 1884 a Bill passed both Houses of the United States Congress to remedy certain burdens on American shipping, in which it was enacted that whenever it appeared to the satisfaction of the Secretary of the Treasury of the United States that no tonnage dues were imposed on or exacted from vessels of the United States by any foreign nation, either directly or indirectly as light or tonnage dues of every description, the Secretary of the Treasury shall thereupon cease to collect dues imposed by any existing law upon the vessels of such nation arriving at ports in the United States.

The Minister states that at that time there were no tonnage dues of any kind levied upon vessels arriving at ports in Ontario from any port or place outside of that Province, and the Government becoming aware of the provisions of the Act passed by the United States Congress, above referred to, deemed it expedient to procure the benefits thereof for vessels arriving at ports in the United States from ports within the Province of Ontario.

The Minister further states that the necessary steps were therefore taken, and in 1885 a Proclamation was issued by President Arthur of the United States, by which vessels arriving at American ports from ports in Ontario, were exempted from the payment of tonnage dues of any kind whatever.

This state of affairs existed up to the Winter of 1902. In February of that year, Congress passed a Bill, which became law, by which United States officials were authorized to collect from the steamships of any foreign nation whatever arriving at American ports a tax equivalent to any tax imposed by that nation on vessels of the United States arriving at the ports of such country.

The Minister further observes that as the reciprocal arrangement above referred to was limited to the Province of Ontario, and did not extend to the other Provinces of the Dominion in which steamboat tax was and is enforced, the United States authorities on the passing of the Act of 1902, ignored the arrangement between the Province of Ontario and the United States under the proclamation of President Arthur in 1885, and directed their officials to collect steamboat inspection dues from passenger steamships arriving in the United States from ports in the Province of Ontario, the same as upon vessels arriving at American ports from any of the other Provinces of the Dominion ; and, as a matter of fact, steamboat inspection dues were exacted last season from Canadian passenger steamers arriving at ports in the United States from ports in the Province of Ontario, although the Dominion carried out the arrangement made under the Proclamation of President Arthur above referred to, and allowed the United States passenger steamships to enter and clear from any port in Ontario without paying steamboat inspection dues.

The Minister is therefore of the opinion that in justice to Canadian steamboat owners, steamboat inspection dues and fees should be imposed upon steamships arriving from any port in that country at any port in the Province of Ontario, as it is a disadvantage to Canadian steamboat owners to be compelled to pay a Canadian tax, while American vessels engaged in the same trade are exempted therefrom.

The Minister therefore recommends that the same inspection fees and dues imposed upon Canadian passenger steamships, be imposed upon passenger vessels arriving at ports in Ontario from ports in the United States, under the provisions of subsection 3 of the 3rd section of the "Steamboat Inspection Act," chapter 46 of 61 Victoria.

The Minister further recommends that the Canadian Order in Council of the 21st November, 1884, in conjunction with the Proclamation of President Arthur of 1885, shall be of no effect as regards the Province of Ontario from the date hereof.

The Committee submit the same for approval.

39–3 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 25th day of February, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 13th February, 1903, from the Minister of the Interior, submitting that representations having been made to him by the Honourable G. H. V. Bulyea, on behalf of the Government of the North-west Territories, that in view of the great influx of settlers into the Territories, it would in the opinion of that Government be advisable in the interests of the School Lands Endowment Fund to offer for sale at public auction a number of School Lands in Eastern Assiniboia during the early part of the coming summer, as it is confidently believed that high prices would be obtained for these lands, Mr. J. W. Greenway, Inspector of School Lands, was instructed to meet a representative of the North-west Government for the purpose of arranging with him a

schedule of upset prices to be placed on School Lands which it was recommended should be offered for sale.

The Minister states that a report has since been received from Mr. Greenway, with a list of the upset prices which it is suggested should be placed on the lands in question, the minimum price suggested being $7 per acre.

The School Lands which it is proposed should be offered for sale are situated, speaking generally, along the main line of the Canadian Pacific Railway, the Souris Branch of that railway and its northwestern extension, and within a radius from these lines of from twelve to thirty miles, the said lands being comprised between the western boundary of Manitoba and the Third Principal Meridian.

It is also proposed to include in the sale the School Sections within a block of land lying between the western boundary of Manitoba and Range 7, west of the Second Principal Meridian, in the vicinity of the Pipestone extension of the Canadian Pacific Railway.

It is proposed that the auction sales shall be held at the following points, namely—Regina, Moose Jaw, Qu'Appelle, Wolsely, Grenfell, Whitewood, Moosomin, Carlyle, Carnduff, Alameda and Yellow Grass, beginning at Regina on the 20th May next, and closing at Yellow Grass on the 22nd of June.

The Minister, in view of the great demand now existing for land in the North-west Territories, and as the upset prices placed upon the School Lands are sufficiently high to prevent them being sacrificed in case the competition should not be as keen as expected, is of opinion that it would be in the interests of the School Lands Endowment Fund to offer the lands in question for sale in the months of May and June next, and he therefore recommends that he be authorized to offer for sale at public auction under the terms and provisions of The Dominion Lands Act, the School Lands included in the list prepared on the recommendation of the North-west Government at the points of sale and on the dates before indicated, with power, however, to the Minister of the Interior to make such changes in the points of sale and in the dates as may seem advisable.

The Minister also recommends, in view of the importance of giving as wide a publicity as possible to the proposed sale, that he be authorized to advertise the same in such newspapers and for such number of insertions as he may deem necessary notwithstanding anything to the contrary contained in the regulations with respect to Government printing and advertizing.

The Committee submit the same for approval.

39-4 Clerk of the Privy Council.

Tuesday, the 10th day of February, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum, dated 2nd February, 1903, from the Minister of the Interior, stating that Mr. A. H. Eckford, of High River, Alberta, has applied to the Department of the Interior for the purchase of the following lands:—

1st. All of Section 4, Township 19, Range 29, west of the 4th Meridian, containing 643.56 acres.

2nd. The north half of Section 6 and the east half of the south-east quarter of said Section 6, in Township 17, Range 26, west of the 4th Meridian, containing 400 acres.

3rd. The fractional west half of Section 36, Township 18, Range 30, west of the 4th Meridian, containing 37.72 acres, making a total of 1081.28 acres, more or less.

4th. Also all that portion of the south-east quarter of Section 32, Township 18, Range 29, west of the 4th Meridian, lying north of High River, the said river, not however having been traversed.

The Minister further states that Mr. Eckford carries on extensive ranching operations in the district.

The Minister recommends, as Mr. Eckford's application was made long prior to the date when Dominion Lands were withdrawn from sale, and he having been informed at the time of his application that he would be allowed to purchase the lands in question, that he be authorized, in accordance with the provisions of The Dominion Lands Act which requires the authority of the Governor in Council for the sale to one individual of more than 640 acres, to sell the above lands to Mr. Eckford at the regulation price of $3.00 per acre. The usual terms of sale to be observed and to be subject to the purchaser having a traverse made at his own expense of that portion of High River running through the south-east quarter of Section 32 above mentioned, the cost of the said survey to be credited to him at the regular rate for contract work, namely $11.00 per mile.

The Minister further states that all the lands are clear in the records of the Department of the Interior.

The Committee submit the same for approval.

WHEREAS applications have been made to the Department of the Interior for the granting of permits to cut hay on lands in the District of Kamloops in the Railway Belt in the Province of British Columbia, and no provision for the granting of hay permits or leases of hay lands in the said Railway Belt has been made,—

Therefore the Governor General in Council is pleased to order that the Regulations relating to hay lands in Manitoba and the North-west Territories, shall be and the same are hereby extended to include lands within the Railway Belt in the Province of British Columbia.

The Governor General in Council is further pleased to authorize the Minister of the Interior to grant leases and permits in accordance with such regulations.

JOHN J. McGEE,
39-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 28th day of February, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS the Canadian Pacific Railway Company have applied to the Department of Public Works for the approval of a proposed general pier head-line in the Harbour of Vancouver, B.C.; this proposed extension of the pier head-line being intended to afford ampler wharf accommodation to meet the rapidly increasing shipping trade at Vancouver.

And whereas the Resident Engineer of the Department of Public Works, at New Westminster, reports as follows in regard to this application, the Acting Chief Engineer of the Department of Public Works concurring, viz.:—

"To any one familiar with the extent of the portion "of Burrard Inlet constituting the Harbour of Van- "couver, the concession asked for is comparatively so "slight as not to alter in any particular the existing "conditions as affecting the rights of the Dominion "Government. The extension of their present wharves "to a depth of some 60 feet of water only entails a "distance of some 600 feet in a direct line from the "face of their present wharves. The nearest land "opposite their proposed pier head-line is in the "opposite side of the harbour, some two miles distant; "a little to the west Brocton Point projects some "4,000 feet distant (see index plan), forming with the "main shore, Coal Harbour into which the Western "extension of these wharves will extend. The present "length of the proposed outer face wharves is some-

" what limited, not exceeding 3,000 lineal feet in " water at present admitting of sea-going vessels. " This, however, by a judicious combination of slips, " as shown on the original plan, more than doubles " the available frontage. As the Pacific terminus of " their road and the entrepot of their Oriental trade, " the concession asked for by this proposed extension " of their wharves, possibly limited by the great depth " of water and heavy expense involved, is in my opinion, " extremely moderate. It is impossible to anticipate " or to state with any degree of accuracy the enormous " volume of trade that the next decade may develop, " and ample room for ships, warehouses and railway " sidings is the first requisite to be considered. When, " as above stated, the width of the harbour is some 2 " miles, the extension of a few hundred feet so far " from being detrimental will prove a decided advan- " tage not only to the Railway Co., but the public in " relieving the present congested state of the accom- " modation at both Railway Station and wharves, " which will be accomplished by the extended water " front and greater accommodation in rear of the " docks. The extension westward into Coal Harbour " is a matter of reclamation in comparatively shallow " water with a channel some 600 feet in width that " will require to be dredged to make it navigable for " boats of ordinary coasting draft."

Therefore the Governor General in Council is pleased to approve of the general pier head-line in the Harbour of Vancouver, proposed by the Canadian Pacific Railway Company, as shown on a sketch attached to Order in Council of 28th February, 1903, in this regard, and to order that this Order in Council do not become effective until publication thereof for two months in the *Canada Gazette* in order to permit of the reception of any objection which may be formulated to the "head-line" in question.

JOHN J. McGEE,
38-9 Clerk of the Privy Council.

(33) RIVER ST. MARY—CANADIAN SAULT CANAL—RANGE AT UPPER ENTRANCE—CHANGE IN COLOUR OF LIGHTS.

On the opening of navigation in the spring of 1903, the range lights marking the approach from the westward to the Canadian canal at Sault Ste. Marie, in the river St. Mary, Ontario, will be improved by substituting for the illuminating apparatus hitherto used in each lighthouse a group of three incandescent electric lamps, each of 65-candle power, placed in the foci of paraboloidal reflectors.

Both lights will also be changed in colour from fixed white to fixed red.

These lights should show very strong beams in and over a small arc on each side of the line of range.

The lights herein referred to are those shown from the lantern on the cribwork beacon at the turn in the channel, and from the tower on Davignon point.

(34) RIVER ST. MARY—CANADIAN SAULT CANAL—CHANGE IN COLOUR OF LIGHTS ON UPPER EXTREMITIES.

At the same time the electric arc light, maintained by the Department of Railways and Canals on the upper end of the north pier of the Canadian canal at Sault Ste. Marie, Ontario, and the similar light on the upper end of the south pier, which were in 1896 changed in colour from white to red, will be changed in colour from red to green, so as to distinguish them from the red range described above.

The two lights to be changed in colour are respectively the most westwardly light of each of the two rows of arc lights illuminating the canal bank and cribwork approaches.

UNITED STATES OF AMERICA.

(35) ST. LAWRENCE RIVER—NEW YORK.

Granite state shoal gas buoy—Intended establishment.—On the opening of navigation, 1903, a gas buoy, No. 10, painted red, and showing a *white* light during periods of 10 *seconds*, separated by *eclipses of* 10 *seconds'* duration, will be established in 17 feet of water, on the eastern point of Granite State shoal, northwestern side of the channel of the St. Lawrence river, about $\frac{1}{8}$ mile N. 28° E. from Rock island lighthouse, New York, in the place of the 20-foot spar buoy heretofore used to mark the shoal.

Rock island light station to be moved.—The tower from which Rock island light is shown is being moved about 125 feet in a northwesterly direction and set upon a conical substructure, 20 feet in height, with a concrete base.

The structure will be completed on the opening of navigation, 1903, and the light shown therefrom, without change in characteristic, but at a height of 50 feet, instead of 45 feet as heretofore. The new part of the tower will be of white brick, natural colour.

The new location is at the water's edge, on the northwestern point of Rock island, New York, southeastern side of the channel of the St. Lawrence river at the head of the Narrows.

Rock island reef gas buoy, No. 23, *to be discontinued.*—On the opening of navigation, 1903, this buoy, heretofore marking the western end of the reef making off to the westward from Rock island, St. Lawrence river, New York, will be discontinued.

TO ADVERTISERS IN THE *GAZETTE*.

PARTIES sending advertisements to be inserted in the *Canada Gazette* will please observe the following rules :

1st. Address "The Canada Gazette, Ottawa, Canada."

2nd. Indicate the number of insertions required.

3rd. INVARIABLY REMIT THE FEES FOR SUCH ADVERTISEMENTS, TOGETHER WITH THE PRICE OF ONE GAZETTE, AS BELOW. OTHERWISE THEY WILL NOT BE INSERTED.

The rates are 10 cents for the first insertion, and five cents for each subsequent insertion per line of nine words, each figure counting as one word. No advertisement is inserted for a less charge than one dollar.

By settled or understood practice as prescribed by law, the rules of Parliament or decisions of the Department of Justice, notices receive the following insertions :—

Notices of applications for divorce—27 insertions.

Notices of the withdrawal of deposits of Insurance Companies—13 insertions.

Notices of ordinary applications to Parliament—9 insertions.

Notices of applications for Letters Patent under Loan Companies Act (per O. in C. published in *Gazette* of 15th June, 1901)—2 insertions.

Notices of dividends and meetings of Banks and Insurance Companies—1 calendar month, or 5 insertions.

Subscribers will also notice that the subscription, $4 per annum, is invariably payable in advance, and that the "Gazette" will be stopped at the end of the period paid for. Single numbers will be charged ten cents each, and when more than one are required by advertisers, must be remitted for likewise.

APPLICATIONS TO PARLIAMENT.

Condensed Rules *in re* Notices for Private Bills.

All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of The British North America Act, 1867, for granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community ; or for making any amendment to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application ; such notice (except in the case of existing corporations) shall be signed by, or on behalf of the applicants, and be published as follows, viz.:

In the Provinces of Quebec and Manitoba.

In the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District in which a newspaper is published.

In any other Province or Territory.

In the *Canada Gazette*, and in one newspaper published in the County or District, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County or District in which a newspaper is published. Such Notices shall be continued in each case, for a period of at least two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. Marked copies of all the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House, endorsed "Application for a Private Bill."

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioners shall also, at the same time and in the same manner, give notice of the proposed rates of toll, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and, if a drawbridge, the dimensions of the same.

Any person seeking to obtain a Private Bill shall, at least eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the Bill is to originate, a copy of such Bill in the English or French language, with a sum sufficient to pay for translating and printing the same. The applicant shall also, after the second reading, and before the consideration of the Bill by any Committee, pay the Clerk of the Senate, or the Accountant of the House of Commons (as the case may be) a fee of $200, and a sum sufficient to pay the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred.

The fee of $200 payable on any Private Bill is paid only in the House in which such Bill originates ; but the charges for reprinting and translation consequent thereon are paid in the House in which such charges are incurred.

No petition for a Private Bill is received by the Senate or by the House of Commons after the first three weeks of the Session.

No Private Bill may be presented to the Senate or to the House of Commons after the first four weeks of the Session.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate.

THOMAS B. FLINT,
Clerk of the Commons.

—

Special Rule of the Senate.

49. (*c.*) When a Bill is to operate in more than one Province, Territory or District, the notices shall be published in the *Canada Gazette* and in a leading newspaper published in each Province, Territory or District in which the Bill is to operate.

Standing Order.

When any Bill, confirming a deed, lease, agreement or other instrument, is brought up or presented to the Senate, such deed, lease, agreement or other instrument shall be set forth in the Bill by way of Schedule or otherwise.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate

—

Additional Rules of the House of Commons respecting Private Bills.

All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the *clauses* of the *General Acts* relating to the details to be provided for by such Bill ;—special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof, in which the *General Act* is proposed to be departed from ;—Bills which are not framed in accordance with this *Rule*, shall be recast by the promoters, and reprinted at their expense, before any Committee passes upon the *Clauses*.

51*a*. All Private Bills for Acts of incorporation of, or in amendment of Acts incorporating Railway Companies, shall be drawn in accordance with the Model Bill, copies of which may be obtained from the Clerk of the House.

(*a.*) The provisions contained in any Bill which are not in accord with the Model Bill, shall be inserted between brackets, and when revised by the proper officer shall be so printed, and Bills which are not in accordance with this Rule shall be returned to the promoters to be recast before being revised and printed ;

(*b.*) Any sections of existing Acts which are proposed to be amended shall be reprinted in full with the amendments inserted in their proper places and between brackets ;

(*c.*) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the Notice of Application for the same.

51*b*. No Bill for the incorporation of a Railway Company, or for changing the route of the railway of any company already incorporated, shall be considered by the Railway Committee until there has been filed with the Committee, at least one week before the consideration of the Bill :—

(*a*.) A Map or Plan drawn upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the lines of existing or authorized works of a similar character within, or in any way affecting the district, or any part thereof, which the proposed work is intended to serve, and such map or plan shall be signed by the Engineer or other person making the same ;

(*b*.) An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking, and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures, or other securities, and the amount of each, respectively.

THOMAS B. FLINT,
Clerk of the Commons.

—

SPECIAL ORDER OF THE HOUSE OF COMMONS.

Resolved, That the Clerk of the House do have a copy of the new Rule 49 sent to those persons giving notice in the *Canada Gazette* of their intention to apply to Parliament for the passing of a Private Bill, together with a notification that the said Rule will be strictly adhered to for the future :—

49. Petitions for Private Bills shall only be received by the House within the first *three weeks* of the session, and Private Bills may only be presented to the House within the first *four weeks* of the session, and it shall be the duty of any Committee to which any Private Bill may be referred to consider and report the same to the House with all convenient speed.

2. That it be an instruction to all Committees on Private Bills, in the event of promoters not being ready to proceed with their measures when the same have been twice called *on two separate occasions* for consideration by the Committee, that such measures shall be reported back to the House forthwith, together with a statement of the facts and with the recommendation that such Bills be withdrawn.

THOMAS B. FLINT,
Clerk of the Commons.

SUBSTANCE OF RULES OF THE SENATE RELATING TO NOTICES AND APPLICATIONS FOR BILLS OF DIVORCE.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be published during six months before the presentation of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the District in Quebec, Manitoba, British Columbia or the North-west Territories, or in the County or Union of Counties in other Provinces, wherein such applicant usually resided at the time of the separation of the parties ; but if the requisite number of papers cannot be found therein, then in an adjoining District or County or Union of Counties. Notices given in the Provinces of Quebec and Manitoba are to be published in one English and in one French newspaper, if there be such newspapers published in the District, but otherwise shall be published in each newspaper in both languages.

A copy of the said Notice shall, not less than one month before the date of the presentation of the Petition, at the instance of the applicant, be served personally on the person from whom the divorce is sought, when that can be done.

No petition for divorce shall be received after the first thirty days of each session.

The petition of an applicant for divorce must be fairly written and must be signed by the Petitioner, and should briefly set forth the marriage, when, where and by whom the ceremony was performed, the grounds on which relief is asked and the nature of the relief prayed and should also negative condonation, collusion and connivance. The allegations of the petition must be verified by declaration of the Petitioner, under The Canada Evidence Act, 1893.

The applicant shall deposit with the Clerk of the Senate, eight days before the opening of Parliament, a copy, in the English or French language, of the proposed Bill of Divorce, and therewith a sum sufficient to pay for translating and printing 600 copies thereof in English and 200 copies in French.

No petition for a Bill of Divorce shall be presented unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred dollars ($200).

The petition when presented shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy thereof, and by a copy of the proposed Bill.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate.

HOTEL DU GOUVERNEMENT À OTTAWA.

Mardi, le 3e jour de février 1903.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît au Gouverneur général en conseil, en conformité des dispositions du sous-article 1 de l'article 19 de l'*Acte des terres fédérales*, chapitre 54 des Statuts Revisés du Canada, d'ordonner que les taux fixés par des arrêtés en conseil antérieurs pour l'arpentage de subdivisions de townships, soient et ils sont par le présent rescindés, et que les arpentages de subdivisions de townships faits à l'entreprise, seront dorénavant payés comme ci-après :—

1. Les lignes de sections seront payées au taux de cinq piastres par mille de ligne arpentée.

2. Un paiement supplémentaire au taux de cinquante centins par chaîne, jusqu'à dix chaînes dans un côté de section, sera fait pour ouvrir, couper et marquer une ligne à travers bois, vents chablis, broussailles ou épais fourrés.

3. Toute ouverture, coupe et marquage de la ligne au delà de dix chaînes dans un côté de section sera payée au taux de vingt-cinq centins par chaîne.

4. Aucun paiement ne sera fait en vertu des articles 2 et 3 lorsque la ligne aurait pû être mesurée sans faire d'ouverture ou de coupe.

5. La partie d'une ligne mesurée en travers de l'eau au moyen d'une triangulation, jusqu'à un demi-mille, sera payée comme ouverture à travers bois lorsque la masse d'eau est entourée de bois continus.

6. Pour l'interprétation des articles 2 et 3, une ligne de section signifiera la distance entre deux monuments aux encoignures de sections ou les endroits assignés à ces encoignures, et cette distance pourra comprendre une réserve de chemin.

7. Lorsque le côté d'une section, à part de la réserve de chemin est plus grand que quatre-vingt-dix chaînes, ou moindre que soixante-dix chaînes, le nombre de chaînes d'ouverture ou de coupe qui peut être payé au taux de cinquante centins par chaîne, sera augmenté ou réduit en proportion de la longueur du côté de section.

8. Seules les lignes actuellement tracées et marquées sur le terrain seront payées. Rien ne sera alloué pour les lignes perdues ou de sentiers, les bases de triangles et les ordonnées.

9. Un paiement supplémentaire au taux de trois piastres par mille sera fait pour les lignes de sections arpentées sur un terrain accidenté ou montagneux. Un côté de section sera réputé accidenté ou montagneux lorsque le carnet de campagne indique qu'il franchit un ravin d'au moins 100 pieds de profondeur ou deux ravins chacun d'au moins 50 pieds de profondeur, ou que la différence de niveau entre deux points de la ligne à pas plus d'un demi-mille de distance l'un de l'autre, excède 200 pieds, les profondeurs ou hauteurs étant mesurées par un baromètre anéroïde.

10. Un paiement supplémentaire au taux de quatre piastres par mille sera fait pour arpenter les lignes extérieures méridiennes d'un township lorsque ces lignes extérieures sont comprises dans un contrat d'arpentage de subdivision.

11. Les lignes de sections réarpentées ou retracées seront payées au même taux que les lignes primitives de sections lorsque ces lignes sont réarpentées ou retracées en conformité du Manuel d'arpentage ou des instructions de l'Arpenteur général, mais rien ne sera payé pour le mesurage d'une partie des lignes extérieures que le Manuel d'arpentage oblige de faire pour éprouver le chaînage avant de commencer la subdivision d'un township.

12. Un paiement supplémentaire au taux de vingt-cinq centins par fosse dans la prairie et de quarante centins par fosse dans les bois, sera fait pour chaque monument de borne, ce paiement devant couvrir le coût de planter et marquer les poteaux, construire le monticule, et autrement compléter le monument. Une tranchée-témoin sera payée comme quatre fosses.

13. Les traverses des lacs et rivières et les traverses correspondantes seront payées au taux de onze piastres par mille. Pour les traverses des lacs et rivières, la distance à payer sera mesurée le long de la rive du lac ou rivière à partir de chaque point fixé par l'arpentage dans une ligne droite jusqu'au point suivant. Il ne sera rien payé pour les ordonnées.

14. Une piastre sera payée pour chaque déclaration statutaire d'un colon.

15. Cinq piastres seront payées pour chaque observation astronomique (pas plus que deux observations dans un township) pour constater la direction du méridien.

16. Les indemnités ci-dessus couvriront le coût de la préparation et des rapports de l'arpentage.

17. Les poteaux en fer employés à l'arpentage seront fournis gratuitement à Winnipeg. Les poteaux qui n'ont pas servi devront être renvoyés aux magasins, sinon ils seront portés au compte de l'arpenteur au prix de quarante centins chacun.

18. Un rabais au taux que l'inspecteur des arpentages recommandera sera fait sur les paiements des entrepreneurs d'arpentage pour chaque monument d'arpentage non érigé en conformité des dispositions du Manuel d'arpentage, soit que le défaut existe dans la dimension des fosses, ou dans le marquage ou enfoncement des poteaux, mais ce rabais ne sera pas plus fort que trois fois le montant alloué pour ériger le monument. En payant pour les traverses, une piastre sera déduite pour chaque ordonnée moindre que ne le prescrit le Manuel d'arpentage.

41-4 Greffier du Conseil privé.

Samedi, le 7e jour de février 1903.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 20 de janvier 1903, du ministre de l'Intérieur, soumettant que la Compagnie de chemin de fer Manitoba et North Western est le concessionnaire de la Couronne pour le Canada de certaines terres dans le Manitoba et les territoires du Nord-Ouest comme subvention en terres pour aider à la construction du chemin de fer de cette compagnie, et ont pétitionné que le titre de certaines de ces terres soit attribué à la Couronne pour l'usage de la province du Manitoba.

Le Ministre dit que le dit gouvernement du Manitoba a envoyé à Ottawa les mandats concernant les terres pour lesquelles un titre a été demandé, et a défrayé les frais nécessaires d'arpentage au taux de 10 centins l'acre, tel que stipulé dans la dite concession.

Le ministre recommande en conséquence que le titre soit attribué à Sa Majesté le roi Edouard VII, pour l'usage de la dite province au Manitoba, à toutes les terres énumérées dans la liste ci-jointe, se montant à 2,496.60 acres, plus ou moins.

Le comité soumet ce qui précède à l'approbation.

JOHN J. McGEE,

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît au Gouverneur général en conseil d'ordonner que l'arrêté en conseil du 4 février 1903, adoptant des "Conditions générales de transport" des marchandises sur les chemins de fer canadiens, soit et il est par le présent modifié de manière à substituer au lieu de la clause No. 28 des dites conditions (concernant le chargement du bois de service) la clause 28 ci-jointe.

JOHN J. McGEE,
Greffier du Conseil privé.

—

28.—Sauf tel que ci-après énoncé, tout le bois de service devra être chargé aux voies d'évitement ou de service, et non sur les voies principales d'une ligne de complet parcours ou d'embranchement. A la suite d'un arrangement spécial avec le surintendant, le chargement du bois de service pourra se faire sur les voies principales lorsqu'il est en quantité suffisante pour un plein chargement de convoi de 12 wagons, et placé de façon à être promptement chargé sur les wagons à l'aide d'une locomotive. Les frais supplémentaires exigés pour ce service seront de $3 par heure, avec une taxe minimum de $15 pour toute fraction d'une journée, à compter de l'heure où la locomotive a été désignée pour ce service jusqu'à ce qu'elle s'en revienne, y compris le va-et-vient au lieu de chargement ; mais ne comprenant pas le temps où la locomotive sera remisée pour la nuit. Dans le cas où la locomotive et l'équipe seraient envoyées, après que le travail de chargement est fini, à quelque point autre que celui pour lequel elles étaient d'abord envoyées pour ce service spécial, le temps comptera jusqu'à ce que la locomotive et l'équipe soient enregistrées à tel autre point, mais pas plus longtemps que ce qui aurait été occupé à ramener la locomotive et l'équipe au premier point de départ. 41-2

HOTEL DU GOUVERNEMENT À OTTAWA.

Mardi, le 25e jour de février 1903.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 13 de février 1903, du ministre de l'Intérieur, soumettant que des représentations lui ayant été faites par l'Honorable G. H. V. Bulyea, de la part du gouvernement des territoires du Nord-Ouest, que vu la grande affluence de colons dans les territoires, le gouvernement est d'avis qu'il serait judicieux dans l'intérêt du Fonds de dotation des terres des écoles d'offrir en vente à l'enchère publique un nombre de terres des écoles dans Assiniboïa-Est au commencement de l'été prochain, car on est convaincu que de hauts prix seraient obtenus pour ces terres, M. J. W. Greenway, inspecteur des terres des écoles a été chargé de rencontrer un représentant du gouvernement du Nord-Ouest dans le but de s'entendre ensemble pour mettre un prix de départ sur les terres des écoles qu'il est recommandé d'offrir en vente.

Le Ministre dit qu'un rapport a depuis été reçu de M. Greenway avec une liste des prix de départ qu'il est suggéré de placer sur les terres en question, le prix minimum suggéré étant de $7 l'acre.

Les terres des écoles qu'il est proposé d'offrir en vente sont situées, généralement parlant, le long de la ligne-mère du chemin de fer Canadien du Pacifique, l'embranchement Souris de ce chemin de fer et son prolongement nord-ouest, et dans un rayon de douze à trente milles de ces lignes, les dites terres étant comprises entre la frontière ouest du Manitoba et le troisième méridien principal.

Il est aussi proposé d'inclure dans la vente les sections des écoles renfermées dans un bloc de terre situé entre la frontière ouest du Manitoba et le rang 7 à l'ouest du deuxième méridien principal, dans le voisinage du prolongement Pipestone du chemin de fer Canadien du Pacifique.

Il est proposé que les ventes à l'enchère soient tenues aux endroits suivants, savoir, à Régina, Moose Jaw, Qu'Appelle, Wolsely, Grenfell, Whitewood, Moosomin, Carlyle, Carnduff, Alameda et Yellow Grass, commençant à Régina le 20 de mai prochain, et finissant à Yellow Grass le 22 de juin.

Le Ministre, vu la grande demande qui existe actuellement pour des terres dans les territoires du Nord-Ouest, et que les prix de départ mis sur les terres des écoles sont assez élevés pour les empêcher d'être sacrifiées dans le cas où la compétition ne serait pas aussi vive qu'on s'y attend, est d'avis qu'il serait dans l'intérêt du Fonds de dotation des terres des écoles d'offrir les terres en question en vente dans les mois de mai et juin prochains, et il recommande en conséquence qu'il soit autorisé à offrir en vente à l'enchère publique aux termes et conditions de l'*Acte des terres fédérales*, les terres des écoles comprises dans la liste préparée à la recommandation du gouvernement du Nord-Ouest aux endroits de vente et aux dates indiqués plus haut, avec la faculté, toutefois, au ministre de l'Intérieur, de faire tels changements dans les endroits de vente et les dates qu'il jugera bon.

Le Ministre recommande aussi, en vue de l'importance de donner une aussi grande publicité que possible à la vente projetée, qu'il soit autorisé à l'annoncer dans les journaux aussi souvent qu'il pourra le juger nécessaire, nonobstant toute chose contenue dans les règlements concernant les impressions et annonces du gouvernement.

Le comité soumet ce qui précède à l'approbation.

JOHN J. McGEE,
39–4 Greffier du Conseil privé.

AUX ANNONCEURS DANS LA *GAZETTE*.

CEUX qui envoient des annonces pour être insérées dans la *Gazette du Canada*, voudront bien se conformer aux règles ci-dessous :

1. Adresser " Gazette du Canada, Ottawa, Canada."
2. Indiquer le nombre voulu d'insertions.
3. **TRANSMETTRE INVARIABLEMENT LE PRIX DE L'ANNONCE AINSI QUE LE PRIX D'UN EXEMPLAIRE DE LA *GAZETTE*, TELS QUE DONNÉS PLUS BAS ; SANS CELA L'ANNONCE NE SERA PAS PUBLIÉE.**

Les prix sont de dix cts. pour la première insertion, et cinq cts. pour chaque insertion subséquente par ligne de neuf mots, chaque chiffre comptant pour un mot. Aucune annonce n'est insérée pour moins d'une piastre.

D'après la pratique établie et reconnue, telle que prescrite par la loi, les règlements du parlement et les décisions du ministère de la Justice, les avis reçoivent le nombre d'insertions ci-dessous :—

Les avis de demandes de divorce—27 insertions.

Les avis de retrait de dépôts des compagnies d'assurances—13 insertions.

Les avis de demandes ordinaires au parlement—9 insertions.

Les avis de demandes de lettres patentes en vertu de l'*Acte des compagnies de prêt* (A. C. publié dans la *Gazette* 15 juin 1901)—2 insertions.

Les avis de dividendes et d'assemblées de banques et de compagnies d'assurances,—1 mois de calendrier ou 5 insertions.

Les abonnés observeront aussi que le prix d'abonnement, $4 par année, est invariablement payable d'avance, et que l'envoi de la *Gazette* sera arrêté à l'expiration de la période payée. Chaque exemplaire coûte dix cts., et quand les annonceurs en veulent plus qu'un, ils devront faire une remise en conséquence.

DEMANDES AU PARLEMENT.

Règles *in re* Avis de bills privés.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque chambre, et porter à l'enclos " Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

THOMAS B. FLINT,
Greffier des Communes.

Règle spéciale du Sénat.

49. *(c.)* Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

Ordre permanent.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

Règles additionnelles de la Chambre des Communes concernant les bills privés.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(a.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées

ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b.*) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c.*) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

THOMAS B. FLINT,
Greffier des Communes.

—

ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

THOMAS B. FLINT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat

LA Compagnie de chemin de fer de St-Chrysostome demandera au parlement, à sa présente session, un acte déclarant son chemin de fer d'un avantage général pour le Canada, fixant le délai pour son achèvement, et l'autorisant à faire des arrangements avec d'autres compagnies.

J. P. BROWN,
40–9 Président.

AVIS.—Une demande sera adressée au parlement du Canada, à sa prochaine sesion, afin d'obtenir un acte pour constituer en corporation une compagnie autorisée à construire et exploiter un chemin de fer, mû par la vapeur ou par l'électricité, partant d'un point sur la ligne du chemin de fer Québec et Lac Saint-Jean dans ou près de la ville de Chicoutimi dans une direction est ou nord-est et allant à quelque point sur la baie Rigolet ou Hamilton Inlet, ou à quelque point sur le golfe Saint-Laurent ou la côte de l'Atlantique ; avec la faculté de construire et exploiter des embranchements ; aussi avec la faculté de construire, acquérir et exploiter des scieries, moulins à pulpe, usines de réduction, hauts fourneaux, bateaux à vapeur et vaisseaux, quais, pouvoirs hydrauliques, et outillage électrique, et acquérir et exploiter des mines et des coupes de bois ; aussi avec la faculté de se fusionner avec toute autre compagnie de chemin de fer, et pour d'autres fins.

[Ref. 756,719]

AT THE GOVERNMENT HOUSE AT OTTAWA

Tuesday, the 3rd day of February, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 21st January, 1903, from the Minister of the Interior, submitting that Messrs. Macdonell and Martin, Commissioners appointed for the purpose of making a selection of Swamp Lands in the Province of Manitoba to be granted to the province of Manitoba under the provisions of section 4, chapter 47, Revised Statutes of Canada, have made a joint report, dated 27th August, 1902, in which they submit, in accordance with the terms of the Order in Council in that behalf of the 19th June, 1886, and amending Order in Council of 27th February, 1899, a schedule of lands examined by them for the purpose mentioned, comprising an area of 149,400.85 acres.

That of the area thus examined the Commissioners find an area of 56,379.85 acres falling to the Province as Swamp Lands.

The Minister states that by a comparison of the schedule furnished by the Commissioners with the books of the Department of the Interior and its agencies in Manitoba, it has been found that of the total area of 56,379.85 acres selected as such Swamp Lands, an area of 27,764.85 acres is available.

The Minister submits a revised schedule of such of the lands included in the schedule of the Commissioners as are found available, comprising an area of 27,764.85 acres, and having satisfied himself of the

accuracy of this revised schedule, hereto attached, the Minister recommends that the lands enumerated therein be vested in His Majesty King Edward the Seventh for the purposes of the Province of Manitoba under the provisions of the fourth section of chapter forty-seven of the Revised Statutes of Canada.

The Committee submit the same for approval.

JOHN J. McGEE,
Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 31st day of March, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum dated 14th March, 1903, from the Minister of Railways and Canals, representing that under date the 25th February last, The Algoma Central and Hudson Bay Railway Company have submitted for the approval of the Governor in Council under the provisions of section 217 of The Railway Act, as amended by section 9 of the Act of 1900, chapter 23, certain by-laws, indicated by the letters "B" "C" and "D" adopted by the company at a meeting of the shareholders thereof held on the 27th of October, 1902, fixing the tolls to be taken for the transportation of passagers and goods, and making regulations for the conduct of passengers and persons using the property of the company, also fixing the wharfage tolls to be in force at the International Dock, Sault Ste. Marie, the Michipicoten Dock, Michipicoten, the Power Dock and Commercial Dock at Sault Ste. Marie; also (by-law "B") authorizing the directors to fix and regulate both freight and passenger tolls and charges.

The Minister further represents that the said by-laws have been examined by the proper officers of the Department of Railways and Canals, who have made certain amendments thereto.

The Minister, on the advice of the proper officers of the Department of Railways and Canals, recommends that approval be given to such by-laws as amended.

The Committee submit the same for approval.

JOHN J. McGEE,
Clerk of the Privy Council.

—

By-law No. B, of The Algoma Central and Hudson Bay Railway Company, to authorise the directors to fix and regulate from time to time the tolls to be demanded and taken for all passengers and goods transported upon the railway, and for other purposes.

Whereas it is deemed expedient that the directors of the company be authorized to fix and regulate from time to time by by-law the tolls to be demanded and taken for all goods transported upon the railway, or in steam or other vessels belonging to the company.

Therefore be it hereby enacted by The Algoma Central and Hudson Bay Railway Company as a by-law of the said company:—

1. That the Board of Directors be, and they are hereby authorized and empowered to fix and regulate from time to time by by-law, the tolls to be demanded

and taken for passengers and goods transported upon the railway, or in steam or other vessels belonging to the company, and also all other rates and charges to be demanded and taken for the conveyance of passengers and transportation, storage and delivery of goods, and for other purposes incidental thereto.

2. The Board of Directors are hereby further authorised to amend, repeal and re-enact any by-law for the purposes aforesaid, at such times and in such manner as they may deem advisable.

Certified to be a true copy of by-law passed and adopted by The Algoma Central and Hudson Bay Railway Company, at a meeting of the Shareholders thereof, held at the Town of Sault Ste. Marie, in the District of Algoma, on the 17th day of September, 1901.

(Sgd.) F. H. CLERGUE,
President.

[Seal]

(Sgd.) HY. C. HAMILTON,
Assistant Secretary.

—

BY-LAW No. C. of The Algoma Central and Hudson Bay Railway Company, to fix and regulate the tolls to be demanded and taken for the transportation of passengers and goods upon the railway, and to regulate the conduct of passengers and persons using the property of the company, and for other purposes.

Whereas it is expedient and necessary, in pursuance of The Railway Act of the Parliament of Canada, and the Acts respecting the incorporation of The Algoma Central and Hudson Bay Railway Company, that a By-law be passed, fixing and regulating the tolls to be demanded and taken for the transportation of passengers and goods upon the railway and for other purposes.

Therefore it is hereby enacted by The Algoma Central and Hudson Bay Railway Company as a by-law of the said company :—

Passenger tolls and conditions of carriage.

1. The maximum rate for the conveyance of passengers upon the company's lines of railway and upon its branches and upon leased lines operated by the company, shall be four cents per mile ; fares will be computed according to the mileage between stations, adding one mile instead of any fraction less than a mile, and also adding a sufficient number of cents to make the fare end in 0 or 5 ; but tickets may at any time be sold at a lower rate than the rate shown in the said schedule, provided that the same rates are under the same circumstances charged equally to all persons.

2. Officers and agents for the sale of tickets are provided at each of the company's stations (except flag stations) and elsewhere. At chief stations the ticket office will be open at least twenty minutes, and at smaller stations ten minutes, before the departure of each train. All passengers travelling upon the company's lines are required to provide themselves with tickets before entering the train.

3. Passengers holding reduced fare certificates entitling them to purchase tickets at less than the regular fare (under certain conditions which form part of contract and are endorsed on certificate) must present such certificate at the regular ticket office of the company at least ten minutes prior to the time the train is due to leave, in order to procure tickets at the reduced fare.

4. Delegates to conventions, conferences and meetings of societies travelling on certificates as issued under the " Convention Plan " in order to obtain the reduced fare for the return journey, must present their certificates properly signed by the Secretary of the convention at the regular ticket office of the company at the point at which convention is held at least ten minutes prior to the time the train is due to leave.

5. Passengers travelling on reduced fare tickets issued on authority of reduced fare certificates, and so endorsed, must present such certificates to conductor with railway ticket when called upon to do so.

6. In the case of passengers taking the train at points where tickets are sold, the sum of ten cents over and above the regular fare will be charged for each ticket purchased from the conductor on any of the trains of the company, but it shall be the duty of such conductor to give to every person when purchasing such ticket a rebate check, and, on presentation of such rebate check at any ticket office of the company within thirty days from the date of issue, the said ten cents will be refunded.

7. Any ticket issued limited by reasonable conditions as to the time within which it is to be used or as to the train or class of car for which it is available will not be accepted after the expiration of the time limited by the condition, nor for different class of car, nor for a different train, but the holder of such ticket will be required to pay the usual fare in full or present a ticket, good for the time train and car, and, if he do not do so, shall be considered to be a person refusing to pay his fare within the meaning of this by-law and section 248 of The Railway Act.

9. Nothing herein contained shall affect the right of any person to recover a refund for any such ticket under the Act respecting the Sale of Railway Passenger Tickets.

9. Any passenger without a ticket, or refusing upon request to produce the same, and refusing to pay fare, may be removed from the train with his baggage at any usual stopping place, or near any dwelling house as the conductor may elect, the conductor first stopping the train and using no unnecessary force.

10. Whenever and so often as the conductor for the time being of any train requests any passenger to produce his or her ticket, such passenger shall comply with the request, or, in default thereof shall be liable to pay, and shall forthwith pay, the regular fare from the place where such passenger got on the train to the end of his or her journey.

11. Persons intoxicated or otherwise unable to take care of themselves will not be furnished with tickets or allowed to enter the cars or premises of the company.

12. Passengers and all other persons using the property of the company are required to conduct themselves with propriety, and to obey the reasonable requests of the station-master, conductor, or other officer of the company, with a view to promote the general comfort and convenience, and to maintain order and decorum.

13. Passengers are not entitled to occupy more than one sitting in a passenger car for each ticket, nor to fill up the seats with valises or hand baggage, so as to exclude other passengers.

14. Any person in or upon a carriage, station, platform of the company, or elsewhere upon the company's premises in a state of intoxication, or fighting, or guilty of other disorderly conduct, or using foul, obscene, or abusive language, or otherwise wilfully interfering with the comfort of other passengers, is guilty of an offence under this by-law. In addition to the liability to fine under this section, any such person may be summarily ejected from such station or premises of the company, or in the case of a moving train, such person may be removed or ejected from the train, at any usual stopping place or near a dwelling house, and the conductor and train servants may use force, doing no unnecessary violence, to restrain passengers and others upon the train from fighting, using foul, obscene or abusive language, or other disorderly conduct.

15. No person will be allowed to travel without a ticket or pass signed by an authorized officer.

16. No person shall sell beer, wine, spirits or intoxicating liquor of any kind upon any train, car, station, or premises of the company, except persons duly authorized ; and no person will be allowed to sell any papers, cigars, candy, fruit or any other goods, or merchandise upon any of the trains or premises of the company, except the duly authorized agents of the company appointed for that purpose.

17. Smoking in the cars, except in those specially set apart for that purpose, or in the station or general waiting room, other than rooms specially set apart as smoking rooms, is forbidden.

18. The waiting rooms are provided for the use of the travelling public only. All other persons may be excluded from them by the servants of the company, and no person shall obstruct or molest any passenger

or passengers while entering or quitting a station or car.

19. Beggars, peddlers or itinerant musicians will not be allowed to practise their vocation upon the train, or in or upon the stations, platforms or other premises of the company.

20. Gambling or the playing of any game of cards or of chance for money will not be permitted on any train or premises of the company, and any person or persons who refuse to comply with the request of the conductor or agent to cease playing such games or gambling will be liable to be removed from the train at any usual stopping place, or near any dwelling house, or from the station or premises of the company, as the case may be.

21. Any person writing obscene or offensive words on any part of the company's stations or cars, or committing any nuisance upon the property of the company, and any person who wilfully cuts or tears any lining, or window strap, or curtain, or removes or defaces any plate or metal, or breaks or scratches any window or other glass in any station or car of the company, or who otherwise, except by unavoidable accident damages, defaces, or injures any such car or any station or other property of the company, is guilty of an offense under this by-law.

22. No person shall get into or upon, or get off the steps or platform of any car after the train has been put in motion, or until it stops.

23. No person injured while on the platform of a car or on any baggage, wood or freight car, in violation of the printed regulations posted up at the time, shall have any claim in respect of the injury if room inside of such passenger cars, sufficient for the proper accommodation of the passengers, was furnished at the time.

24. The company may refuse to carry any person who has any infectious disorder. Any person who has any such disorder and is found upon the premises of the company or who travels or attempts to travel on the railway of the company is guilty of an offence under this by-law.

25. Any person who has charge of any person suffering from an infectious disorder, while upon the premises of the company or travelling or attempting to travel on the railway, or who aids or assists in bringing or placing upon the premises or cars of the company any person suffering from such disorder is guilty of an offence under this by-law.

26. Coachmen, hackmen, carters, porters and runners for railways, boats, stage-lines and hotels shall not solicit custom upon any of the company's trains, nor enter the stations, or come upon the platforms to solicit passengers, except by special authority of the company, but they shall stand in such places as may be appointed for that purpose by station-master, agent or constable.

27. Private carriages, hacks and baggage wagons, while waiting at the stations, may be required to stand in such place or places as may be directed by the station-master, agent or constable, and all persons in charge of such vehicles must submit to the directions and regulations of the station-master, agent or constable in regard to the use of the premises of the company.

28. It is the duty of the company's officers and servants to enforce obedience to this by-law, and any person committing an offence prohibited or declared by this by-law shall be liable to a penalty not exceeding $20.00 for each offence under any of the sections of this by-law, to be imposed upon conviction for such offence before a magistrate, as provided by section 296 of The Railway Act, and, in addition to the said penalty shall be liable to be summarily removed from the company's premises, or ejected from the company's train as the case may be. And in case it becomes necessary to remove or eject any person from a moving train, such person may be put off with his baggage at any usual stopping place or near a dwelling house, the conductor first stopping the train and using no unnecessary force.

29. Express messengers, mail clerks, persons travelling in charge of live stock and other goods, travelling free or upon passes, will be carried at their own risk only, and will be required to execute a release exonerating the company from all liability for damages, whether the case be caused by the negligence of the officers or servants of the company or not.

Station Regulations.

30. The actual personal baggage of passengers holding regular passage tickets, such as chests, trunks, valises, carpet and leather bags and hat boxes, will be carried free, if the weight is not in excess of the amount allowed by this by-law. Merchandise or household furniture will not be checked or carried as baggage.

31. Baggage must be presented to the baggage-master at the station at least ten minutes before the time fixed for the departure of the train, otherwise the company reserve the right to forward it by the next convenient train, for the station to which the baggage is checked.

32. The liability of the company for loss or damage to baggage is limited to personal baggage only, and to a sum not exceeding one hundred dollars for each passenger.

33. Passengers must procure tickets and show them to the station agent or baggageman before checking the baggage.

34. Passengers will not be allowed to take into the car with them large pieces of baggage which are capable of being checked or any parcels of goods or merchandise.

35. Parcels of merchandise must be sent by freight or express, and, if no express messenger be on the train, an extra baggage ticket may be issued upon payment of double extra baggage rates.

36. All baggage exceeding 150 lbs., for each passenger holding full ticket, and 75 pounds for each passenger holding half-ticket, will be charged for as excess baggage, according to the tariff of rates in force from time to time, and the charges must be paid before the baggage is checked. Baggage in excess of above named amounts will be charged for at the rate of twenty per cent of the fare per hundred (100) pounds but the minimum charge for such excess shall be twenty-five cents.

37. No single piece of baggage weighing over 200 pounds will be accepted for transportation in the baggage cars or checked for that purpose.

38. To avoid mistakes all passengers must attend personally to the checking and marking of their baggage, and all baggage after being carried into the baggage car will be landed at the station designated, and must be claimed by the owner on arrival of the train.

39. Dogs will not be carried unless tickets are purchased for them. A chain and collar must be attached for securing them, and a satisfactory release from the owner or consignor upon the company's form must be made out and signed before tickets for dogs will be issued. The charge for each dog shall be the same as for 100 pounds excess baggage.

40. Bicycles or tricycles will not be conveyed as part of the free baggage allowed to each passenger, but may be charged for at the same rate as 50 pounds of excess baggage, under the Excess Baggage Tariff, with a minimum charge of twenty-five cents. They must be accompanied by passengers presenting tickets for passage and marked with the owners name and address and will not be taken with excursion trains unless baggage cars are attached.

41. Baggage will not be given out until the duplicate check is produced.

42. The company will not be liable for any baggage not checked.

43. On all baggage not claimed on its arrival, storage will be charged at the following rates, after twenty-four hours, viz.:—For the first day or fraction of a day thereafter, twenty-five cents for each piece or package, and for each day or fraction of a day after the first day ten cents for each piece or package.

44. Cabmen and porters with check will be admitted to the platforms and baggage rooms to obtain baggage; they will also be admitted when taking baggage to trains, but they must comply with the directions or regulations of the station-master or agent for the purpose of securing order and preventing noise or other annoyance to the public or to the company.

45. Runners, cabmen and carters, and others frequenting any of the stations, platforms or premises of the company, are required to conduct themselves in an orderly manner. Fighting, scuffling, offensive, obscene or abusive language are forbidden, and any person acting in a disorderly manner or using such language is guilty of an offence under this section.

46. Corpses enclosed in other than hermetically sealed cases will be received for transportation only when accompanied by a certificate signed by the Town or City Clerk or Registrar, or by a well known and respectable medical officer of the place where the death occurred, stating that the death did not result from a contagious or infectious disease. Such certificate must also distinctly state the name of the disease, or nature of the casualty that occasioned death, and should be securely fastened to the top of the case. Corpses are to be taken only when in the care of an accompanying adult person and must be prepaid by a first class unlimited ticket.

47. The company may refuse to receive the corpses of persons who have died of small-pox, scarlet fever, diphtheria or other contagious or infectious diseases, and in any case such corpses will not be received or carried unless in hermetically sealed cases.

The foregoing is hereby certified to be a true copy of a by-law passed and adopted by The Algoma Central and Hudson Bay Railway Company, at a meeting of the shareholders thereof, held at the Town of Sault Ste. Marie in the District of Algoma on the 27th day of October, 1902.

BY LAW No. D. of the Algoma Central and Hudson Bay Railway Company, to fix and regulate tolls to be demanded and taken for transportation of goods, and the conditions of carriage.

Whereas it is expedient and necessary, in pursuance of the powers conferred upon the said company by The Railway Act of Canada that a by-law be passed fixing and regulating the tolls to be demanded and taken for the transportation of goods, and the conditions of carriage.

Therefore it is hereby enacted by the Algoma Central and Hudson Bay Railway Company as a by-law of the said company. :—

Freight Tolls and Charges.

1. The tariff of rates to be taken for freight rates and tolls on the lines of railway of the said company, or upon any branch or line of railway leased or operated by the said company, shall be according to the tariff set forth in the schedule hereunto annexed, called "Local Mileage Freight Tariff Number One."

2. The classes referred to in the said annexed tariff are those fixed by the Canadian Joint Freight Classification as the same shall be approved of from time to time by the Governor in Council ; but the company shall have the right to conform to any system of classification in use upon connecting roads in the United States in respect to through traffic to or from the United States.

3. The charges on all freight must be paid before delivery of the goods.

4. The said tariff shall be subject to the following rules and conditions of carriage of this company, and to such rules and conditions of the company as may hereafter be from time to time enacted or adopted by the company, with the approval of the Governor in Council.

General Conditions of Carriage.

5. The company will not be responsible for any goods conveyed upon its railway unless the same be signed for as received by a duly authorized agent. The agent will only sign a receipt for goods upon receiving a declaration of shipping setting forth the description of the goods and the name and address of the consignee.

6. Agents are not authorized to receive bank notes, money, deeds, securities or other valuable papers, and the company will not be responsible for the loss of or damage to money, bills, promissory notes or securities, jewellery, trinkets, rings, precious stones, gold or silver, manufactured or unmanufactured ; gold or silver plate or plated articles, clocks, watches, time pieces, marble, lace, furs, silks in a manufactured or unmanufactured state, and whether wrought up or not wrought up with other materials ; writings, title deeds, prints, maps, paintings, engravings, pictures, stamps or other valuables ; nor for damage done to china, glass, eggs, wearing apparel, musical instruments, furniture, toys, castings, cast-iron, stoves, grindstones, tombstones, slate or any other such hazardous or brittle article in packages or otherwise, whether delivered to be carried for hire or to accompany the person of any passenger on the railway.

7. The company will not be responsible for loss or damage occasioned by delay from storms or accidents or from the weather, fire, heat, frost, civil commotion or unavoidable causes, or delay of any perishable articles. Fresh fish, meat, fruit, dressed hogs, poultry and all other perishable articles will be carried only at the owners' risk, and the freight charges must be prepaid.

8. The company will not carry any boiler, cylinder, piece of machinery, casting, stone or other article of unusual bulk or weight, aqua fortis, nitric acid, acetic acid, vitriol, friction matches or other dangerous articles, except under special contract or agreement.

9. Senders of dangerous articles will be held accountable for any damage arising therefrom, unless the nature of the contents is distinctly marked on the outside of the package containing the same, and unless notice in writing is also given to the station-master or freight agent, that due care may be observed in loading and transporting it. The company will not be liable

in any case for the loss of or damage to any such articles.

10. The company will carry gunpowder only on special agreement as to the rates of tolls and other conditions.

11. The company will not be responsible for the loss of or damage to any package or its contents insufficiently or improperly marked, packed, directed or described, or containing articles liable to breakage, or by breaking to damage each other or other articles; or for any loss or damage to cases of boots, shoes, or to any case or package containing articles liable to peculation or fraudulent abstraction, unless such case or package is strapped with iron or wood or otherwise securely protected; or leakage of any kind.

12. The company will not be responsible for the loss of or damage to any goods put into returned wrappers or boxes or packages described as "empties," nor for any goods directed "to be left until called for," or "to order," or warehoused for the convenience of the parties to whom they belong, or by, or to whom they are consigned, nor for loss of or damage to goods that are not taken away immediately after advice of their arrival has been sent or posted.

13. The delivery of goods will be considered complete, and all responsibility will terminate when placed in the shed at the station to which they are consigned, and the warehousing of them will then be at the owner's risk and expense, except as to lumber, coal, bricks and goods of like bulk and description, and the delivery of which shall be complete, and all responsibility in connection with which shall terminate upon their being detached from the train whereby they have been drawn; and it shall be lawful to send any goods for which store or warehouse room cannot be conveniently supplied at the station to the warehouse of any wharfinger or storehouseman that may be available at the risk and expense of the owners of property so stored, and the charge of warehousing and the conveyance shall form an additional lien upon such goods.

14. The company will not be responsible for any injury to grain by heating, nor for any deficiency in weight or measure of grain &c., in bags or in bulk; nor for any deficiency in weight, number or measure of lumber, coal, iron ore, or iron carried by the car-load; nor for shrinkage or short weight or short measure of goods of any kind unless damage to the package can be shown to have happened whilst in the possession of the company.

15. The company shall have a lien on all goods transported over its lines for the freight and charges thereon as well as for any balance previously due for freight or otherwise by the owner or consignee; and the said goods shall be liable to be sold by public auction or by private sale for the payment of the charges thereon and other balances due, and if the tolls are not paid within six weeks the company may sell the whole or any part of the goods. Should the said goods be of a perishable nature, same may be sold after giving the consignee or his agent one day's notice.

16. In respect of all goods addressed to consignees at points beyond places at which the company has stations, and respecting which goods no directions to the contrary have been received at these stations the company reserves the right to forward such goods to their destination by public carrier or otherwise as opportunity may afford, or to allow them to remain upon the railway premises or to send them to any public or private warehouse pending communication with the consignees at the risk of the owners. The company will not be responsible for any delay to such goods. The delivery of the goods by the company will be considered as complete and the responsibility of the company will be considered to have ceased when notice shall have been sent to some public carrier that such goods are at the station awaiting further conveyance. And the company will not be responsible for any loss of or any damage or detention that may happen to goods so sent to them, if such loss or damage or detention occur after the said nonice, or beyond the limits of the railway.

If the goods are allowed to remain on the railway premises or are sent to any public or private warehouse they shall be at the risk of the owners for any damage arising from any cause whatever.

17. It is expressly agreed that the company does not contract for the safety, carriage or delivery of any goods except on the companys line's, and where a through rate is named to a point reached by other carriers either by land or by water, it is on the agreement that this company is to act only as agent of the owner of the goods as to that portion of the said rate required to meet the charges of other carriers; and if any goods be consigned to a point beyond the company's lines, that the goods may be handed over by the company for further conveyance to such carrier as the company may select, and the company in so handing over the goods, shall be merely the agent of the owner, and the responsibility of the company in respect of any loss, misdelivery, detention, damage or injury by means whatsoever to any goods, shall cease so soon as the company shall either deliver them to the connecting carrier for further conveyance, or notify such carrier that it is ready to do so.

18. All freight to or from places beyond the company's line shipped or to be shipped, by water shall, while not on the company's lines or in its sheds or warehouses be entirely at the owner's risk.

19. All articles directed to be left at any way or flag station or platform where the company has no building for the storage of freight, or where there is no resident agent, must be prepaid, and will be at the risk of the owner whenever they are landed at such station or platform; and all articles brought there for conveyance will also be at the owner's risk until taken into the cars. Shippers sending goods to be left at such way or flag station or platform will be required to sign a release.

20. The time allowed by the company for the purpose of loading or unloading cars is 48 hours, exclusive of Sundays; after the expiration of that time demurrage at the rate of $2 per car per day will be charged. This applies as well to cars that are not promptly loaded after being placed in position as to cars that are not unloaded after arrival. Cars which are required to be unloaded by consignee or owner may be discharged by the company at the consignee's or owner's expense. Any charge under this section shall be added to the freight charges, and the company shall have a lien therefor.

21. No claim for loss or damage will be allowed unless notice in writing is given to the station agent before the packages are removed.

22. Claims for loss or damage shall be computed on the value of property at the time and place of shipment.

23. The company will not under any circumstances be liable for loss of market or other claim arising from delay or detention of any train or trains whether in starting or in any of the way stations or in the course of the journey. It does not undertake to send goods by any particular train or to connect with any particular train or ship of connecting carriers.

24. Rates and weights entered on receipts or shipping bills by shippers are not binding upon the company. Property that cannot be readily counted, weighed or measured will only be received as more or less, or shippers weight and count.

25. Goods going to or from any place out of Canada are subject to customs charges and regulations, and the company will not be responsible for any loss or damage arising from detention, inspection or handling.

26. Live stock will only be carried at owner's risk under the regulations of the Canadian Joint Freight Classification, and the shippers will be required to execute a release in accordance with the terms of the live stock transportation contract which shall be duly filled up and executed before the stock is delivered to the company.

27. When cars that are liable to be laden or unladen by the owner or consignee of the goods have been once placed, and, for the convenience of the owner, at his request are shifted to another berth in the same yard, a charge of $1 per car will be made for such service.

28. Yardage at the rate of 10 cents per ton per day will be charged on all lumber or other material left upon the wharves, or other premises of the railway.

This charge will commence 48 hours after the lumber or other materials have been placed on the railway premises. This charge will not apply to materials which are in sheds or warehouses, or which are on cars.

Special commodity tolls.

29. Logs, telegraph poles, fence and paving posts, timber, pulp-wood, firewood, slag, brick, sand, gravel, stone (rough) and coal in car loads shall be carried, subject to the special commodity tariff, namely ;

Distance.	*Rate.*
Not exceeding 10 miles	4 cents per 100 pounds
Over 10 miles and not over 15 miles.	5 cents per 100 pounds

30. Timber, cordwood and other freight will not be loaded or unloaded at points on the Main line, between stations, without written authority first obtained from the General Superintendent for each and every case where shippers and consignees desire this service performed.

31. The minimum charge for such service shall be Fifteen ($15.00) dollars for any part of one day, and the charge of toll therefor shall be at the rate of Three Dollars ($3.00) per hour, to be computed from the time the engine and crew are ordered out for such service until registered in again, but not including time during which engine and crew were laid up for the night. Provided that in the event of the engine and crew being sent, after the work of loading and unloading is completed, to some point other than the point from which originally ordered for such special service, time shall count until the engine and crew are registered in at such other point, but shall not be computed for a longer period than would have been occupied in returning the engine and crew to original starting point.

32. If a regular or extra train is utilized for a special loading or unloading service, the minimum charge or toll shall be three dollars ($3.00) per hour, or part thereof, to be computed from the time such train stops on its regular run until the special service completed and the train ready to proceed from the place at which it commenced such special service.

Explosives.

33. High explosives, such as Ætna, Hercules, Atlas, giant powder, dualine, dynamite and other explosives of which nitro-glycerine forms the basis, will not be received for shipment and transportation on company's lines of railway except subject to agreement providing for special tools and rates, regulations and conditions, and except at the shipper's risk.

34. The tolls to be demanded and taken for transportation of said high explosives shall be in accordance with maximum mileage tariffs, governed by the following classification :—

Carloads, 20,000 pounds or over First class.
Less carloads . . . Double first class.

35. The minimum charge or rate for transportation of single or small shipments of high explosives shall be equivalent to fourth class rate for 15,000 lbs.

36. Shippers of high explosives, or dangerous freight, shall be liable for all loss in connection therewith, and for all damage resulting therefrom ; and each package containing such freight shall be distinctly marked on sides and on top with name of contents, and "Explosives—dangerous", and no one package shall exceed the weight of one hundred (100) pounds, and notice in writing shall be given by the shipper to the station agent stating the exact nature and amount of contents, and all such freight shall be loaded, shipped and handled in accordance with the company's regulations.

37. All shipments of high explosives, either carloads or less quantities, must be accompanied by a man in charge at shipper's expense, who will be provided with free transportation over the Company's lines.

38. All high explosives found on premises or in warehouses or cars of the company packed, loaded or marked in any manner other than prescribed by the conditions and rules of the company, shall be forthwith removed and disposed of in any manner the company deems proper, and the company shall not be liable for any loss or damage resulting to the owner, shipper or consignee.

General regulations.

39. The liability of the company for all goods transported upon its lines of railway, shall terminate upon arrival of goods at point of destination, or at the point on the company's line nearest thereto, and notice given to the consignee by post or otherwise of such arrival ; and the company shall not be responsible for loss or damage to such goods suffered or incurred after advice of arrival has been so given.

40. All goods not removed by consignees upon arrival at destination, may be placed by the company in any convenient freight shed, station, store, warehouse or building, and at the sole risk of the owners, shippers or consignees thereof ; and such goods shall be subject to a lien for payment of all cartage, storage and wharfage charges, in addition to the tolls herein provided for, for freight.

41. The tolls, rates and charges hereby authorized shall be subject to the Canadian Joint Freight Classification, as hereinbefore stated and shall apply to and validate the imposition and collection of all tolls heretofore or hereafter imposed for transportation of goods upon the company's lines of railway, in accordance with the said tariff, and the special commodity tariff adopted herein.

Car service and rental.

42. All goods shipped in car loads or less, handled by shippers or consignees, between stations on the company's lines of railway shall be subject to car service or charges in accordance with the following regulations ;

(*a*) When cars are moved from one track to another or from one place to another in the same yard for the convenience of consignees, charges will be computed from the time of the original placing, and an extra charge of one dollar ($1.00) per car will be made for such service.

(*b*) Cars held for shipping instructions will be subject to car rental charges.

(*c*) Cars held to remedy improper, unsafe or excessive loading, or for surrender of Bills of Lading will be subject to Car Rental Charges.

(*d*) Cars billed to stop off in transit at any point for inspection, Customs Entry, further loading or charge in load will be subject to Car Rental Charges, if detained beyond twenty-four hours.

(*e*) Cars which shippers of consignees reship will be subject to Car Rental, if held beyond twenty-four hours after arrival at original destination. In case, however, where consignee unloads car and reloads for another point, forty-eight hours will be allowed for unloading and reloading.

43. Goods shall only be accepted and received by the company for transportation subject to the terms and conditions contained in this By-Law, and in the tariffs, classifications, bills of lading and general rules of the company.

44. The company will not be responsible for the loss of or damage to any article the bulk of which renders it necessary to be transported in open cars.

45. Consignors shall, upon delivery of goods for transportation, furnish correct shipping directions in duplicate on the company's forms, giving a complete list of packages with marks, address of consignees and the destination of each package consigned.

46. Consignors shall sign a release on the prescribed form of all claims against the company in respect of consignments shipped to flag stations, and in case no such release is so signed the goods will be received for transportation only when consigned to a regular billing station.

47. All perishable goods, refused, unclaimed or not promptly removed by the consignee may be forthwith disposed of by the Company and the proceeds applied in payment of the costs of sale and transportation charges, and the balance may be paid to the parties legally entitled thereto ; but the company shall not be responsible for loss or damage sustained by any person by reason of such sale.

Wharfage.

48. The maximum tariff of wharfage, tolls, rates or charges to be demanded and taken for all goods unloaded at or shipped from any of the Company's docks

or wharves shall be in accordance with the schedule hereto annexed called "Wharfage Tariff," as applicable to the respective docks, wharves or other places therein specified.

49. The minimum wharfage charge on any one consignment shall be five (5) cents.

50. In case the wharfage, charge or toll demanded and taken by the Company is at the rate provided for goods "when handled by shippers or consignees" such goods shall be forthwith removed by the shipper, owner or consignee from the wharf, dock or other place, and the company shall not be liable for any loss or damage to such goods incurred by reason of non-removal.

[Ref. 440,286.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 7th day of March, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS Section 1 of the Regulations governing the Administration of Dominion Lands in the Yukon Territory containing coal, established by the Order in Council of the 21st of January, 1901, provides for the collection of a royalty on the gross output of the mine at such rate per ton as may from

time to time be specified by the Governor General in Council;

Therefore the Governor General in Council is pleased to order that the amount of the royalty to be collected shall be and the same is hereby fixed for a period of ten years from the date hereof at the rate of ten cents per ton of two thousand pounds, and that the right of altering said rate after the expiration of such period of ten years be reserved.

JOHN J. McGEE,
41–4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA

Tuesday, the 31st day of March, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Governor General in Council is pleased to order that the Order in Council of the 4th February, 1903, adopting "General Conditions of Carriage" for freight over the Canadian Government Railways, shall be and the same is hereby amended to the effect of substituting, in place of clause No. 28 of the said Conditions (relative to the loading of lumber) clause No. 28 hereto attached.

JOHN J. McGEE,
Clerk of the Privy Council.

—

28. Except as hereafter stated all lumber must be loaded at sidings or spurs, and not on the main tracks of any through or branch line. By special arrangement with the Superintendent, the loading of lumber may be permitted on such main tracks when in quantites sufficient for a full train load of 12 cars, and when so placed as to be readily loaded on the cars with the assistance of an engine. The extra charge for engine service shall be three dollars per hour, with a minimum charge of fifteen dollars for any part of a day; the time to count from the hour the engine is ordered out for such service until it is registered in again, including running to and from the working point but not including any time during which the engine is laid up for the night. In the event of the engine and crew being sent, after the loading is completed, to some point other than the point from which originally ordered for such special service, the time shall count until the engine and crew are registered in at such other point, but not longer than would have been occupied in returning the engine and crew to such original starting point. 41–2

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 3rd day of February, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 2nd January, 1903, from the Minister of the Interior, submitting that Messrs. Jukes and Ducker, Commissioners appointed for the purpose of making a selection of Swamp Lands in Manitoba to be granted to that Province under the provisions of section 4, chapter 47, Revised Statutes of Canada, have made joint reports, dated respectively, 8th February, 1900, 25th April, 1900, 11th December, 1900, 15th May, 1901, 9th December, 1901, and 30th April, 1902, in which they submit, in accordance with the terms of the Order in Council in that behalf of the 19th June, 1886, and amending Order in Council of 27th February, 1899, schedules of lands examined by them for the purpose mentioned, comprising a total area of 827,489·79 acres.

The Minister states that of the area thus examined the Commissioners find an area of 320,467·96 acres falling to the Province as Swamp Lands.

By a comparison of the schedules furnished by the Commissioners with the books of the Department of the Interior and its agencies in Manitoba it has been found that of the total area of 320,467·96 acres selected as such Swamp Lands, an area of 175,499·48 acres is available

That of the area of 175,499·48 acres available, 90,840·00 acres are unsurveyed, leaving an area of 84,659·48 acres available for transfer to the Province.

The Minister submits revised schedules marked A and B respectively, of such of the lands included in the schedules of the Commissioners are as found available comprising an area of 175,499·48 acres, and, having satisfied himself of the accuracy of these revised schedules, hereto attached, the Minister recommends that the lands enumerated in the schedule marked A and comprising an area of 84,659·48 acres, be vested in His Majesty King Edward the Seventh for the purposes of the Province of Manitoba under the provisions of the fourth section of chapter forty-seven of the Revised Statutes of Canada; and that the land enumerated in the Schedule marked B, and comprising an area of 90,840·00 acres, be reserved for the purposes of transfer to the Province of Manitoba, and that when the Surveyor General reports these lands surveyed, title to them be vested in the Province.

The Committee submit the same for approval.

JOHN J. McGEE,
Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 31st day of March, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS Section 41 of the Regulations governing Placer Mining in the Yukon Territory established by the Order in Council of the 13th of March, 1901, provides that any free miner having duly located and recorded a claim shall be entitled to hold it for the period for which he received entry, and thence from year to year by re-recording the same, providing, however, that during each year and each succeeding year such free miner shall do or cause to be done work on the claim itself to the value of $.00.00, or he may at his option in lieu of the work required to be done thereon each year pay to the Mining Recorder in whose office the claim is recorded the sum of $200.00 for each of the first three years, but for the fourth and succeeding years the sum of $400.00 must be paid in lieu of work done on the location or in connection therewith ;

And whereas the Commissioner of the Yukon Territory reports that it would be in the public interest if the amount of work to be done in each year on a placer mining claim could not be commuted by payment of a fee in lieu thereof ;

Therefore, the Governor General in Council is pleased, in virtue of clause 47 of the Dominion Lands Act, as enacted by section 5 of the Act 55-56 Victoria chapter 15, and of section 8 of the Yukon Territory Act, as enacted by section 3 of the Act 2 Edward VII, chapter 34, to order, and it is hereby ordered, that the provisions contained in the several sub-clauses of section 41 of the Regulations established by Order in Council of the 13th of March, 1901, for payment, at the option of the free miner, in lieu of assessment work, shall be rescinded on and after the first day of August, 1903.

JOHN J. McGEE,
41-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 3rd day of February, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Governor General in Council is pleased, in pursuance of the provisions of sub-clause 1 of clause 19 of The Dominion Lands Act, chapter 54, of the Revised Statutes of Canada, to order that the rates for township subdivision surveys fixed by previous Orders in Council shall be and the same are hereby rescinded, and that township subdivision surveys executed under contract, shall be hereafter paid as follows :—

1st. Section lines shall be paid for at the rate of five dollars per mile of line surveyed.

2nd. A further payment at the rate of fifty cents per chain, up to ten chains in a section side, shall be made for opening, cutting, and blazing the line through woods, windfalls, under-brush, or heavy scrub.

3rd. Any opening, cutting and blazing of the line in excess of ten chains in a section side shall be paid at the rate of twenty-five cents per chain.

4th. No payment shall be made under the provisions of clauses 2 and 3 where the line could have been measured without opening or cutting.

5th. The part of a line measured across water by means of a triangulation shall, up to half a mile, be paid as opening through woods when the body of water is surrounded by continuous woods.

6th. For the interpretation of clauses 2 and 3, a section line shall mean the distance between two monuments at section corners or the places assigned to such corners, and this distance may include a road allowance.

7th. When the side of a section, exclusive of the road allowance is greater than ninety chains or smaller than seventy chains, the number of chains of opening or cutting which may be paid at the rate of fifty cents per chain shall be increased or reduced in proportion to the length of the section side.

8th. Only the lines actually run and marked in the field shall be paid for. Nothing shall be allowed for random and trail lines, bases of triangles and offsets.

9th. A further payment at the rate of three dollars per mile shall be made for section lines surveyed over rough or hilly country. A section side shall be classified as rough or hilly when the field notes show that it crosses a ravine not less than 100 feet deep or two ravines each not less than 50 feet deep, or that the difference of level between two points of the line not more than half a mile apart exceeds 200 feet, the depths or heights being measured by aneroid barometer.

10th. A further payment at the rate of four dollars per mile shall be made for surveying the meridian outlines of a township when such outlines are included in a subdivision survey contract.

11th. Section lines resurveyed or retraced shall be paid at the same rate as original section lines when such lines are resurveyed or retraced in compliance with the directions of the Manual of Survey or the instructions of the Surveyor General, but nothing shall be paid for the measurement of a portion of the outlines which the Manual of Survey directs to be made for testing the chaining before commencing the subdivision of a township.

12th. A further payment at the rate of twenty-five cents per pit in prairie, and of forty cents per pit in the woods, shall be made for every boundary monu-

ment, such payment to cover the cost of planting and marking the posts, building the mound, and otherwise completing the monument. A witness trench shall be paid as four pits.

13th. Traverses of lakes and rivers and connecting traverses shall be paid at the rate of eleven dollars per mile. For traverses of lakes and rivers, the distance to be paid for shall be measured along the bank of the lake or river from every point fixed by the survey in a straight line to the next point. Nothing shall be paid for offsets.

14th. One dollar shall be paid for every statutory declaration of a settler.

15th. Five dollars shall be paid for every astronomical observation (not more than two observations in a township) for ascertaining the direction of the meridian.

16th. The above allowances shall cover the cost of preparing the returns of the survey.

17th. Iron posts used on the survey will be supplied free of cost at Winnipeg. Posts not used shall, if not returned to stores, be charged to the Surveyor at forty cents each.

18th. A deduction at such rate as the Inspector of Surveys recommends shall be made from the payments to survey contractors for every survey monument not erected in conformity with the provisions of the Manual of Survey, whether the deficiency be in the size of the pits or the marking or driving of the posts, but such deduction shall not be more than three times the amount allowed for erecting the monument. In paying for traverses, one dollar shall be deducted for every offset less than required by the Manual of Survey.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 31st day of March, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS Section 2 of the Regulations governing Placer Mining in the Yukon Territory established by the Order in Council of the 13th of March, 1901, provides that for a Free Miner's Certificate issued in favour of an individual the fee shall be $10 and sections 29 and 34 of the Regulations in question provide for the payment of a fee of $15 for entry for a placer mining claim, and the payment of a like amount for renewal thereof each year;

And whereas the Commissioner of the Yukon Territory now recommends that the charge for a Free Miner's Certificate be reduced to $7.50 and that the fee for a grant or for a renewal of a placer mining claim be reduced to $10;

Therefore, the Governor General in Council is pleased, in virtue of clause 47 of the Dominion Lands Act, as enacted by section 5 of the Act chapter 15, of 55-56 Victoria, and of section 8 of the Yukon Territory Act as enacted by section 3 of the Act chapter 34 of 2 Edward VII, to order that section 2 of the Regulations established by the Order in Council of the 13th of March, 1901, above referred to, shall be and the same is hereby amended by striking out the fee of $10 for which provision is made therein as the charge for a Free Miner's Certificate to an individual, and substituting therefor $7.50; and that sections 29 and 34 of the said Regulations, shall be, and the same are hereby amended, by substituting a charge of $10 for entry or for renewal of a placer mining claim in the place of the present charge of $15.

JOHN J. McGEE,
41-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 31st day of March, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS section 6 of the Regulations governing the issue of leases to dredge for minerals in the beds of rivers in the Yukon Territory, established by the Order in Council of the 18th day of January, 1898, provides that the lessees shall pay to the Crown a royalty of 10 per cent on the output in excess of $15,000 as shown by sworn returns to be furnished monthly by the lessee to the Gold Commissioner during the period that dredging operations are being carried on; such royalty, if any, to be paid with each return:

And whereas at the time these Regulations were approved the royalty on gold mined under the provisions of the Placer Mining Regulations was 10 per

cent of the gross output, but it has since been reduced to 2½ per cent on the value of the gold exported without any exemption :

Therefore the Governor General in Council is pleased, in virtue of the provisions of clause 47 of the Dominion Lands Act, as enacted by section 5 of chapter 15 of 55-56 Victoria, and of section 8 of The Yukon Territory Act, as enacted by section 3 of chapter 34 of 2 Edward VII, to order that the portion of section 6 of the Regulations governing the issue of leases to dredge for minerals in the rivers of the Yukon Territory, above quoted, and also section 6*a* of the said Regulations, shall be, and the same are hereby rescinded, and the following substituted therefor :—

"The same royalty shall be paid upon the output of gold as is provided, or may hereafter be provided, in the case of placer mining claims, such royalty to be paid in the manner provided in the Regulations governing Placer Mining."

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 17th day of March, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum dated 9th March, 1903, from the Minister of the Interior, submitting that on the 20th day of August, 1902, an Order in Council was passed authorizing the amendment of clause 13 of the Regulations for the survey, administration, disposal and management of Dominion Lands within the Railway Belt in British Columbia, so as to permit any person who would be entitled to a second homestead entry similar to the law affecting such entries in Manitoba and the North-west Territories to exercise that privilege within the said Railway Belt in British Columbia.

The Minister states that cases have arisen where settlers cannot comply with this amendment and are debarred from taking advantage of this privilege.

The Minister therefore recommends that in such cases he be given power to sell the land not exceeding 160 acres at the rate of $1.00 per acre, subject to Homestead conditions, the patent not to issue until these conditions have been performed to the satisfaction of the Commissioner of Dominion Lands.

The Committee submit the same for approval.

JOHN J. McGEE,
40-4 Clerk of the Privy Council.

[Ref. 761,911]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 25th day of February, 1903

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 13th February, 1903, from the Minister of the Interior, submitting that representations having been made to him by the Honourable G. H. V. Bulyea, on behalf of the Government of the North-west Territories, that in view of the great influx of settlers into the Territories, it would in the opinion of that Government be advisable in the interests of the School Lands Endowment Fund to offer for sale at public auction a number of School Lands in Eastern Assiniboia during the early part of the coming summer, as it is confidently believed that high prices would be obtained for these lands, Mr. J. W. Greenway, Inspector of School Lands, was instructed to meet a representative of the North-west Government for the purpose of arranging with him a schedule of upset prices to be placed on School Lands which it was recommended should be offered for sale.

The Minister states that a report has since been received from Mr. Greenway, with a list of the upset prices which it is suggested should be placed on the lands in question, the minimum price suggested being $7 per acre.

The School Lands which it is proposed should be offered for sale are situated, speaking generally, along the main line of the Canadian Pacific Railway, the Souris Branch of that railway and its northwestern extension, and within a radius from these lines of from twelve to thirty miles, the said lands being comprised between the western boundary of Manitoba and the Third Principal Meridian.

It is also proposed to include in the sale the School Sections within a block of land lying between the western boundary of Manitoba and Range 7, west of the Second Principal Meridian, in the vicinity of the Pipestone extension of the Canadian Pacific Railway.

It is proposed that the auction sales shall be held at the following points, namely—Regina, Moose Jaw, Qu'Appelle, Wolsely, Grenfell, Whitewood, Moosomin, Carlyle, Carnduff, Alameda and Yellow Grass, beginning at Regina on the 20th May next, and closing at Yellow Grass on the 22nd of June.

The Minister, in view of the great demand now existing for land in the North-west Territories, and as the upset prices placed upon the School Lands are sufficiently high to prevent them being sacrificed in case the competition should not be as keen as expected, is of opinion that it would be in the interests of the School Lands Endowment Fund to offer the lands in question for sale in the months of May and June next, and he therefore recommends that he be authorized to offer for sale at public auction under the terms and provisions of The Dominion Lands Act, the School Lands included in the list prepared on the recommendation of the North-west Government at the points of sale and on the dates before indicated, with power, however, to the Minister of the Interior to make such changes in the points of sale and in the dates as may seem advisable.

The Minister also recommends, in view of the importance of giving as wide a publicity as possible to the proposed sale, that he be authorized to advertise the same in such newspapers and for such number of insertions as he may deem necessary notwithstanding anything to the contrary contained in the regulations with respect to Government printing and advertizing.

The Committee submit the same for approval.

39-4 Clerk of the Privy Council.

Tuesday, the 10th day of February, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum, dated 2nd February, 1903, from the Minister of the Interior, stating that Mr. A. H. Eckford, of High River, Alberta, has applied to the Department of the Interior for the purchase of the following lands :—

1st. All of Section 4, Township 19, Range 29, west of the 4th Meridian, containing 643.56 acres.

2nd. The north half of Section 6 and the east half of the south-east quarter of said Section 6, in Township 17, Range 26, west of the 4th Meridian, containing 400 acres.

3rd. The fractional west half of Section 36, Township 18, Range 30, west of the 4th Meridian, containing 37.72 acres, making a total of 1081.28 acres, more or less.

4th. Also all that portion of the south-east quarter of Section 32, Township 18, Range 29, west of the 4th Meridian, lying north of High River, the said river, not however having been traversed.

The Minister further states that Mr. Eckford carries on extensive ranching operations in the district.

The Minister recommends, as Mr. Eckford's application was made long prior to the date when Dominion Lands were withdrawn from sale, and he having been informed at the time of his application that he would be allowed to purchase the lands in question, that he be authorized, in accordance with the provisions of The Dominion Lands Act which requires the authority of the Governor in Council for the sale to one individual of more than 640 acres, to sell the above

lands to Mr. Eckford at the regulation price of $3.00 per acre. The usual terms of sale to be observed and to be subject to the purchaser having a traverse made at his own expense of that portion of High River running through the south-east quarter of Section 32 above mentioned, the cost of the said survey to be credited to him at the regular rate for contract work, namely $11.00 per mile.

The Minister further states that all the lands are clear in the records of the Department of the Interior.

The Committee submit the same for approval.

WHEREAS applications have been made to the Department of the Interior for the granting of permits to cut hay on lands in the District of Kamloops in the Railway Belt in the Province of British Columbia, and no provision for the granting of hay permits or leases of hay lands in the said Railway Belt has been made,—

Therefore the Governor General in Council is pleased to order that the Regulations relating to hay lands in Manitoba and the North-west Territories, shall be and the same are hereby extended to include lands within the Railway Belt in the Province of British Columbia.

The Governor General in Council is further pleased to authorize the Minister of the Interior to grant leases and permits in accordance with such regulations.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS the Canadian Pacific Railway Company have applied to the Department of Public Works for the approval of a proposed general pier head-line in the Harbour of Vancouver, B.C.; this proposed extension of the pier head-line being intended to afford ampler wharf accommodation to meet the rapidly increasing shipping trade at Vancouver.

And whereas the Resident Engineer of the Department of Public Works, at New Westminster, reports as follows in regard to this application, the Acting Chief Engineer of the Department of Public Works concurring, viz.:—

" To any one familiar with the extent of the portion " of Burrard Inlet constituting the Harbour of Van- " couver, the concession asked for is comparatively so " slight as not to alter in any particular the existing " conditions as affecting the rights of the Dominion " Government. The extension of their present wharves " to a depth of some 60 feet of water only entails a " distance of some 600 feet in a direct line from the " face of their present wharves. The nearest land " opposite their proposed pier head-line is in the " opposite side of the harbour, some two miles distant; " a little to the west Brocton Point projects some " 4,000 feet distant (see index plan), forming with the " main shore, Coal Harbour into which the Western " extension of these wharves will extend. The present " length of the proposed outer face wharves is some- " what limited, not exceeding 3,000 lineal feet in " water at present admitting of sea-going vessels. " This, however, by a judicious combination of slips, " as shown on the original plan, more than doubles " the available frontage. As the Pacific terminus of " their road and the entrepot of their Oriental trade, " the concession asked for by this proposed extension " of their wharves, possibly limited by the great depth " of water and heavy expense involved, is in my opinion, " extremely moderate. It is impossible to anticipate " or to state with any degree of accuracy the enormous " volume of trade that the next decade may develop, " and ample room for ships, warehouses and railway " sidings is the first requisite to be considered. When, " as above stated, the width of the harbour is some 2 " miles, the extension of a few hundred feet so far " from being detrimental will prove a decided advan- " tage not only to the Railway Co., but the public in " relieving the present congested state of the accom- " modation at both Railway Station and wharves, " which will be accomplished by the extended water " front and greater accommodation in rear of the " docks. The extension westward into Coal Harbour " is a matter of reclamation in comparatively shallow " water with a channel some 600 feet in width that " will require to be dredged to make it navigable for " boats of ordinary coasting draft."

Therefore the Governor General in Council is pleased to approve of the general pier head-line in the Harbour of Vancouver, proposed by the Canadian Pacific Railway Company, as shown on a sketch attached to Order in Council of 28th February, 1903, in this regard, and to order that this Order in Council do not become effective until publication thereof for two months in the *Canada Gazette* in order to permit of the reception of any objection which may be formulated to the "head-line" in question.

JOHN J. McGEE,
38-9 Clerk of the Privy Council.

(44) SOUTH COAST—HALIFAX HARBOUR—SAILING DIRECTIONS FOR RANGE LIGHTS.

The four lights hereinbefore described will form two ranges to guide up Halifax harbour. Mauger beach light in one with McNab island light, forming the outer range, and George island light in one with Darmouth light, both buildings marked with black diamonds on white grounds, forming the inner range.

Outer range.—Vessels of deep draught wishing to enter Halifax harbour by the deepest water channel, after passing inside of Chebucto head light, will haul up on a N. 16° E. course when they bring Mauger beach flashing white light and McNab island fixed white light in one. This course, which passes about midway between Lichfield and Neverfail shoals, and well clear of Mars rock, giving each a berth of about 3½ cables, is to be continued until this alignment is intersected by the

Inner range, which brings George island revolving red light and Dartmouth fixed red light in one, bearing N. 1° E., when the ship's course is to be changed to this new alignment. Following this course, vessels will pass on the eastern side of and well clear of the Middle ground and Pleasant shoal.

Coming in on these two ranges, vessels will leave the gas buoy off Neverfail shoal on the starboard hand, and the gas buoy off the Middle ground on the port hand.

Vessels of ordinary or light draught entering the harbour on the eastern side of Rock head shoal, or going up mid-channel between Portuguese and Neverfail shoals, need pay no attention to McNab island light, as it is intended for the use of large vessels entering by the western channel only.

A bell buoy will be established, without further notice, by the Government of Canada before the 1st May, 1903, off Gannet dry ledge, southwestwardly from Yarmouth, off the west extremity of Nova Scotia.

Lat. N. 43° 36′ 38″
Long. W. 66 11 45

The buoy will be painted red, with "Gannet ledge" in white letters on the deck, and will be surmounted by a bell rung by the motion of the buoy on the waves.

The buoy will be moored in about 16 fathoms water, 1 mile N. 73° W. from the middle of the shoal. From the buoy Yarmouth fairway whistling buoy will bear N. 36½° W. distant 6¼ miles, and Yarmouth fairway bell buoy N. 24° E. 7⅔ miles.

(46) CAPE BRETON—EAST COAST—BOULARDERIE ISLAND—GREAT BRAS D'OR—RANGE LIGHT BUILDINGS.

Range light buildings have been erected by the Government of Canada near the eastern entrance of Great Bras d'Or, on the west side of Boularderie island. The lights will be put in operation, without further notice, on the opening of navigation in the spring of 1903.

The front tower stands on Noir point, 35 feet back from the water's edge, on land 16 feet above high water mark.

Lat. N. 46° 17′ 32″
Long. W. 60 24 37

The tower is a wooden building, square in plan, with sloping sides, surmounted by a square wooden lantern, the whole painted white. The height of the tower from its base to the vane on the lantern is 31 feet.

The light is a fixed white light, elevated 41 feet above high water mark, and should be visible 11 miles from all points of approach by water. The illuminating apparatus is dioptric of the seventh order.

The back range tower stands on land 23 feet above high water mark, 1689 feet S. 55° 15′ W. from the front tower. It is a wooden building, square in plan, with sloping sides, surmounted by a square wooden lantern, the whole painted white. The height of the tower from its base to the vane on the lantern is 46 feet.

The light is a fixed white light, elevated 63 feet above high water mark, and should be visible 13 miles in the line of range. The illuminating apparatus is catoptric.

The two lights in one bearing S. 55° 15′ W. lead into Great Bras d'Or clear of Middle shoal and Carey point bar on the starboard and clear of Blackrock shoal on the port hand; they should be kept on to within 4 cables of the front light, whence the course through the narrows is S. 75° W., with Blackrock point and Table head in one astern.

(48) LAKE HURON.—NORTH CHANNEL.—LITTLE CURRENT.—CHANGE IN COLOUR OF SOUTH LIGHT. ILLUMINATING APPARATUS.

Immediately after the opening of navigation in the spring of 1903, the light shown from the tower in the village of Little Current, north shore of Manitoulin island, in the district of Algoma, will be changed without further notice from fixed white to fixed red, so as to render it readily distinguishable from the village lights. At the same time the old catoptric apparatus will be removed and replaced by a dioptric lens of the seventh order; in other respects the station will be unchanged.

(49) NORTH CHANNEL.—NARROW ISLAND.—RED SECTOR INSERTED IN LIGHT.

Referring to notice to mariners No. 5 (9) of 1903, describing the new lighthouse on Narrow island, North channel, Lake Huron, north of Manitoulin island, and the fixed white light to be shown therefrom, it has been decided to insert a red sector in this light, to show over an arc of 17°, between the bearings (given from seaward) of S. 83° E. and N. 80° E. This sector covers Foster bank and the shoals in its neighbourhood, and also indicates the direction of the shoals extending westward from the head of Narrow island.

This change will be made immediately after the opening of navigation in the spring of 1903, without further notice.

(33) RIVER ST. MARY—CANADIAN SAULT CANAL—RANGE AT UPPER ENTRANCE—CHANGE IN COLOUR OF LIGHTS.

On the opening of navigation in the spring of 1903, the range lights marking the approach from the westward to the Canadian canal at Sault Ste. Marie, in the river St. Mary, Ontario, will be improved by substituting for the illuminating apparatus hitherto used in each lighthouse a group of three incandescent electric lamps, each of 65-candle power, placed in the foci of paraboloidal reflectors.

Both lights will also be changed in colour from fixed white to fixed red.

These lights should show very strong beams in and over a small arc on each side of the line of range.

The lights herein referred to are those shown from the lantern on the cribwork beacon at the turn in the channel, and from the tower on Davignon point.

(34) RIVER ST. MARY—CANADIAN SAULT CANAL—CHANGE IN COLOUR OF LIGHTS ON UPPER EXTREMITIES.

At the same time the electric arc light, maintained by the Department of Railways and Canals on the upper end of the north pier of the Canadian canal at Sault Ste. Marie, Ontario, and the similar light on the upper end of the south pier, which were in 1896 changed in colour from white to red, will be changed in colour from red to green, so as to distinguish them from the red range described above.

The two lights to be changed in colour are respectively the most westwardly light of each of the two rows of arc lights illuminating the canal bank and cribwork approaches.

UNITED STATES OF AMERICA.

(35) ST. LAWRENCE RIVER—NEW YORK.

Granite state shoal gas buoy—Intended establishment.—On the opening of navigation, 1903, a gas buoy, No. 10, painted red, and showing a *white* light during periods of 10 *seconds*, separated by *eclipses of* 10 *seconds'* duration, will be established in 17 feet of water, on the eastern point of Granite State shoal, northwestern side of the channel of the St. Lawrence river, about $\frac{1}{5}$ mile N. 28° E. from Rock island lighthouse, New York, in the place of the 20-foot spar buoy heretofore used to mark the shoal.

Rock island light station to be moved.—The tower from which Rock island light is shown is being moved about 125 feet in a northwesterly direction and set upon a conical substructure, 20 feet in height, with a concrete base.

The structure will be completed on the opening of navigation, 1903, and the light shown therefrom, without change in characteristic, but at a height of 50 feet, instead of 45 feet as heretofore. The new part of the tower will be of white brick, natural colour.

The new location is at the water's edge, on the northwestern point of Rock island, New York, southeastern side of the channel of the St. Lawrence river at the head of the Narrows.

Rock island reef gas buoy, No. 23, to be discontinued.—On the opening of navigation, 1903, this buoy, heretofore marking the western end of the reef making off to the westward from Rock island, St. Lawrence river, New York, will be discontinued.

TO ADVERTISERS IN THE *GAZETTE*.

PARTIES sending advertisements to be inserted in the *Canada Gazette* will please observe the following rules :

1st. Address "The Canada Gazette, Ottawa, Canada."

2nd. Indicate the number of insertions required.

3rd. INVARIABLY REMIT THE FEES FOR SUCH ADVERTISEMENTS, TOGETHER WITH THE PRICE OF ONE GAZETTE, AS BELOW. OTHERWISE THEY WILL NOT BE INSERTED.

The rates are 10 cents for the first insertion, and five cents for each subsequent insertion per line of nine words, each figure counting as one word. No advertisement is inserted for a less charge than one dollar.

By settled or understood practice as prescribed by law, the rules of Parliament or decisions of the Department of Justice, notices receive the following insertions :—

Notices of applications for divorce—27 insertions.

Notices of the withdrawal of deposits of Insurance Companies—13 insertions.

Notices of ordinary applications to Parliament—9 insertions.

Notices of applications for Letters Patent under Loan Companies Act (per O. in C. published in *Gazette* of 15th June, 1901)—2 insertions.

Notices of dividends and meetings of Banks and Insurance Companies—1 calendar month, or 5 insertions.

Subscribers will also notice that the subscription, $4 per annum, is invariably payable in advance, and that the "Gazette" will be stopped at the end of the period paid for. Single numbers will be charged ten cents each, and when more than one are required by advertisers, must be remitted for likewise.

APPLICATIONS TO PARLIAMENT.

CONDENSED RULES *in re* NOTICES FOR PRIVATE BILLS.

All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of The British North America Act, 1867, for granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community ; or for making any amendment to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application ; such notice (except in the case of existing corporations) shall be signed by, or on behalf of the applicants, and be published as follows, viz.:

In the Provinces of Quebec and Manitoba.

In the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District in which a newspaper is published.

In any other Province or Territory.

In the *Canada Gazette*, and in one newspaper published in the County or District, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County or District in which a newspaper is published. Such Notices shall be continued in each case, for a period of at least two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. Marked copies of all the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House, endorsed "Application for a Private Bill."

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioners shall also, at the same time and in the same manner, give notice of the proposed rates of toll, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and, if a drawbridge, the dimensions of the same.

Any person seeking to obtain a Private Bill shall, at least eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the Bill is to originate, a copy of such Bill in the English or French language, with a sum sufficient to pay for translating and printing the same. The applicant shall also, after the second reading, and before the consideration of the Bill by any Committee, pay the Clerk of the Senate, or the Accountant of the House of Commons (as the case may be) a fee of $200, and a sum sufficient to pay the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred.

The fee of $200 payable on any Private Bill is paid only in the House in which such Bill originates ; but the charges for reprinting and translation consequent thereon are paid in the House in which such charges are incurred.

No petition for a Private Bill is received by the Senate or by the House of Commons after the first three weeks of the Session.

No Private Bill may be presented to the Senate or to the House of Commons after the first four weeks of the Session.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate.

THOMAS B. FLINT,
Clerk of the Commons.

—

SPECIAL RULE OF THE SENATE.

49. (*c.*) When a Bill is to operate in more than one Province, Territory or District, the notices shall be published in the *Canada Gazette* and in a leading newspaper published in each Province, Territory or District in which the Bill is to operate.

STANDING ORDER.

When any Bill, confirming a deed, lease, agreement or other instrument, is brought up or presented to the Senate, such deed, lease, agreement or other instrument shall be set forth in the Bill by way of Schedule or otherwise.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate

—

ADDITIONAL RULES OF THE HOUSE OF COMMONS RESPECTING PRIVATE BILLS.

All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the *clauses* of the *General Acts* relating to the details to be provided for by such Bill ;—special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof, in which the *General Act* is proposed to be departed from ;—Bills which are not framed in accordance with this *Rule*, shall be recast by the promoters, and reprinted at their expense, before any Committee passes upon the *Clauses*.

51*a*. All Private Bills for Acts of incorporation of, or in amendment of Acts incorporating Railway Companies, shall be drawn in accordance with the Model Bill, copies of which may be obtained from the Clerk of the House.

(*a.*) The provisions contained in any Bill which are not in accord with the Model Bill, shall be inserted between brackets, and when revised by the proper officer shall be so printed, and Bills which are not in accordance with this Rule shall be returned to the promoters to be recast before being revised and printed ;

(*b.*) Any sections of existing Acts which are proposed to be amended shall be reprinted in full with the amendments inserted in their proper places and between brackets ;

(*c.*) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the Notice of Application for the same.

51*b*. No Bill for the incorporation of a Railway Company, or for changing the route of the railway of any company already incorporated, shall be considered by the Railway Committee until there has been filed with the Committee, at least one week before the consideration of the Bill :—

(*a*.) A Map or Plan drawn upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the lines of existing or authorized works of a similar character within, or in any way affecting the district, or any part thereof, which the proposed work is intended to serve, and such map or plan shall be signed by the Engineer or other person making the same ;

(*b*.) An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking, and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures, or other securities, and the amount of each, respectively.

THOMAS B. FLINT,
Clerk of the Commons.

—

SPECIAL ORDER OF THE HOUSE OF COMMONS.

Resolved, That the Clerk of the House do have a copy of the new Rule 49 sent to those persons giving notice in the *Canada Gazette* of their intention to apply to Parliament for the passing of a Private Bill, together with a notification that the said Rule will be strictly adhered to for the future :—

49. Petitions for Private Bills shall only be received by the House within the first *three weeks* of the session, and Private Bills may only be presented to the House within the first *four weeks* of the session, and it shall be the duty of any Committee to which any Private Bill may be referred to consider and report the same to the House with all convenient speed.

2. That it be an instruction to all Committees on Private Bills, in the event of promoters not being ready to proceed with their measures when the same have been twice called *on two separate occasions* for consideration by the Committee, that such measures shall be reported back to the House forthwith, together with a statement of the facts and with the recommendation that such Bills be withdrawn.

THOMAS B. FLINT,
Clerk of the Commons.

—

SUBSTANCE OF RULES OF THE SENATE RELATING TO NOTICES AND APPLICATIONS FOR BILLS OF DIVORCE.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be published during six months before the presentation of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the District in Quebec, Manitoba, British Columbia or the North-west Territories, or in the County or Union of Counties in other Provinces, wherein such applicant usually resided at the time of the separation of the parties ; but if the requisite number of papers cannot be found therein, then in an adjoining District or County or Union of Counties. Notices given in the Provinces of Quebec and Manitoba are to be published in one English and in one French newspaper, if there be such newspapers published in the District, but otherwise shall be published in each newspaper in both languages.

A copy of the said Notice shall, not less than one month before the date of the presentation of the Petition, at the instance of the applicant, be served personally on the person from whom the divorce is sought, when that can be done.

No petition for divorce shall be received after the first thirty days of each session.

The petition of an applicant for divorce must be fairly written and must be signed by the Petitioner, and should briefly set forth the marriage, when, where and by whom the ceremony was performed, the grounds on which relief is asked and the nature of the relief prayed and should also negative condonation, collusion and connivance. The allegations of the petition must be verified by declaration of the Petitioner, under The Canada Evidence Act, 1893

The applicant shall deposit with the Clerk of the Senate, eight days before the opening of Parliament, a copy, in the English or French language, of the proposed Bill of Divorce, and therewith a sum sufficient to pay for translating and printing 600 copies thereof in English and 200 copies in French.

No petition for a Bill of Divorce shall be presented unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred dollars ($200).

The petition when presented shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy thereof, and by a copy of the proposed Bill.

HOTEL DU GOUVERNEMENT A OTTAWA.

Samedi, le 7e jour de mars 1903.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

ATTENDU que l'article 1 des règlements pour la régie des terres fédérales dans le territoire du Yukon qui contiennent de la houille, établis par l'arrêté en conseil du 21 de janvier 1901, pourvoit au prélèvement d'un droit régalien sur le rendement brut de la mine à tel taux par tonne que prescrira de temps à autre le Gouverneur général en conseil,—

A ces causes, il plaît au Gouverneur général en conseil d'ordonner que le montant du droit régalien à prélever soit et il est par le présent fixé, pour une période de dix ans à compter de la date du présent arrêté en conseil, au taux de dix centins par tonne de deux mille livres, et que le droit de modifier le dit taux après l'expiration de la dite période de dix ans soit réservé.

JOHN J. McGEE,

HOTEL DU GOUVERNEMENT A OTTAWA.

Mardi, le 3e jour de février 1903.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 2 de janvier 1903, du ministre de l'Intérieur, exposant que Messieurs Jukes et Ducker, commissaires nommés pour choisir les terrains marécageux qui seront attribués à la province du Manitoba en vertu des dispositions de l'art. 4, chap. 47, Statuts Revisés du Canada, ont fait des rapports conjoints datés respectivement le 8 février 1900, le 25 avril 1900, le 11 décembre 1900, le 15 mai 1901, le 9 décembre 1901 et le 30 avril 1902, dans lesquels ils soumettent, conformément aux termes de l'arrêté en conseil à ce sujet du 19 juin 1886, et l'arrêté en conseil modificatif du 27 février 1899, des listes des terrains qu'ils ont examinés dans le but susdit, comprenant une étendue de 827,489.79 acres.

Le Ministre dit que sur l'étendue ainsi examinée des commissaires constatent que 320,467.96 reviennent à la province comme terrains marécageux.

En comparant les listes fournies par les commissaires avec les livres du ministère de l'Intérieur et ses agences au Manitoba, on a trouvé que sur l'étendue

totale de 320,467.96 acres choisis comme tels terrains marécageux, une étendue de 175,499.48 acres est disponible.

Que sur l'étendue de 175,499.48 acres disponibles, 90,840 acres sont non arpentés, laissant une étendue de 84,659.49 acres disponibles pour être transférés à la province.

Le Ministre soumet des listes revisées marquées A et B respectivement, de ceux des terrains compris dans les listes des commissaires qui sont trouvés disponibles comprenant une étendue de 175,499.48 acres, et s'étant convaincu de l'exactitude de ces listes revisées, ci-jointes, le Ministre recommande que les terrains énumérés dans la liste marquée A et comprenant une étendue de 84,659.48 acres, soient attribués à Sa Majesté le roi Edouard Sept pour les fins de la province du Manitoba, en vertu des dispositions de l'article quatre du chapitre quarante-sept des Statuts Revisés du Canada, et que les terrains énumérés dans la liste marquée B et comprenant une étendue de 90,840 acres soient réservés afin d'être transférés à la province du Manitoba, et que lorsque l'Arpenteur général fera rapport que ces terrains sont arpentés, le titre à ces terrains soit attribué à la province.

Le comité soumet ce qui précède à l'approbation.

JOHN J. McGEE,
Greffier du Conseil privé.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT que l'article 41 des règlements relatifs aux mines alluviales dans le territoire du Yukon, établis par l'arrêté en conseil du 13 de mars 1901, statue que tout mineur libre ayant dûment délimité et enregistré un emplacement aura droit de le détenir pendant la période pour laquelle il a reçu une inscription, et ensuite d'année en année en renouvelant l'enregistrement ; pourvu, toutefois, que durant chaque année, et chaque année ensuivante, ce mineur libre exploite ou fasse exploiter l'emplacement même pour une valeur de deux cents piastres, ou il peut, à son choix, au lieu du travail exigé chaque année, payer au régistrateur des mines dans le bureau duquel l'emplacement est enregistré, la somme de deux cents piastres pour chacune des trois premières années, mais pour la quatrième et les années ensuivantes la somme de quatre cents piastres doit être payée au lieu du travail qui devrait être fait sur l'emplacement ou s'y rattachant ;

Et considérant que le commissaire du territoire du Yukon fait rapport qu'il serait avantageux au public si la somme de travail à faire chaque année sur un

emplacement minier ne pouvait être commué par le paiement d'un droit au lieu du travail,—

A ces causes, il plaît au Gouverneur général en conseil, en vertu de la clause 47 de l'*Acte des terres fédérales*, telle que statuée par l'article 5 de l'acte 55-56 Victoria, chapitre 15, et de l'article 8 de l'*Acte du territoire du Yukon*, tel que statué par l'article 3 de l'acte 2 Edouard VII, chapitre 34, d'ordonner et il est par le présent ordonné, que les dispositions contenues dans les divers sous-articles de l'article 41 des règlements établis par un arrêté en conseil du 13 de mars 1901, permettant, au choix du mineur libre, de faire un paiement au lieu du travail obligatoire, soient rescindées à compter du premier jour d'août 1903.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT que l'article 6 des règlements concernant l'émission de baux pour draguer de minéraux dans les lits des rivières dans le territoire du Yukon, établis par l'arrêté en conseil du 18 de janvier 1898, établit que les locataires paieront à la Couronne un droit régalien de dix pour cent sur le rendement lorsqu'il excède $15,000, tel que démontré par les états assermentés que fournira mensuellement le locataire au commissaire des mines d'or pendant la saison d'opérations ; le dit droit régalien sera payé en même temps que chaque rapport.

Et considérant qu'à l'époque où ces règlements ont été approuvés le droit régalien sur l'or extrait en vertu des dispositions des règlements concernant les mines alluviales était de 10 pour cent du rendement brut, mais que depuis lors il a été réduit à 2½ pour cent sur la valeur de l'or exporté sans exemption,—

A ces causes, il plaît au Gouverneur général en conseil, en vertu des dispositions de la clause 7 de l'*Acte des terres fédérales*, telle que modifiée par l'article 5 du chapitre 15 de 55-56 Victoria, et de l'article 8 de l'*Acte du territoire du Yukon*, tel que modifié par l'article 3 du chapitre 34 de 2 Edouard VII, d'ordonner que la partie de l'article 6 des règlements concernant l'émission de baux pour draguer des minéraux dans les rivières du territoire du Yukon, ci-dessus cités, et aussi l'article 6*a* des dits règlements, soient et ils sont par le présent rescindés, et remplacés par ce qui suit :—

" Le même droit régalien sera payé sur le rendement de l'or, tel que prescrit, ou sera ci-après prescrit, dans le cas de concessions de mines alluviales, ce droit régalien devant être payé en la manière établie par les règlements concernant les mines alluviales.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT que l'article 2 des règlements relatifs aux mines alluviales dans le territoire du Yukon établis par l'arrêté en conseil du 13 de mars 1901, établit que pour un certificat de mineur titre délivré en faveur d'un particulier l'honoraire sera de $10, et les articles 29 et 34 des règlements en question pourvoient au paiement d'un honoraire de $15 pour l'enregistrement une concession de mine alluviale, et le paiement d'un pareil montant pour son renouvellement chaque année ;

Et considérant que le commissaire du territoire du Yukon recommande que le droit payable pour un certificat de mineur libre soit réduit à $7.50, et que l'honoraire pour la concession ou le renouvellement d'une concession de mine alluviale soit réduit à $10,—

A ces causes, il plaît au Gouverneur général en conseil, en vertu de l'article 47 de l'*Acte des terres fédérales*, tel que modifié par l'article 5 de l'acte chapitre 15 de 55-56 Victoria, et de l'article 8 de l'*Acte du territoire du Yukon*, tel que modifié par l'article 3 de l'acte chapitre 34 de 2 Edouard VII, d'ordonner que l'article 2 des règlements établis par l'arrêté en conseil du 13 de mars 1901 précité, soit et il est par le présent modifié en retranchant l'honoraire de $10 qui y est stipulé pour un certificat de mineur titre délivré à un particulier, et y substituant $7.50 ; et que les articles 29 et 34 des dits règlements soient et ils sont par le présent modifiés, en substituant le droit de $10 pour enregistrement ou pour le renouvellement d'une concession de mine alluviale au droit de $15 aujourd'hui exigé.

Mardi, le 3e jour de février 1903.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît au Gouverneur général en conseil, en conformité des dispositions du sous-article 1 de l'article 19 de l'*Acte des terres fédérales*, chapitre 54 des Statuts Revisés du Canada, d'ordonner que les taux fixés par des arrêtés en conseil antérieurs pour l'arpentage de subdivisions de townships, soient et ils sont par le présent rescindés, et que les arpentages de subdivisions de townships faits à l'entreprise, seront dorénavant payés comme ci-après :—

1. Les lignes de sections seront payées au taux de cinq piastres par mille de ligne arpentée.

2. Un paiement supplémentaire au taux de cinquante centins par chaîne, jusqu'à dix chaînes dans un côté de section, sera fait pour ouvrir, couper et marquer une ligne à travers bois, vents chablis, broussailles ou épais fourrés.

3. Toute ouverture, coupe et marquage de la ligne au delà de dix chaînes dans un côté de section sera payée au taux de vingt-cinq centins par chaîne.

4. Aucun paiement ne sera fait en vertu des articles 2 et 3 lorsque la ligne aurait pû être mesurée sans faire d'ouverture ou de coupe.

5. La partie d'une ligne mesurée en travers de l'eau au moyen d'une triangulation, jusqu'à un demi-mille, sera payée comme ouverture à travers bois lorsque la masse d'eau est entourée de bois continus.

6. Pour l'interprétation des articles 2 et 3, une ligne de section signifiera la distance entre deux monuments aux encoignures de sections ou les endroits assignés à ces encoignures, et cette distance pourra comprendre une réserve de chemin.

7. Lorsque le côté d'une section, à part de la réserve de chemin est plus grand que quatre-vingt-dix chaînes, ou moindre que soixante-dix chaînes, le nombre de chaînes d'ouverture ou de coupe qui peut être payé au taux de cinquante centins par chaîne, sera augmenté ou réduit en proportion de la longueur du côté de section.

8. Seules les lignes actuellement tracées et marquées sur le terrain seront payées. Rien ne sera alloué pour les lignes perdues ou de sentiers, les bases de triangles et les ordonnées.

9. Un paiement supplémentaire au taux de trois piastres par mille sera fait pour les lignes de sections arpentées sur un terrain accidenté ou montagneux. Un côté de section sera réputé accidenté ou montagneux lorsque le carnet de campagne indique qu'il franchit un ravin d'au moins 100 pieds de profondeur ou deux ravins chacun d'au moins 50 pieds de profondeur, ou que la différence de niveau entre deux points de la ligne à pas plus d'un demi-mille de distance l'un de l'autre, excède 200 pieds, les profondeurs ou hauteurs étant mesurées par un baromètre anéroïde.

10. Un paiement supplémentaire au taux de quatre piastres par mille sera fait pour arpenter les lignes extérieures méridiennes d'un township lorsque ces lignes extérieures sont comprises dans un contrat d'arpentage de subdivision.

11. Les lignes de sections réarpentées ou retracées seront payées au même taux que les lignes primitives de sections lorsque ces lignes sont réarpentées ou retracées en conformité du Manuel d'arpentage ou des instructions de l'Arpenteur général, mais rien ne sera payé pour le mesurage d'une partie des lignes extérieures que le Manuel d'arpentage oblige de faire pour éprouver le chaînage avant de commencer la subdivision d'un township.

12. Un paiement supplémentaire au taux de vingt-cinq centins par fosse dans la prairie et de quarante centins par fosse dans les bois, sera fait pour chaque monument de borne, ce paiement devant couvrir le coût de planter et marquer les poteaux, construire le monticule, et autrement compléter le monument. Une tranchée-témoin sera payée comme quatre fosses.

13. Les traverses des lacs et rivières et les traverses correspondantes seront payées au taux de onze piastres par mille. Pour les traverses des lacs et rivières, la distance à payer sera mesurée le long de la rive du lac ou rivière à partir de chaque point fixé par l'arpentage dans une ligne droite jusqu'au point suivant. Il ne sera rien payé pour les ordonnées.

14. Une piastre sera payée pour chaque déclaration statutaire d'un colon.

15. Cinq piastres seront payées pour chaque observation astronomique (pas plus que deux observations dans un township) pour constater la direction du méridien.

16. Les indemnités ci-dessus couvriront le coût de la préparation et des rapports de l'arpentage.

17. Les poteaux en fer employés à l'arpentage seront fournis gratuitement à Winnipeg. Les poteaux qui n'ont pas servi devront être renvoyés aux magasins, sinon ils seront portés au compte de l'arpenteur au prix de quarante centins chacun.

18. Un rabais au taux que l'inspecteur des arpentages recommandera sera fait sur les paiements des entrepreneurs d'arpentage pour chaque monument d'arpentage non érigé en conformité des dispositions du Manuel d'arpentage, soit que le défaut existe dans la dimension des fosses, ou dans le marquage ou enfoncement des poteaux, mais ce rabais ne sera pas plus fort que trois fois le montant alloué pour ériger le monument. En payant pour les traverses, une piastre sera déduite pour chaque ordonnée moindre que ne le prescrit le Manuel d'arpentage.

41-4 Greffier du Conseil privé.

Mardi, le 25e jour de février 1903.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 13 de février 1903, du ministre de l'Intérieur, soumettant que des représentations lui ayant été faites par l'Honorable G. H. V. Bulyea, de la part du gouvernement des territoires du Nord-Ouest, que vu la grande affluence de colons dans les territoires, le gouvernement est d'avis qu'il serait judicieux dans l'intérêt du Fonds de dotation des terres des écoles d'offrir en vente à l'enchère publique un nombre de terres des écoles dans Assiniboïa-Est au commencement de l'été prochain, car on est convaincu que de hauts prix seraient obtenus pour ces terres, M. J. W. Greenway, inspecteur des terres des écoles a été chargé de rencontrer un représentant du gouvernement du Nord-Ouest dans le but de s'entendre ensemble pour mettre un prix de départ sur les terres des écoles qu'il est recommandé d'offrir en vente.

Le Ministre dit qu'un rapport a depuis été reçu de M. Greenway avec une liste des prix de départ qu'il est suggéré de placer sur les terres en question, le prix minimum suggéré étant de $7 l'acre.

Les terres des écoles qu'il est proposé d'offrir en vente sont situées, généralement parlant, le long de la ligne-mère du chemin de fer Canadien du Pacifique, l'embranchement Souris de ce chemin de fer et son prolongement nord-ouest, et dans un rayon de douze à trente milles de ces lignes, les dites terres étant comprises entre la frontière ouest du Manitoba et le troisième méridien principal.

Il est aussi proposé d'inclure dans la vente les sections des écoles renfermées dans un bloc de terre situé entre la frontière ouest du Manitoba et le rang 7 à l'ouest du deuxième méridien principal, dans le voisinage du prolongement Pipestone du chemin de fer Canadien du Pacifique.

Il est proposé que les ventes à l'enchère soient tenues aux endroits suivants, savoir, à Régina, Moose Jaw, Qu'Appelle, Wolseley, Grenfell, Whitewood, Moosomin, Carlyle, Carnduff, Alameda et Yellow Grass, commençant à Régina le 20 de mai prochain, et finissant à Yellow Grass le 22 de juin.

Le Ministre, vu la grande demande qui existe actuellement pour des terres dans les territoires du Nord-Ouest, et que les prix de départ mis sur les terres des écoles sont assez élevés pour les empêcher d'être sacrifiées dans le cas où la compétition ne serait pas aussi vive qu'on s'y attend, est d'avis qu'il serait

dans l'intérêt du Fonds de dotation des terres des écoles d'offrir les terres en question en vente dans les mois de mai et juin prochains, et il recommande en conséquence qu'il soit autorisé à offrir en vente à l'enchère publique aux termes et conditions de l'*Acte des terres fédérales*, les terres des écoles comprises dans la liste préparée à la recommandation du gouvernement du Nord-Ouest aux endroits de vente et aux dates indiqués plus haut, avec la faculté, toutefois, au ministre de l'Intérieur, de faire tels changements dans les endroits de vente et les dates qu'il jugera bon.

Le Ministre recommande aussi, en vue de l'importance de donner une aussi grande publicité que possible à la vente projetée, qu'il soit autorisé à l'annoncer dans les journaux aussi souvent qu'il pourra le juger nécessaire, nonobstant toute chose contenue dans les règlements concernant les impressions et annonces du gouvernement.

Le comité soumet ce qui précède à l'approbation.

39-4 Greffier du Conseil privé.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît au Gouverneur général en conseil d'ordonner que l'arrêté en conseil du 4 février 1903, adoptant des "Conditions générales de transport" des marchandises sur les chemins de fer canadiens, soit et il est par le présent modifié de manière à substituer au lieu de la clause No. 28 des dites conditions (concernant le chargement du bois de service) la clause 28 ci-jointe.

JOHN J. McGEE,
Greffier du Conseil privé.

—

28.—Sauf tel que ci-après énoncé, tout le bois de service devra être chargé aux voies d'évitement ou de service, et non sur les voies principales d'une ligne de complet parcours ou d'embranchement. A la suite d'un arrangement spécial avec le surintendant, le chargement du bois de service pourra se faire sur les voies principales lorsqu'il est en quantité suffisante pour un plein chargement de convoi de 12 wagons, et placé de façon à être promptement chargé sur les wagons à l'aide d'une locomotive. Les frais supplémentaires exigés pour ce service seront de $3 par heure, avec une taxe minimum de $15 pour toute fraction d'une journée, à compter de l'heure où la locomotive a été désignée pour ce service jusqu'à ce qu'elle s'en revienne, y compris le va-et-vient au lieu de chargement ; mais ne comprenant pas le temps où la locomotive sera remisée pour la nuit. Dans le cas où la locomotive et l'équipe seraient envoyées, après que le travail de chargement est fini, à quelque point autre que celui pour lequel elles étaient d'abord envoyées pour ce service spécial, le temps comptera jusqu'à ce que la locomotive et l'équipe soient enregistrées à tel autre point, mais pas plus longtemps que ce qui aurait été occupé à ramener la locomotive et l'équipe au premier point de départ. 41-2

AVIS DU GOUVERNEMENT.

AVIS DE L'ADMINISTRATION DES POSTES.

A PARTIR d'aujourd'hui le tarif d'affranchissement sur les écrits périodiques anglais et canadiens reconnus comme objets de seconde classe déposés à la poste par des marchands de journaux en Canada, pour transmission par la poste, soit qu'ils soient adressés à des abonnés, soit qu'ils soient expédiés comme exemplaires spécimens, sera de un cent par livre ou fraction de livre. Chaque article ainsi déposé à la poste doit être timbré "Affranchi en bloc par le marchand de journaux." Tous les objets ainsi expédiés seront sujets aux règlements relatifs au dépôt à la poste des objets de la seconde classe et des exemplaires spécimens de périodiques canadiens.

AUX ANNONCEURS DANS LA *GAZETTE*.

CEUX qui envoient des annonces pour être insérées dans la *Gazette du Canada*, voudront bien se conformer aux règles ci-dessous :

1. Adresser "Gazette du Canada, Ottawa, Canada."
2. Indiquer le nombre voulu d'insertions.
3. **TRANSMETTRE INVARIABLEMENT LE PRIX DE L'ANNONCE AINSI QUE LE PRIX D'UN EXEMPLAIRE DE LA *GAZETTE*, TELS QUE DONNÉS PLUS BAS ; SANS CELA L'ANNONCE NE SERA PAS PUBLIÉE.**

Les prix sont de dix cts. pour la première insertion, et cinq cts. pour chaque insertion subséquente par ligne de neuf mots, chaque chiffre comptant pour un mot. Aucune annonce n'est insérée pour moins d'une piastre.

D'après la pratique établie et reconnue, telle que prescrite par la loi, les règlements du parlement et les décisions du ministère de la Justice, les avis reçoivent le nombre d'insertions ci-dessous :—

Les avis de demandes de divorce—27 insertions.

Les avis de retrait de dépôts des compagnies d'assurances—13 insertions.

Les avis de demandes ordinaires au parlement—9 insertions.

Les avis de demandes de lettres patentes en vertu de l'*Acte des compagnies de prêt* (A. C. publié dans la *Gazette* 15 juin 1901)—2 insertions.

Les avis de dividendes et d'assemblées de banques et de compagnies d'assurances,—1 mois de calendrier ou 5 insertions.

Les abonnés observeront aussi que le prix d'abonnement, $4 par année, est invariablement payable d'avance, et que l'envoi de la *Gazette* sera arrêté à l'expiration de la période payée. Chaque exemplaire coûte dix cts., et quand les annonceurs en veulent plus qu'un, ils devront faire une remise en conséquence.

DEMANDES AU PARLEMENT.

Règles *in re* Avis de bills privés.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devron être transmis au greffier de chaque chambre, et porter à l'enclos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

THOMAS B. FLINT,
Greffier des Communes.

—

Règle spéciale du Sénat.

49. (*c.*) Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

Ordre permanent.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

—

Règles additionnelles de la Chambre des Communes concernant les bills privés.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(*a.*) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées

ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b.*) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c.*) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

THOMAS B. FLINT,
Greffier des Communes.

ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

THOMAS B. FLINT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat

LA Compagnie de chemin de fer de St-Chrysostome demandera au parlement, à sa présente session, un acte déclarant son chemin de fer d'un avantage général pour le Canada, fixant le délai pour son achèvement, et l'autorisant à faire des arrangements avec d'autres compagnies.

J. P. BROWN,
40–9 Président.

AVIS.—Une demande sera adressée au parlement du Canada, à sa prochaine sesion, afin d'obtenir un acte pour constituer en corporation une compagnie autorisée à construire et exploiter un chemin de fer, mû par la vapeur ou par l'électricité, partant d'un point sur la ligne du chemin de fer Québec et Lac Saint-Jean dans ou près de la ville de Chicoutimi dans une direction est ou nord-est et allant à quelque point sur la baie Rigolet ou Hamilton Inlet, ou à quelque point sur le golfe Saint-Laurent ou la côte de l'Atlantique ; avec la faculté de construire et exploiter des embranchements ; aussi avec la faculté de construire, acquérir et exploiter des scieries, moulins à pulpe, usines de réduction, hauts fourneaux, bateaux à vapeur et vaisseaux, quais, pouvoirs hydrauliques, et outillage électrique, et acquérir et exploiter des mines et des coupes de bois ; aussi avec la faculté de se fusionner avec toute autre compagnie de chemin de fer, et pour d'autres fins.

CARON ET SINCLAIR,
Solliciteurs des requérants.
Date ce 12 de mars 1903. 38-9

AVIS est donné par le présent qu'une demande sera adressée au parlement du Canada, à sa présente session, par la Royal Trust Company, corporation constituée par des actes spéciaux de la province de Québec (55-56 V. c.c. 79 et 80, 59 V. c. 67, et 63 V. c. 76), à l'effet d'obtenir un acte conférant à la dite compagnie le droit et la capacité par tout le Canada ailleurs de faire les opérations et exercer les pouvoirs que la dite compagnie est actuellement autorisée à faire et exercer en vertu des dits actes et autrement, et pour d'autres fins.

GORMULLY ET ORDE,

JOHN J. McGEE,
42-3 Clerk of the Privy Council.

[Ref. 756,719]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 3rd day of February, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 21st January, 1903, from the Minister of the Interior, submitting that Messrs. Macdonell and Martin, Commissioners appointed for the purpose of making a selection of Swamp Lands in the Province of Manitoba to be granted to the province of Manitoba under the provisions of section 4, chapter 47, Revised Statutes of Canada, have made a joint report, dated 27th August, 1902, in which they submit, in accordance with the terms of the Order in Council in that behalf of the 19th June, 1886, and amending Order in Council of 27th February, 1899, a schedule of lands examined by them for the purpose mentioned, comprising an area of 149,400.85 acres.

That of the area thus examined the Commissioners find an area of 56,379.85 acres falling to the Province as Swamp Lands.

The Minister states that by a comparison of the schedule furnished by the Commissioners with the books of the Department of the Interior and its agencies in Manitoba, it has been found that of the total area of 56,379.85 acres selected as such Swamp Lands, an area of 27,764.85 acres is available.

The Minister submits a revised schedule of such of the lands included in the schedule of the Commissioners as are found available, comprising an area of 27,764.85 acres, and having satisfied himself of the accuracy of this revised schedule, hereto attached, the Minister recommends that the lands enumerated therein be vested in His Majesty King Edward the Seventh for the purposes of the Province of Manitoba under the provisions of the fourth section of chapter forty-seven of the Revised Statutes of Canada.

The Committee submit the same for approval.

JOHN J. McGEE,
Clerk of the Privy Council.

SCHEDULE showing lands selected by Messrs. Macdonell and Martin, Swamp Lands Commissioners, under the provisions of the Order in Council of 19th June, 1886, and amending Order in Council of 27th February, 1899, all being found vacant in the books of this Department.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 31st day of March, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum dated 14th March, 1903, from the Minister of Railways and Canals, representing that under date the 25th February last, The Algoma Central and Hudson Bay Railway Company have submitted for the approval of the Governor in Council under the provisions of section 217 of The Railway Act, as amended by section 9 of the Act of 1900, chapter 23, certain by-laws, indicated by the letters "B" "C" and "D" adopted by the company at a meeting of the shareholders thereof held on the 27th of October, 1902, fixing the tolls to be taken for the transportation of passagers and goods, and making regulations for the conduct of passengers and persons using the property of the company, also fixing the wharfage tolls to be in force at the International Dock, Sault Ste. Marie, the Michipicoten Dock, Michipicoten, the Power Dock and Commercial Dock at Sault Ste. Marie; also (by-law "B") authorizing the directors to fix and regulate both freight and passenger tolls and charges.

The Minister further represents that the said by-laws have been examined by the proper officers of the Department of Railways and Canals, who have made certain amendments thereto.

The Minister, on the advice of the proper officers of the Department of Railways and Canals, recommends that approval be given to such by-laws as amended.

The Committee submit the same for approval.

JOHN J. McGEE,
Clerk of the Privy Council.

—

By-law No. B, of The Algoma Central and Hudson Bay Railway Company, to authorise the directors to fix and regulate from time to time the tolls to be demanded and taken for all passengers and goods transported upon the railway, and for other purposes.

Whereas it is deemed expedient that the directors of the company be authorized to fix and regulate from time to time by by-law the tolls to be demanded and taken for all goods transported upon the railway, or in steam or other vessels belonging to the company.

Therefore be it hereby enacted by The Algoma Central and Hudson Bay Railway Company as a by-law of the said company :—

1. That the Board of Directors be, and they are hereby authorized and empowered to fix and regulate from time to time by by-law, the tolls to be demanded and taken for passengers and goods transported upon the railway, or in steam or other vessels belonging to the company, and also all other rates and charges to be demanded and taken for the conveyance of passengers and transportation, storage and delivery of goods, and for other purposes incidental thereto.

2. The Board of Directors are hereby further authorised to amend, repeal and re-enact any by-law for the purposes aforesaid, at such times and in such manner as they may deem advisable.

Certified to be a true copy of by-law passed and adopted by The Algoma Central and Hudson Bay Railway Company, at a meeting of the Shareholders thereof, held at the Town of Sault Ste. Marie, in the District of Algoma, on the 17th day of September, 1901.

—

By-Law No. C. of The Algoma Central and Hudson Bay Railway Company, to fix and regulate the tolls to be demanded and taken for the transportation of passengers and goods upon the railway, and to regulate the conduct of passengers and persons using the property of the company, and for other purposes.

Whereas it is expedient and necessary, in pursuance of The Railway Act of the Parliament of Canada, and the Acts respecting the incorporation of The Algoma Central and Hudson Bay Railway Company, that a By-law be passed, fixing and regulating the tolls to be demanded and taken for the transportation of passengers and goods upon the railway and for other purposes.

Therefore it is hereby enacted by The Algoma Central and Hudson Bay Railway Company as a by-law of the said company :—

Passenger tolls and conditions of carriage.

1. The maximum rate for the conveyance of passengers upon the company's lines of railway and upon its branches and upon leased lines operated by the company, shall be four cents per mile; fares will be computed according to the mileage between stations, adding one mile instead of any fraction less than a mile, and also adding a sufficient number of cents to make the fare end in 0 or 5; but tickets may at any time be sold at a lower rate than the rate shown in the said schedule, provided that the same rates are under the same circumstances charged equally to all persons.

2. Officers and agents for the sale of tickets are provided at each of the company's stations (except flag stations) and elsewhere. At chief stations the ticket office will be open at least twenty minutes, and at smaller stations ten minutes, before the departure of each train. All passengers travelling upon the company's lines are required to provide themselves with tickets before entering the train.

3. Passengers holding reduced fare certificates entitling them to purchase tickets at less than the regular fare (under certain conditions which form part of contract and are endorsed on certificate) must present such certificate at the regular ticket office of the company at least ten minutes prior to the time the train is due to leave, in order to procure tickets at the reduced fare.

4. Delegates to conventions, conferences and meetings of societies travelling on certificates as issued under the "Convention Plan" in order to obtain the reduced fare for the return journey, must present their certificates properly signed by the Secretary of the convention at the regular ticket office of the company at the point at which convention is held at least ten minutes prior to the time the train is due to leave.

5. Passengers travelling on reduced fare tickets issued on authority of reduced fare certificates, and so endorsed, must present such certificates to conductor with railway ticket when called upon to do so.

6. In the case of passengers taking the train at points where tickets are sold, the sum of ten cents over and above the regular fare will be charged for

each ticket purchased from the conductor on any of the trains of the company, but it shall be the duty of such conductor to give to every person when purchasing such ticket a rebate check, and, on presentation of such rebate check at any ticket office of the company within thirty days from the date of issue, the said ten cents will be refunded.

7. Any ticket issued limited by reasonable conditions as to the time within which it is to be used or as to the train or class of car for which it is available will not be accepted after the expiration of the time limited by the condition, nor for different class of car, nor for a different train, but the holder of such ticket will be required to pay the usual fare in full or present a ticket, good for the time train and car, and, if he do not do so, shall be considered to be a person refusing to pay his fare within the meaning of this by-law and section 248 of The Railway Act.

8. Nothing herein contained shall affect the right of any person to recover a refund for any such ticket under the Act respecting the Sale of Railway Passenger Tickets.

9. Any passenger without a ticket, or refusing upon request to produce the same, and refusing to pay fare, may be removed from the train with his baggage at any usual stopping place, or near any dwelling house as the conductor may elect, the conductor first stopping the train and using no unnecessary force.

10. Whenever and so often as the conductor for the time being of any train requests any passenger to produce his or her ticket, such passenger shall comply with the request, or, in default thereof shall be liable to pay, and shall forthwith pay, the regular fare from the place where such passenger got on the train to the end of his or her journey.

11. Persons intoxicated or otherwise unable to take care of themselves will not be furnished with tickets or allowed to enter the cars or premises of the company.

12. Passengers and all other persons using the property of the company are required to conduct themselves with propriety, and to obey the reasonable requests of the station-master, conductor, or other officer of the company, with a view to promote the general comfort and convenience, and to maintain order and decorum.

13. Passengers are not entitled to occupy more than one sitting in a passenger car for each ticket, nor to fill up the seats with valises or hand baggage, so as to exclude other passengers.

14. Any person in or upon a carriage, station, platform of the company, or elsewhere upon the company's premises in a state of intoxication, or fighting, or guilty of other disorderly conduct, or using foul, obscene, or abusive language, or otherwise wilfully interfering with the comfort of other passengers, is guilty of an offence under this by-law. In addition to the liability to fine under this section, any such person may be summarily ejected from such station or premises of the company, or in the case of a moving train, such person may be removed or ejected from the train, at any usual stopping place or near a dwelling house, and the conductor and train servants may use force, doing no unnecessary violence, to restrain passengers and others upon the train from fighting, using foul, obscene or abusive language, or other disorderly conduct.

15. No person will be allowed to travel without a ticket or pass signed by an authorized officer.

16. No person shall sell beer, wine, spirits or intoxicating liquor of any kind upon any train, car, station, or premises of the company, except persons duly authorized; and no person will be allowed to sell any papers, cigars, candy, fruit or any other goods, or merchandise upon any of the trains or premises of the company, except the duly authorized agents of the company appointed for that purpose.

17. Smoking in the cars, except in those specially set apart for that purpose, or in the station or general waiting room, other than rooms specially set apart as smoking rooms, is forbidden.

18. The waiting rooms are provided for the use of the travelling public only. All other persons may be excluded from them by the servants of the company, and no person shall obstruct or molest any passenger or passengers while entering or quitting a station or car.

19. Beggars, peddlers or itinerant musicians will not be allowed to practise their vocation upon the train, or in or upon the stations, platforms or other premises of the company.

20. Gambling or the playing of any game of cards or of chance for money will not be permitted on any train or premises of the company, and any person or persons who refuse to comply with the request of the conductor or agent to cease playing such games or gambling will be liable to be removed from the train at any usual stopping place, or near any dwelling house, or from the station or premises of the company, as the case may be.

21. Any person writing obscene or offensive words on any part of the company's stations or cars, or committing any nuisance upon the property of the company, and any person who wilfully cuts or tears any lining, or window strap, or curtain, or removes or defaces any plate or metal, or breaks or scratches any window or other glass in any station or car of the company, or who otherwise, except by unavoidable accident damages, defaces, or injures any such car or any station or other property of the company, is guilty of an offense under this by-law.

22. No person shall get into or upon, or get off the steps or platform of any car after the train has been put in motion, or until it stops.

23. No person injured while on the platform of a car or on any baggage, wood or freight car, in violation of the printed regulations posted up at the time, shall have any claim in respect of the injury if room inside of such passenger cars, sufficient for the proper accommodation of the passengers, was furnished at the time.

24. The company may refuse to carry any person who has any infectious disorder. Any person who has any such disorder and is found upon the premises of the company or who travels or attempts to travel on the railway of the company is guilty of an offence under this by-law.

25. Any person who has charge of any person suffering from an infectious disorder, while upon the premises of the company or travelling or attempting to travel on the railway, or who aids or assists in bringing or placing upon the premises or cars of the company any person suffering from such disorder is guilty of an offence under this by-law.

26. Coachmen, hackmen, carters, porters and runners for railways, boats, stage-lines and hotels shall not solicit custom upon any of the company's trains, nor enter the stations, or come upon the platforms to solicit passengers, except by special authority of the company, but they shall stand in such places as may be appointed for that purpose by station-master, agent or constable.

27. Private carriages, hacks and baggage wagons, while waiting at the stations, may be required to stand in such place or places as may be directed by the station-master, agent or constable, and all persons in charge of such vehicles must submit to the directions and regulations of the station-master, agent or constable in regard to the use of the premises of the company.

28. It is the duty of the company's officers and servants to enforce obedience to this by-law, and any person committing an offence prohibited or declared by this by-law shall be liable to a penalty not exceeding $20.00 for each offence under any of the sections of this by-law, to be imposed upon conviction for such offence before a magistrate, as provided by section 296 of The Railway Act, and, in addition to the said penalty shall be liable to be summarily removed from the company's premises, or ejected from the company's train as the case may be. And in case it becomes necessary to remove or eject any person from a moving train, such person may be put off with his baggage at any usual stopping place or near a dwelling house, the conductor first stopping the train and using no unnecessary force.

29. Express messengers, mail-clerks, persons travelling in charge of live stock and other goods, travelling free or upon passes, will be carried at their own risk only, and will be required to execute a release exon-

erating the company from all liability for damages, whether the case be caused by the negligence of the officers or servants of the company or not.

Station Regulations.

30. The actual personal baggage of passengers holding regular passage tickets, such as chests, trunks, valises, carpet and leather bags and hat boxes, will be carried free, if the weight is not in excess of the amount allowed by this by-law. Merchandise or household furniture will not be checked or carried as baggage.

31. Baggage must be presented to the baggage-master at the station at least ten minutes before the time fixed for the departure of the train, otherwise the company reserve the right to forward it by the next convenient train, for the station to which the baggage is checked.

32. The liability of the company for loss or damage to baggage is limited to personal baggage only, and to a sum not exceeding one hundred dollars for each passenger.

33. Passengers must procure tickets and show them to the station agent or baggageman before checking the baggage.

34. Passengers will not be allowed to take into the car with them large pieces of baggage which are capable of being checked or any parcels of goods or merchandise.

35. Parcels of merchandise must be sent by freight or express, and, if no express messenger be on the train, an extra baggage ticket may be issued upon payment of double extra baggage rates.

36. All baggage exceeding 150 lbs., for each passenger holding full ticket, and 75 pounds for each passenger holding half-ticket, will be charged for as excess baggage, according to the tariff of rates in force from time to time, and the charges must be paid before the baggage is checked. Baggage in excess of above named amounts will be charged for at the rate of twenty per cent of the fare per hundred (100) pounds but the minimum charge for such excess shall be twenty-five cents.

37. No single piece of baggage weighing over 200 pounds will be accepted for transportation in the baggage cars or checked for that purpose.

38. To avoid mistakes all passengers must attend personally to the checking and marking of their baggage, and all baggage after being carried into the baggage car will be landed at the station designated, and must be claimed by the owner on arrival of the train.

39. Dogs will not be carried unless tickets are purchased for them. A chain and collar must be attached for securing them, and a satisfactory release from the owner or consignor upon the company's form must be made out and signed before tickets for dogs will be issued. The charge for each dog shall be the same as for 100 pounds excess baggage.

40. Bicycles or tricycles will not be conveyed as part of the free baggage allowed to each passenger, but may be charged for at the same rate as 50 pounds of excess baggage, under the Excess Baggage Tariff, with a minimum charge of twenty-five cents. They must be accompanied by passengers presenting tickets for passage and marked with the owners name and address and will not be taken with excursion trains unless baggage cars are attached.

41. Baggage will not be given out until the duplicate check is produced.

42. The company will not be liable for any baggage not checked.

43. On all baggage not claimed on its arrival, storage will be charged at the following rates, after twenty-four hours, viz.:—For the first day or fraction of a day thereafter, twenty-five cents for each piece or package, and for each day or fraction of a day after the first day ten cents for each piece or package.

44. Cabmen and porters with check will be admitted to the platforms and baggage rooms to obtain baggage; they will also be admitted when taking baggage to trains, but they must comply with the directions or regulations of the station-master or agent for the purpose of securing order and preventing noise or other annoyance to the public or to the company.

45. Runners, cabmen and carters, and others frequenting any of the stations, platforms or premises of the company, are required to conduct themselves in an orderly manner. Fighting, scuffling, offensive, obscene or abusive language are forbidden, and any person acting in a disorderly manner or using such language is guilty of an offence under this section.

46. Corpses enclosed in other than hermetically sealed cases will be received for transportation only when accompanied by a certificate signed by the Town or City Clerk or Registrar, or by a well known and respectable medical officer of the place where the death occurred, stating that the death did not result from a contagious or infectious disease. Such certificate must also distinctly state the name of the disease, or nature of the casualty that occasioned death, and should be securely fastened to the top of the case. Corpses are to be taken only when in the care of an accompanying adult person and must be prepaid by a first class unlimited ticket.

47. The company may refuse to receive the corpses of persons who have died of small-pox, scarlet fever, diphtheria or other contagious or infectious diseases, and in any case such corpses will not be received or carried unless in hermetically sealed cases.

The foregoing is hereby certified to be a true copy of a by-law passed and adopted by The Algoma Central and Hudson Bay Railway Company, at a meeting of the shareholders thereof, held at the Town of Sault Ste. Marie in the District of Algoma on the 27th day of October, 1902.

BY LAW No. D. of the Algoma Central and Hudson Bay Railway Compnny, to fix and regulate tolls to be demanded and taken for transportation of goods, and the conditions of carriage.

Whereas it is expedient and necessary, in pursuance of the powers conferred upon the said company by The Railway Act of Canada that a by-law be passed fixing and regulating the tolls to be demanded and taken for the transportation of goods, and the conditions of carriage.

Therefore it is hereby enacted by the Algoma Central and Hudson Bay Railway Company as a by-law of the said company. :—

Freight Tolls and Charges.

1. The tariff of rates to be taken for freight rates and tolls on the lines of railway of the said company, or upon any branch or line of railway leased or operated by the said company, shall be according to the tariff set forth in the schedule hereunto annexed, called "Local Mileage Freight Tariff Number One."

2. The classes referred to in the said annexed tariff are those fixed by the Canadian Joint Freight Classification as the same shall be approved of from time to time by the Governor in Council ; but the company shall have the right to conform to any system of classification in use upon connecting roads in the United States in respect to through traffic to or from the United States.

3. The charges on all freight must be paid before delivery of the goods.

4. The said tariff shall be subject to the following rules and conditions of carriage of this company, and to such rules and conditions of the company as may hereafter be from time to time enacted or adopted by the company, with the approval of the Governor in Council.

General Conditions of Carriage.

5. The company will not be responsible for any goods conveyed upon its railway unless the same be signed for as received by a duly authorized agent. The agent will only sign a receipt for goods upon receiving a declaration of shipping setting forth the description of the goods and the name and address of the consignee.

6. Agents are not authorized to receive bank notes, money, deeds, securities or other valuable papers, and the company will not be responsible for the loss of or damage to money, bills, promissory notes or securities, jewellery, trinkets, rings, precious stones, gold or silver, manufactured or unmanufactured ; gold or silver plate or plated articles, clocks, watches, time pieces, marble, lace, furs, silks in a manufactured or unmanufactured state, and whether wrought up or not wrought up with other materials ; writings, title deeds, prints, maps, paintings, engravings, pictures, stamps or other valuables ; nor for damage done to china, glass, eggs, wearing apparel, musical instruments, furniture, toys, castings, cast-iron, stoves, grindstones, tombstones, slate or any other such hazardous or brittle article in packages or otherwise, whether delivered to be carried for hire or to accompany the person of any passenger on the railway.

7. The company will not be responsible for loss or damage occasioned by delay from storms or accidents or from the weather, fire, heat, frost, civil commotion or unavoidable causes, or delay of any perishable articles. Fresh fish, meat, fruit, dressed hogs, poultry and all other perishable articles will be carried only at the owners' risk, and the freight charges must be prepaid.

8. The company will not carry any boiler, cylinder, piece of machinery, casting, stone or other article of unusual bulk or weight, aquafortis, nitric acid, acetic acid, vitriol, friction matches or other dangerous articles, except under special contract or agreement.

9. Senders of dangerous articles will be held accountable for any damage arising therefrom, unless the nature of the contents is distinctly marked on the outside of the package containing the same, and unless notice in writing is also given to the station-master or freight agent, that due care may be observed in loading and transporting it. The company will not be liable in any case for the loss of or damage to any such articles.

10. The company will carry gunpowder only on special agreement as to the rates of tolls and other conditions.

11. The company will not be responsible for the loss of or damage to any package or its contents insufficiently or improperly marked, packed, directed or described, or containing articles liable to breakage, or by breaking to damage each other or other articles ; or for any loss or damage to cases of boots, shoes, or to any case or package containing articles liable to peculation or fraudulent abstraction, unless such case or package is strapped with iron or wood or otherwise securely protected ; or leakage of any kind.

12. The company will not be responsible for the loss of or damage to any goods put into returned wrappers or boxes or packages described as "empties," nor for any goods directed "to be left until called for," or "to order," or warehoused for the convenience of the parties to whom they belong, or by, or to whom they are consigned, nor for loss of or damage to goods that are not taken away immediately after advice of their arrival has been sent or posted.

13. The delivery of goods will be considered complete, and all responsibility will terminate when placed in the shed at the station to which they are consigned, and the warehousing of them will then be at the owner's risk and expense, except as to lumber, coal, bricks and goods of like bulk and description, and the delivery of which shall be complete, and all responsibility in connection with which shall terminate upon their being detached from the train whereby they have been drawn ; and it shall be lawful to send any goods for which store or warehouse room cannot be conveniently supplied at the station to the warehouse of any wharfinger or storehouseman that may be available at the risk and expense of the owners of property so stored, and the charge of warehousing and the conveyance shall form an additional lien upon such goods.

14. The company will not be responsible for any injury to grain by heating, nor for any deficiency in weight or measure of grain &c., in bags or in bulk ; nor for any deficiency in weight, number or measure of lumber, coal, iron ore, or iron carried by the car-load ; nor for shrinkage or short weight or short measure of goods of any kind unless damage to the package can be shown to have happened whilst in the possession of the company.

15. The company shall have a lien on all goods transported over its lines for the freight and charges thereon as well as for any balance previously due for freight or otherwise by the owner or consignee ; and the said goods shall be liable to be sold by public auction or by private sale for the payment of the charges thereon and other balances due, and if the tolls are not paid within six weeks the company may sell the whole or any part of the goods. Should the said goods be of a perishable nature, same may be sold after giving the consignee or his agent one day's notice.

16. In respect of all goods addressed to consignees at points beyond places at which the company has stations, and respecting which goods no directions to the contrary have been received at these stations the company reserves the right to forward such goods to their destination by public carrier or otherwise as opportunity may afford, or to allow them to remain upon the railway premises or to send them to any public or private warehouse pending communication with the consignees at the risk of the owners. The company will not be responsible for any delay to such goods. The delivery of the goods by the company will be considered as complete and the responsibility of the company will be considered to have ceased when notice shall have been sent to some public carrier that such goods are at the station awaiting further conveyance. And the company will not be responsible for any loss of or any damage or detention that may happen to goods so sent to them, if such loss or damage or detention occur after the said nonice, or beyond the limits of the railway.

If the goods are allowed to remain on the railway premises or are sent to any public or private warehouse

they shall be at the risk of the owners for any damage arising from any cause whatever.

17. It is expressly agreed that the company does not contract for the safety, carriage or delivery of any goods except on the company's lines, and where a through rate is named to a point reached by other carriers either by land or by water, it is on the agreement that this company is to act only as agent of the owner of the goods as to that portion of the said rate required to meet the charges of other carriers; and if any goods be consigned to a point beyond the company's lines, that the goods may be handed over by the company for further conveyance to such carrier as the company may select, and the company in so handing over the goods, shall be merely the agent of the owner, and the responsibility of the company in respect of any loss, misdelivery, detention, damage or injury by means whatsoever to any goods, shall cease so soon as the company shall either deliver them to the connecting carrier for further conveyance, or notify such carrier that it is ready to do so.

18. All freight to or from places beyond the company's line shipped or to be shipped, by water shall, while not on the company's lines or in its sheds or warehouses be entirely at the owner's risk.

19. All articles directed to be left at any way or flag station or platform where the company has no building for the storage of freight, or where there is no resident agent, must be prepaid, and will be at the risk of the owner whenever they are landed at such station or platform; and all articles brought there for conveyance will also be at the owner's risk until taken into the cars. Shippers sending goods to be left at such way or flag station or platform will be required to sign a release.

20. The time allowed by the company for the purpose of loading or unloading cars is 48 hours, exclusive of Sundays; after the expiration of that time demurrage at the rate of $2 per car per day will be charged. This applies as well to cars that are not promptly loaded after being placed in position as to cars that are not unloaded after arrival. Cars which are required to be unloaded by consignee or owner may be discharged by the company at the consignee's or owner's expense. Any charge under this section shall be added to the freight charges, and the company shall have a lien therefor.

21. No claim for loss or damage will be allowed unless notice in writing is given to the station agent before the packages are removed.

22. Claims for loss or damage shall be computed on the value of property at the time and place of shipment.

23. The company will not under any circumstances be liable for loss of market or other claim arising from delay or detention of any train or trains whether in starting or in any of the way stations or in the course of the journey. It does not undertake to send goods by any particular train or to connect with any particular train or ship of connecting carriers.

24. Rates and weights entered on receipts or shipping bills by shippers are not binding upon the company. Property that cannot be readily counted, weighed or measured will only be received as more or less, or shippers weight and count.

25. Goods going to or from any place out of Canada are subject to customs charges and regulations, and the company will not be responsible for any loss or damage arising from detention, inspection or handling.

26. Live stock will only be carried at owner's risk under the regulations of the Canadian Joint Freight Classification, and the shippers will be required to execute a release in accordance with the terms of the live stock transportation contract which shall be duly filled up and executed before the stock is delivered to the company.

27. When cars that are liable to be laden or unladen by the owner or consignee of the goods have been once placed, and, for the convenience of the owner, at his request are shifted to another berth in the same yard, a charge of $1 per car will be made for such service.

28. Yardage at the rate of 10 cents per ton per day will be charged on all lumber or other material left upon the wharves, or other premises of the railway. This charge will commence 48 hours after the lumber or other materials have been placed on the railway premises. This charge will not apply to materials which are in sheds or warehouses, or which are on cars.

Special commodity tolls.

29. Logs, telegraph poles, fence and paving posts timber, pulp-wood, firewood, slag, brick, sand, gravel, stone (rough) and coal in car loads shall be carried, subject to the special commodity tariff, namely;

Distance.	*Rate.*
Not exceeding 10 miles	4 cents per 100 pounds
Over 10 miles and not over 15 miles.	5 cents per 100 pounds

30. Timber, cordwood and other freight will not be loaded or unloaded at points on the Main line, between stations, without written authority first obtained from the General Superintendent for each and every case where shippers and consignees desire this service performed.

31. The minimum charge for such service shall be Fifteen ($15.00) dollars for any part of one day, and the charge of toll therefor shall be at the rate of Three Dollars ($3.00) per hour, to be computed from the time the engine and crew are ordered out for such service until registered in again, but not including time during which engine and crew were laid up for the night. Provided that in the event of the engine and crew being sent, after the work of loading and unloading is completed, to some point other than the point from which originally ordered for such special service, time shall count until the engine and crew are registered in at such other point, but shall not be computed for a longer period than would have been occupied in returning the engine and crew to original starting point.

32. If a regular or extra train is utilized for a special loading or unloading service, the minimum charge or toll shall be three dollars ($3.00) per hour, or part thereof, to be computed from the time such train stops on its regular run until the special service completed and the train ready to proceed from the place at which it commenced such special service.

Explosives.

33. High explosives, such as Ætna, Hercules, Atlas, giant powder, dualine, dynamite and other explosives of which nitro-glycerine forms the basis, will not be received for shipment and transportation on company's lines of railway except subject to agreement providing for special tools and rates, regulations and conditions, and except at the shipper's risk.

34. The tolls to be demanded and taken for transportation of said high explosives shall be in accordance with maximum mileage tariffs, governed by the following classification:—

Carloads, 20,000 pounds or over First class.
Less carloads . . . Double first class.

35. The minimum charge or rate for transportation of single or small shipments of high explosives shall be equivalent to fourth class rate for 15,000 lbs.

36. Shippers of high explosives, or dangerous freight, shall be liable for all loss in connection therewith, and for all damage resulting therefrom; and each package containing such freight shall be distinctly marked on sides and on top with name of contents, and "Explosives—dangerous", and no one package shall exceed the weight of one hundred (100) pounds, and notice in writing shall be given by the shipper to the station agent stating the exact nature and amount of contents, and all such freight shall be loaded, shipped and handled in accordance with the company's regulations.

37. All shipments of high explosives, either carloads or less quantities, must be accompanied by a man in charge at shipper's expense, who will be provided with free transportation over the Company's lines.

38. All high explosives found on premises or in warehouses or cars of the company packed, loaded or marked in any manner other than prescribed by the conditions and rules of the company, shall be forthwith removed and disposed of in any manner the company deems proper, and the company shall not be liable for any loss or damage resulting to the owner, shipper or consignee.

General regulations.

39. The liability of the company for all goods transported upon its lines of railway, shall terminate upon arrival of goods at point of destination, or at the point on the company's line nearest thereto, and notice given to the consignee by post or otherwise of such arrival; and the company shall not be responsible for loss or damage to such goods suffered or incurred after advice of arrival has been so given.

40. All goods not removed by consignees upon arrival at destination, may be placed by the company in any convenient freight shed, station, store, warehouse or building, and at the sole risk of the owners, shippers or consignees thereof; and such goods shall be subject to a lien for payment of all cartage, storage and wharfage charges, in addition to the tolls herein provided for, for freight.

41. The tolls, rates and charges hereby authorized shall be subject to the Canadian Joint Freight Classification, as hereinbefore stated and shall apply to and validate the imposition and collection of all tolls heretofore or hereafter imposed for transportation of goods upon the company's lines of railway, in accordance with the said tariff, and the special commodity tariff adopted herein.

Car service and rental.

42. All goods shipped in car loads or less, handled by shippers or consignees, between stations on the company's lines of railway shall be subject to car service or charges in accordance with the following regulations;

(*a*) When cars are moved from one track to another or from one place to another in the same yard for the convenience of consignees, charges will be computed from the time of the original placing, and an extra charge of one dollar ($1.00) per car will be made for such service.

(*b*) Cars held for shipping instructions will be subject to car rental charges.

(*c*) Cars held to remedy improper, unsafe or excessive loading, or for surrender of Bills of Lading will be subject to Car Rental Charges.

(*d*) Cars billed to stop off in transit at any point for inspection, Customs Entry, further loading or charge in load will be subject to Car Rental Charges, if detained beyond twenty-four hours.

(*e*) Cars which shippers of consignees reship will be subject to Car Rental, if held beyond twenty-four hours after arrival at original destination. In case, however, where consignee unloads car and reloads for another point, forty-eight hours will be allowed for unloading and reloading.

43. Goods shall only be accepted and received by the company for transportation subject to the terms and conditions contained in this By-Law, and in the tariffs, classifications, bills of lading and general rules of the company.

44. The company will not be responsible for the loss of or damage to any article the bulk of which renders it necessary to be transported in open cars.

45. Consignors shall, upon delivery of goods for transportation, furnish correct shipping directions in duplicate on the company's forms, giving a complete list of packages with marks, address of consignees and the destination of each package consigned.

46. Consignors shall sign a release on the prescribed form of all claims against the company in respect of consignments shipped to flag stations, and in case no such release is so signed the goods will be received for transportation only when consigned to a regular billing station.

47. All perishable goods, refused, unclaimed or not promptly removed by the consignee may be forthwith disposed of by the Company and the proceeds applied in payment of the costs of sale and transportation charges, and the balance may be paid to the parties legally entitled thereto; but the company shall not be responsible for loss or damage sustained by any person by reason of such sale.

Wharfage.

48. The maximum tariff of wharfage, tolls, rates or charges to be demanded and taken for all goods unloaded at or shipped from any of the Company's docks or wharves shall be in accordance with the schedule hereto annexed called "Wharfage Tariff," as applicable to the respective docks, wharves or other places therein specified.

49. The minimum wharfage charge on any one consignment shall be five (5) cents.

50. In case the wharfage, charge or toll demanded and taken by the Company is at the rate provided for goods "when handled by shippers or consignees" such goods shall be forthwith removed by the shipper, owner or consignee from the wharf, dock or other place, and the company shall not be liable for any loss or damage to such goods incurred by reason of non-removal.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 7th day of March, 1903

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS Section 1 of the Regulations governing the Administration of Dominion Lands in the Yukon Territory containing coal, established by the Order in Council of the 21st of January, 1901, provides for the collection of a royalty on the gross output of the mine at such rate per ton as may from time to time be specified by the Governor General in Council ;

Therefore the Governor General in Council is pleased to order that the amount of the royalty to be collected shall be and the same is hereby fixed for a period of ten years from the date hereof at the rate of ten cents per ton of two thousand pounds, and that the right of altering said rate after the expiration of such period of ten years be reserved.

JOHN J. McGEE,
41-4 Clerk of the Privy Council.

[Ref. 441,469.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 31st day of March, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS Section 2 of the Regulations governing Placer Mining in the Yukon Territory established by the Order in Council of the 13th of March, 1901, provides that for a Free Miner's Certificate issued in favour of an individual the fee shall be $10 and sections 29 and 34 of the Regulations in question provide for the payment of a fee of $15 for entry for a placer mining claim, and the payment of a like amount for renewal thereof each year ;

And whereas the Commissioner of the Yukon Territory now recommends that the charge for a Free Miner's Certificate be reduced to $7.50 and that the fee for a grant or for a renewal of a placer mining claim be reduced to $10 ;

Therefore, the Governor General in Council is pleased, in virtue of clause 47 of the Dominion Lands Act, as enacted by section 5 of the Act chapter 15, of 55-56 Victoria, and of section 8 of the Yukon Territory Act as enacted by section 3 of the Act chapter 34 of 2 Edward VII, to order that section 2 of the Regulations established by the Order in Council of the 13th of March, 1901, above referred to, shall be and the same is hereby amended by striking out the fee of $10 for which provision is made therein as the charge for a Free Miner's Certificate to an individual, and substituting therefor $7.50 ; and that sections 29 and 34 of the said Regulations, shall be, and the same are hereby amended, by substituting a charge of $10 for entry or for renewal of a placer mining claim in the place of the present charge of $15.

JOHN J. McGEE,
41-4 Clerk of the Privy Council.

[756720]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 3rd day of February, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 2nd January, 1903, from the Minister of the Interior, submitting that Messrs. Jukes and Ducker, Commissioners appointed for the purpose of making a selection of Swamp Lands in Manitoba to be granted to that Province under the provisions of section 4, chapter 47, Revised Statutes of Canada, have made joint reports, dated respectively, 8th February, 1900, 25th April, 1900, 11th December, 1900, 15th May, 1901, 9th December, 1901, and 30th April, 1902, in which they submit, in accordance with the terms of the Order in Council in that behalf of the 19th June, 1886, and amending Order in Council of 27th February, 1899, schedules of lands examined by them for the purpose mentioned, comprising a total area of 827,489·79 acres.

The Minister states that of the area thus examined the Commissioners find an area of 320,467·96 acres falling to the Province as Swamp Lands.

By a comparison of the schedules furnished by the Commissioners with the books of the Department of the Interior and its agencies in Manitoba it has been

found that of the total area of 320,467·96 acres selected as such Swamp Lands, an area of 175,499·48 acres is available.

That of the area of 175,499·48 acres available, 90,840·00 acres are unsurveyed, leaving an area of 84,659·48 acres available for transfer to the Province.

The Minister submits revised schedules marked A and B respectively, of such of the lands included in the schedules of the Commissioners are as found available comprising an area of 175,499·48 acres, and, having satisfied himself of the accuracy of these revised schedules, hereto attached, the Minister recommends that the lands enumerated in the schedule marked A and comprising an area of 84,659·48 acres, be vested in His Majesty King Edward the Seventh for the purposes of the Province of Manitoba under the provisions of the fourth section of chapter forty-seven of the Revised Statutes of Canada; and that the land enumerated in the Schedule marked B, and comprising an area of 90,840·00 acres, be reserved for the purposes of transfer to the Province of Manitoba, and that when the Surveyor General reports these lands surveyed, title to them be vested in the Province.

The Committee submit the same for approval.

JOHN J. McGEE,
Clerk of the Privy Council.

[Ref. 441,470.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 31st day of March, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS Section 41 of the Regulations governing Placer Mining in the Yukon Territory established by the Order in Council of the 13th of March, 1901, provides that any free miner having duly located and recorded a claim shall be entitled to hold it for the period for which he received entry, and thence from year to year by re-recording the same, providing, however, that during each year and each succeeding year such free miner shall do or cause to be done work on the claim itself to the value of $200.00, or he may at his option in lieu of the work required to be done thereon each year pay to the Mining Recorder in whose office the claim is recorded the sum of $200.00 for each of the first three years, but for the fourth and succeeding years the sum of $400.00 must be paid in lieu of work done on the location or in connection therewith;

And whereas the Commissioner of the Yukon Territory reports that it would be in the public interest if the amount of work to be done in each year on a placer mining claim could not be commuted by payment of a fee in lieu thereof;

Therefore, the Governor General in Council is pleased, in virtue of clause 47 of the Dominion Lands

Act, as enacted by section 5 of the Act 55-56, Victoria, chapter 15, and of section 8 of the Yukon Territory Act, as enacted by section 3 of the Act 2 Edward VII, chapter 34, to order, and it is hereby ordered, that the provisions contained in the several sub-clauses of section 41 of the Regulations established by Order in Council of the 13th of March, 1901, for payment, at the option of the free miner, in lieu of assessment work, shall be rescinded on and after the first day of August, 1903.

JOHN J. McGEE,
41-4 Clerk of the Privy Council.

[Ref. 757,048]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 3rd day of February, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Governor General in Council is pleased, in pursuance of the provisions of sub-clause 1 of clause 19 of The Dominion Lands Act, chapter 54, of the Revised Statutes of Canada, to order that the rates for township subdivision surveys fixed by previous Orders in Council shall be and the same are hereby rescinded, and that township subdivision surveys executed under contract, shall be hereafter paid as follows :—

1st. Section lines shall be paid for at the rate of five dollars per mile of line surveyed.

2nd. A further payment at the rate of fifty cents per chain, up to ten chains in a section side, shall be made for opening, cutting, and blazing the line through woods, windfalls, under-brush, or heavy scrub.

3rd. Any opening, cutting and blazing of the line in excess of ten chains in a section side shall be paid at the rate of twenty-five cents per chain.

4th. No payment shall be made under the provisions of clauses 2 and 3 where the line could have been measured without opening or cutting.

5th. The part of a line measured across water by means of a triangulation shall, up to half a mile, be paid as opening through woods when the body of water is surrounded by continuous woods.

6th. For the interpretation of clauses 2 and 3, a section line shall mean the distance between two monuments at section corners or the places assigned to such corners, and this distance may include a road allowance.

7th. When the side of a section, exclusive of the road allowance is greater than ninety chains or smaller than seventy chains, the number of chains of opening or cutting which may be paid at the rate of fifty cents per chain shall be increased or reduced in proportion to the length of the section side.

8th. Only the lines actually run and marked in the field shall be paid for. Nothing shall be allowed for random and trail lines, bases of triangles and offsets.

9th. A further payment at the rate of three dollars per mile shall be made for section lines surveyed over rough or hilly country. A section side shall be classified as rough or hilly when the field notes show that it crosses a ravine not less than 100 feet deep or two ravines each not less than 50 feet deep, or that the difference of level between two points of the line not more than half a mile apart exceeds 200 feet, the depths or heights being measured by aneroid barometer.

10th. A further payment at the rate of four dollars per mile shall be made for surveying the meridian outlines of a township when such outlines are included in a subdivision survey contract.

11th. Section lines resurveyed or retraced shall be paid at the same rate as original section lines when such lines are resurveyed or retraced in compliance with the directions of the Manual of Survey or the instructions of the Surveyor General, but nothing shall be paid for the measurement of a portion of the outlines which the Manual of Survey directs to be made for testing the chaining before commencing the subdivision of a township.

12th. A further payment at the rate of twenty-five cents per pit in prairie, and of forty cents per pit in the woods, shall be made for every boundary monument, such payment to cover the cost of planting and marking the posts, building the mound, and otherwise completing the monument. A witness trench shall be paid as four pits.

13th. Traverses of lakes and rivers and connecting traverses shall be paid at the rate of eleven dollars per mile. For traverses of lakes and rivers, the distance to be paid for shall be measured along the bank of the lake or river from every point fixed by the survey in a straight line to the next point. Nothing shall be paid for offsets.

14th. One dollar shall be paid for every statutory declaration of a settler.

15th. Five dollars shall be paid for every astronomical observation (not more than two observations in a township) for ascertaining the direction of the meridian.

16th. The above allowances shall cover the cost of preparing the returns of the survey.

17th. Iron posts used on the survey will be supplied free of cost at Winnipeg. Posts not used shall, if not returned to stores, be charged to the Surveyor at forty cents each.

18th. A deduction at such rate as the Inspector of Surveys recommends shall be made from the payments to survey contractors for every survey monument not erected in conformity with the provisions of the Manual of Survey, whether the deficiency be in the size of the pits or the marking or driving of the posts, but such deduction shall not be more than three times the amount allowed for erecting the monument. In paying for traverses, one dollar shall be deducted for every offset less than required by the Manual of Survey.

JOHN J. McGEE,
41-4 Clerk of the Privy Council.

JOHN J. McGEE,
41-4 Clerk of the Privy Council.

[Ref. 441,467.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 31st day of March, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS section 6 of the Regulations governing the issue of leases to dredge for minerals in the beds of rivers in the Yukon Territory, established by the Order in Council of the 18th day of January, 1898, provides that the lessees shall pay to the Crown a royalty of 10 per cent on the output in excess of $15,000 as shown by sworn returns to be furnished monthly by the lessee to the Gold Commissioner during the period that dredging operations are being carried on ; such royalty, if any, to be paid with each return:

And whereas at the time these Regulations were approved the royalty on gold mined under the provisions of the Placer Mining Regulations was 10 per cent of the gross output, but it has since been reduced to 2½ per cent on the value of the gold exported without any exemption :

Therefore the Governor General in Council is pleased, in virtue of the provisions of clause 47 of the Dominion Lands Act, as enacted by section 5 of chapter 15 of 55-56 Victoria, and of section 8 of The Yukon Territory Act, as enacted by section 3 of chapter 34 of 2 Edward VII, to order that the portion of section 6 of the Regulations governing the issue of leases to dredge for minerals in the rivers of the Yukon Territory, above quoted, and also section 6*a* of the said Regulations, shall be, and the same are hereby rescinded, and the following substituted therefor :—

"The same royalty shall be paid upon the output of gold as is provided, or may hereafter be provided, in the case of placer mining claims, such royalty to be paid in the manner provided in the Regulations governing Placer Mining."

JOHN J. McGEE,
41-4 Clerk of the Privy Council.

[Ref. 767,794.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 17th day of March, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum dated 9th March, 1903, from the Minister of the Interior, submitting that on the 20th day of August, 1902, an Order in Council was passed authorizing the amendment of clause 13 of the Regulations for the survey, administration, disposal and management of Dominion Lands within the Railway Belt in British Columbia, so as to permit any person who would be entitled to a second homestead entry similar to the law affecting such entries in Manitoba and the North-west Territories to exercise that privilege within the said Railway Belt in British Columbia.

The Minister states that cases have arisen where settlers cannot comply with this amendment and are debarred from taking advantage of this privilege.

The Minister therefore recommends that in such cases he be given power to sell the land not exceeding 160 acres at the rate of $1.00 per acre, subject to Homestead conditions, the patent not to issue until these conditions have been performed to the satisfaction of the Commissioner of Dominion Lands.

The Committee submit the same for approval.

JOHN J. McGEE,
40-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 28th day of February, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS the Canadian Pacific Railway Company have applied to the Department of Public Works for the approval of a proposed general pier head-line in the Harbour of Vancouver, B.C.; this proposed extension of the pier head-line being intended to afford ampler wharf accommodation to meet the rapidly increasing shipping trade at Vancouver.

And whereas the Resident Engineer of the Department of Public Works, at New Westminster, reports as follows in regard to this application, the Acting Chief Engineer of the Department of Public Works concurring, viz.:—

"To any one familiar with the extent of the portion "of Burrard Inlet constituting the Harbour of Van- "couver, the concession asked for is comparatively so "slight as not to alter in any particular the existing "conditions as affecting the rights of the Dominion "Government. The extension of their present wharves "to a depth of some 60 feet of water only entails a "distance of some 600 feet in a direct line from the "face of their present wharves. The nearest land "opposite their proposed pier head-line is in the "opposite side of the harbour, some two miles distant; "a little to the west Brocton Point projects some "4,000 feet distant (see index plan), forming with the "main shore, Coal Harbour into which the Western "extension of these wharves will extend. The present "length of the proposed outer face wharves is some- "what limited, not exceeding 3,000 lineal feet in "water at present admitting of sea-going vessels. "This, however, by a judicious combination of slips, "as shown on the original plan, more than doubles "the available frontage. As the Pacific terminus of "their road and the entrepot of their Oriental trade, "the concession asked for by this proposed extension "of their wharves, possibly limited by the great depth "of water and heavy expense involved, is in my opinion, "extremely moderate. It is impossible to anticipate "or to state with any degree of accuracy the enormous "volume of trade that the next decade may develop, "and ample room for ships, warehouses and railway "sidings is the first requisite to be considered. When, "as above stated, the width of the harbour is some 2 "miles, the extension of a few hundred feet so far "from being detrimental will prove a decided advan- "tage not only to the Railway Co., but the public in "relieving the present congested state of the accom- "modation at both Railway Station and wharves, "which will be accomplished by the extended water "front and greater accommodation in rear of the "docks. The extension westward into Coal Harbour "is a matter of reclamation in comparatively shallow "water with a channel some 600 feet in width that "will require to be dredged to make it navigable for "boats of ordinary coasting draft."

Therefore the Governor General in Council is pleased to approve of the general pier head-line in the Harbour of Vancouver, proposed by the Canadian Pacific Railway Company, as shown on a sketch attached to Order in Council of 28th February, 1903, in this regard, and to order that this Order in Council do not become effective until publication thereof for two months in the *Canada Gazette* in order to permit of the reception of any objection which may be formulated to the "head-line" in question.

JOHN J. McGEE,
38-9 Clerk of the Privy Council.

NOTICE TO MARINERS.

No. 24 of 1903.

(*Atlantic Notice No.* 13.)

All bearings, unless otherwise noted, are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

QUEBEC.

(50) RIVER ST. LAWRENCE—CONTRECŒUR—DAY BEACONS.

Two range light towers, which will be known as the Verchères to Contrecœur range, have been erected by the Government of Canada in the prolongation eastward of the axis of the new dredged channel between Verchères traverse and Contrecœur traverse. The

western end of the same axis is marked by the Verchères village range lights.

It is not proposed to put lights in operation in these towers at present, but the buildings are now available for use as day beacons, and should be kept in one ahead by downward bound vessels, bearing N. 54° 30' E., from the time they leave the alignment of the Contrecœur traverse range lights.

The front tower is a square, wooden building, with sloping sides, standing on a high cribwork pier built in one foot water on the flats making out from Contrecœur, on the south shore of the river. It is distant 4350 feet N. 42° W. from Contrecœur village church.

Lat. N. 45° 51′ 45″
Long. W. 73 15 23

The height of the pier above the summer level of the river is 25 feet. The height of the tower from the pier to the ventilator on the top of roof is 13 feet. Both pier and tower are white. The focal plane of the light when established will be 31 feet above the summer level of the river.

The back tower is a square building, with sloping sides, consisting of an open, steel framework, with wooden slats on the upper portion of the side facing the alignment. The skeleton steelwork is painted brown, and the slats are white. The height of the tower from the pier to the top of the slatwork is 42 feet. This tower has not yet been surmounted by a lantern.

The deck of the pier is 26 feet above the summer level of the river. This pier stands upon an islet rising out of the same flat on which the front one stands. It is distant 9250 feet N. 54° 30' E. from the front tower.

(51) River St. Lawrence—Ship channel below Montreal—Varennes—Lighthouse established.

A lighthouse, established by the Government of Canada in the village of Varennes, on the south shore of the river St. Lawrence below Montreal, will be put in operation on the opening of navigation in the spring of 1903.

Lat. N. 45° 41′ 11″
Long. W. 73 26 40

Varennes lighthouse stands on the outer edge of the main road in the village, at a point 5662 feet N. 46° E. from Ile à l'Aigle front range lighthouse, and 265 feet N. 78° W. from the northern spire of Varennes village church. It is in the alignment of Pointe aux Trembles back range light (discontinued) and Ile à l'Aigle front range light.

The lighthouse consists of a skeleton steel frame, square in plan, with sloping sides, surmounted by an enclosed wooden watch room and a square wooden lantern. The side of the framing facing the channel is rendered more conspicuous by a wooden slatwork extending below the watch room. The steel frame is painted red and the woodwork white. The building is 61 feet high from the ground to the vane on the lantern.

The light will be a fixed white light, elevated 80 feet above the summer level of the river, and should be visible 4 miles in the line of range. The illuminating apparatus is catoptric.

This light in one with the front range light on Ile à l'Aigle, described in notice to mariners No. 110 (361) of 1902, bearing N. 46° E., forms a range which will be known as Ile aux Vaches traverse range, and indicates the axis of the dredged ship channel from the point where it leaves the alignment of Ile Ste. Thérèse upper range lights to the bend below Ile aux Vaches light.

(59) Lake Superior—St. Louis river—Post lights established.

On the opening of navigation, 1903, the following described lights will be established on the eastern prolongation of the axis of the dredged channel from Grassy point westward in the St. Louis river, Minnesota:
Front light.—A *fixed white* post-lantern light, 12 feet above the water, on the structure in 12 feet of water, off Grassy point.
Rear light.—A *fixed white* post-lantern light, 21 feet above the water, on the structure about 450 feet N. 84° E. in rear of the preceding.
Each light will be shown from a black triangular cluster of piles with upright.
Also the following-described lights will be established to guide in the dredged channel of the St. Louis river, Minnesota, westward of Grassy point.
Each light will be a *fixed red* post-lantern light, 12 feet above the water, on a red triangular cluster of piles with upright.
Light No. 10.—In about 5 feet of water, on the northern side and at the bend of the dredged channel, opposite the northern end of Big island.
Light No. 12.—In the marsh, on the northwestern side and at the bend of the dredged channel, about 1,700 feet S. 65° W. from light No. 10.
Light No. 14.—In about 3 feet of water, on the northwestern side and at the bend of the dredged channel, about 1,700 feet S. 48° W. from light No. 12.
Light No. 16.—In the marsh opposite Steel plant, on the northwestern side and at the bend of the dredged channel, about 1,700 feet S. 31° W. from light No. 14.
Light No. 18.—In about 2 feet of water, on the western side and at the bend of the dredged channel, about 1,700 feet S. 17° W. from light No. 16.
Light No. 20.—In about 5 feet of water, on the western side and at the bend of the dredged channel, about 1,800 feet S. 1° W. from light No. 18.
Light No. 22.—In about 16 feet of water, on the southwestern side and at the bend of the dredged channel, opposite the southwestern end of Big island, about 1,300 feet S. 32° E. from light No. 20.

(44) SOUTH COAST—HALIFAX HARBOUR—SAILING DIRECTIONS FOR RANGE LIGHTS.

The four lights hereinbefore described will form two ranges to guide up Halifax harbour. Mauger beach light in one with McNab island light, forming the outer range, and George island light in one with Darmouth light, both buildings marked with black diamonds on white grounds, forming the inner range.

Outer range.—Vessels of deep draught wishing to enter Halifax harbour by the deepest water channel, after passing inside of Chebucto head light, will haul up on a N. 16° E. course when they bring Mauger beach flashing white light and McNab island fixed white light in one. This course, which passes about midway between Lichfield and Neverfail shoals, and well clear of Mars rock, giving each a berth of about 3½ cables, is to be continued until this alignment is intersected by the

Inner range, which brings George island revolving red light and Dartmouth fixed red light in one, bearing N. 1° E., when the ship's course is to be changed to this new alignment. Following this course, vessels will pass on the eastern side of and well clear of the Middle ground and Pleasant shoal.

Coming in on these two ranges, vessels will leave the gas buoy off Neverfail shoal on the starboard hand, and the gas buoy off the Middle ground on the port hand.

Vessels of ordinary or light draught entering the harbour on the eastern side of Rock head shoal, or going up mid-channel between Portuguese and Neverfail shoals, need pay no attention to McNab island light, as it is intended for the use of large vessels entering by the western channel only.

NOVA SCOTIA.

(45) West coast—Off Gannet dry ledge—Bell buoy to be established.

A bell buoy will be established, without further notice, by the Government of Canada before the 1st May, 1903, off Gannet dry ledge, southwestwardly from Yarmouth, off the west extremity of Nova Scotia.

Lat. N. 43° 36′ 38″
Long. W. 66 11 45

The buoy will be painted red, with "Gannet ledge" in white letters on the deck, and will be surmounted by a bell rung by the motion of the buoy on the waves.

The buoy will be moored in about 16 fathoms water, 1 mile N. 73° W. from the middle of the shoal. From the buoy Yarmouth fairway whistling buoy will bear N. 36½° W. distant 6¼ miles, and Yarmouth fairway bell buoy N. 24° E. 7⅔ miles.

(46) Cape Breton—East coast—Boularderie island—Great Bras d'Or—Range light buildings.

Range light buildings have been erected by the Government of Canada near the eastern entrance of Great Bras d'Or, on the west side of Boularderie island. The lights will be put in operation, without further notice, on the opening of navigation in the spring of 1903.

The front tower stands on Noir point, 35 feet back from the water's edge, on land 16 feet above high water mark.

Lat. N. 46° 17′ 32″
Long. W. 60 24 37

The tower is a wooden building, square in plan, with sloping sides, surmounted by a square wooden lantern, the whole painted white. The height of the tower from its base to the vane on the lantern is 31 feet.

The light is a fixed white light, elevated 41 feet above high water mark, and should be visible 11 miles from all points of approach by water. The illuminating apparatus is dioptric of the seventh order.

The back range tower stands on land 23 feet above high water mark, 1689 feet S. 55° 15′ W. from the front tower. It is a wooden building, square in plan, with sloping sides, surmounted by a square wooden lantern, the whole painted white. The height of the tower from its base to the vane on the lantern is 46 feet.

The light is a fixed white light, elevated 63 feet above high water mark, and should be visible 13 miles in the line of range. The illuminating apparatus is catoptric.

The two lights in one bearing S. 55° 15′ W. lead into Great Bras d'Or clear of Middle shoal and Carey point bar on the starboard and clear of Blackrock shoal on the port hand; they should be kept on to within 4 cables of the front light, whence the course through the narrows is S. 75° W., with Blackrock point and Table head in one astern.

(48) LAKE HURON.—NORTH CHANNEL.—LITTLE CURRENT.—CHANGE IN COLOUR OF SOUTH LIGHT. ILLUMINATING APPARATUS.

Immediately after the opening of navigation in the spring of 1903, the light shown from the tower in the village of Little Current, north shore of Manitoulin island, in the district of Algoma, will be changed without further notice from fixed white to fixed red, so as to render it readily distinguishable from the village lights. At the same time the old catoptric apparatus will be removed and replaced by a dioptric lens of the seventh order; in other respects the station will be unchanged.

(49) NORTH CHANNEL.—NARROW ISLAND.—RED SECTOR INSERTED IN LIGHT.

Referring to notice to mariners No. 5 (9) of 1903, describing the new lighthouse on Narrow island, North channel, Lake Huron, north of Manitoulin island, and the fixed white light to be shown therefrom, it has been decided to insert a red sector in this light, to show over an arc of 17°, between the bearings (given from seaward) of S. 83° E. and N. 80° E. This sector covers Foster bank and the shoals in its neighbourhood, and also indicates the direction of the shoals extending westward from the head of Narrow island.

This change will be made immediately after the opening of navigation in the spring of 1903, without further notice.

TO ADVERTISERS IN THE *GAZETTE*.

PARTIES sending advertisements to be inserted in the *Canada Gazette* will please observe the following rules :

1st. Address "The Canada Gazette, Ottawa, Canada."

2nd. Indicate the number of insertions required.

3rd. INVARIABLY REMIT THE FEES FOR SUCH ADVERTISEMENTS, TOGETHER WITH THE PRICE OF ONE GAZETTE, AS BELOW. OTHERWISE THEY WILL NOT BE INSERTED.

The rates are 10 cents for the first insertion, and five cents for each subsequent insertion per line of nine words, each figure counting as one word. No advertisement is inserted for a less charge than one dollar.

By settled or understood practice as prescribed by law, the rules of Parliament or decisions of the Department of Justice, notices receive the following insertions :—

Notices of applications for divorce—27 insertions.

Notices of the withdrawal of deposits of Insurance Companies—13 insertions.

Notices of ordinary applications to Parliament—9 insertions.

Notices of applications for Letters Patent under Loan Companies Act (per O. in C. published in *Gazette* of 15th June, 1901)—2 insertions.

Notices of dividends and meetings of Banks and Insurance Companies—1 calendar month, or 5 insertions.

Subscribers will also notice that the subscription, $4 per annum, is invariably payable in advance, and that the "Gazette" will be stopped at the end of the period paid for. Single numbers will be charged ten cents each, and when more than one are required by advertisers, must be remitted for likewise.

APPLICATIONS TO PARLIAMENT.

CONDENSED RULES *in re* NOTICES FOR PRIVATE BILLS.

All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of The British North America Act, 1867, for granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community ; or for making any amendment to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application ; such notice (except in the case of existing corporations) shall be signed by, or on behalf of the applicants, and be published as follows, viz.:

In the Provinces of Quebec and Manitoba.

In the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District in which a newspaper is published.

In any other Province or Territory.

In the *Canada Gazette*, and in one newspaper published in the County or District, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County or District in which a newspaper is published. Such Notices shall be continued in each case, for a period of at least two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. Marked copies of all the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House, endorsed "Application for a Private Bill."

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioners shall also, at the same time and in the same manner, give notice of the proposed rates of toll, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and, if a drawbridge, the dimensions of the same.

Any person seeking to obtain a Private Bill shall, at least eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the Bill is to originate, a copy of such Bill in the English or French language, with a sum sufficient to pay for translating and printing the same. The applicant shall also, after the second reading, and before the consideration of the Bill by any Committee, pay the Clerk of the Senate, or the Accountant of the House of Commons (as the case may be) a fee of $200, and a sum sufficient to pay the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred.

The fee of $200 payable on any Private Bill is paid only in the House in which such Bill originates ; but the charges for reprinting and translation consequent thereon are paid in the House in which such charges are incurred.

No petition for a Private Bill is received by the Senate or by the House of Commons after the first three weeks of the Session.

No Private Bill may be presented to the Senate or to the House of Commons after the first four weeks of the Session.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate.

THOMAS B. FLINT,
Clerk of the Commons.

—

SPECIAL RULE OF THE SENATE.

49. (*c.*) When a Bill is to operate in more than one Province, Territory or District, the notices shall be published in the *Canada Gazette* and in a leading newspaper published in each Province, Territory or District in which the Bill is to operate.

STANDING ORDER.

When any Bill, confirming a deed, lease, agreement or other instrument, is brought up or presented to the Senate, such deed, lease, agreement or other instrument shall be set forth in the Bill by way of Schedule or otherwise.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate

—

ADDITIONAL RULES OF THE HOUSE OF COMMONS RESPECTING PRIVATE BILLS.

All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the *clauses* of the *General Acts* relating to the details to be provided for by such Bill ;—special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof, in which the *General Act* is proposed to be departed from ;—Bills which are not framed in accordance with this *Rule*, shall be recast by the promoters, and reprinted at their expense, before any Committee passes upon the *Clauses*.

51*a*. All Private Bills for Acts of incorporation of, or in amendment of Acts incorporating Railway Companies, shall be drawn in accordance with the Model Bill, copies of which may be obtained from the Clerk of the House.

(*a.*) The provisions contained in any Bill which are not in accord with the Model Bill, shall be inserted between brackets, and when revised by the proper officer shall be so printed, and Bills which are not in accordance with this Rule shall be returned to the promoters to be recast before being revised and printed ;

(*b.*) Any sections of existing Acts which are proposed to be amended shall be reprinted in full with the amendments inserted in their proper places and between brackets ;

(*c.*) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the Notice of Application for the same.

51*b*. No Bill for the incorporation of a Railway Company, or for changing the route of the railway of any company already incorporated, shall be considered by the Railway Committee until there has been filed with the Committee, at least one week before the consideration of the Bill:—

(*a*.) A Map or Plan drawn upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the lines of existing or authorized works of a similar character within, or in any way affecting the district, or any part thereof, which the proposed work is intended to serve, and such map or plan shall be signed by the Engineer or other person making the same;

(*b*.) An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking, and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures, or other securities, and the amount of each, respectively.

THOMAS B. FLINT,
Clerk of the Commons.

—

SPECIAL ORDER OF THE HOUSE OF COMMONS.

Resolved, That the Clerk of the House do have a copy of the new Rule 49 sent to those persons giving notice in the *Canada Gazette* of their intention to apply to Parliament for the passing of a Private Bill, together with a notification that the said Rule will be strictly adhered to for the future:—

49. Petitions for Private Bills shall only be received by the House within the first *three weeks* of the session, and Private Bills may only be presented to the House within the first *four weeks* of the session, and it shall be the duty of any Committee to which any Private Bill may be referred to consider and report the same to the House with all convenient speed.

2. That it be an instruction to all Committees on Private Bills, in the event of promoters not being ready to proceed with their measures when the same have been twice called *on two separate occasions* for consideration by the Committee, that such measures shall be reported back to the House forthwith, together with a statement of the facts and with the recommendation that such Bills be withdrawn.

THOMAS B. FLINT,
Clerk of the Commons.

—

SUBSTANCE OF RULES OF THE SENATE RELATING TO NOTICES AND APPLICATIONS FOR BILLS OF DIVORCE.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be published during six months before the presentation of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the District in Quebec, Manitoba, British Columbia or the North-west Territories, or in the County or Union of Counties in other Provinces, wherein such applicant usually resided at the time of the separation of the parties; but if the requisite number of papers cannot be found therein, then in an adjoining District or County or Union of Counties. Notices given in the Provinces of Quebec and Manitoba are to be published in one English and in one French newspaper, if there be such newspapers published in the District, but otherwise shall be published in each newspaper in both languages.

A copy of the said Notice shall, not less than one month before the date of the presentation of the Petition, at the instance of the applicant, be served personally on the person from whom the divorce is sought, when that can be done.

No petition for divorce shall be received after the first thirty days of each session.

The petition of an applicant for divorce must be fairly written and must be signed by the Petitioner, and should briefly set forth the marriage, when, where and by whom the ceremony was performed, the grounds on which relief is asked and the nature of the relief prayed and should also negative condonation, collusion and connivance. The allegations of the petition must be verified by declaration of the Petitioner, under The Canada Evidence Act, 1893.

The applicant shall deposit with the Clerk of the Senate, eight days before the opening of Parliament, a copy, in the English or French language, of the proposed Bill of Divorce, and therewith a sum sufficient to pay for translating and printing 600 copies thereof in English and 200 copies in French.

No petition for a Bill of Divorce shall be presented unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred dollars ($200).

The petition when presented shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy thereof, and by a copy of the proposed Bill.

SAML. E. ST. O. CHAPLEAU,
Clerk of the Senate.

HOTEL DU GOUVERNEMENT À OTTAWA.

Mardi, le 3e jour de février 1903.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 21 de janvier 1903, du ministre de l'Intérieur, exposant que Messieurs Macdonell et Martin, commissaires nommés pour choisir les terrains marécageux dans la province du Manitoba qui seront attribués à cette province en vertu des dispositions de l'article 4, chapitre 47, Statuts Revisés du Canada, ont fait un rapport conjoint daté respectivement le 27 août 1902, dans lequel ils soumettent, conformément aux termes de l'arrêté en conseil à ce sujet du 19 juin 1886, et l'arrêté en conseil modificatif du 27 février 1899, une liste des terrains qu'ils ont examinés dans le but susdit, comprenant une étendue de 149,400·85 acres.

Le Ministre dit que sur l'étendue ainsi examinée les commissaires constatent que 56,379·85 reviennent à la province comme terrains marécageux.

En comparant la liste fournie par les commissaires avec les livres du ministère de l'Intérieur et ses agences au Manitoba, on a trouvé que sur l'étendue totale de 56,379·85 acres choisis comme tels terrains marécageux, une étendue de 27,764·85 acres est disponible.

Le Ministre soumet une liste revisée de ceux des terrains compris dans les listes des commissaires qui sont trouvés disponibles, comprenant une étendue de 27,764·85 acres, et s'étant convaincu de l'exactitude de cette liste revisée, ci-jointe, le Ministre recommande que les terrains énumérés dans la dite liste, soient attribués à Sa Majesté le roi Edouard Sept pour les fins de la province du Manitoba, en vertu des dispositions de l'article quatre du chapitre quarante-sept des Statuts Revisés du Canada.

Le comité soumet ce qui précède à l'approbation.

JOHN J. McGEE,
Greffier du Conseil privé.

HOTEL DU GOUVERNEMENT À OTTAWA.

Mardi, le 3e jour de février 1903.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 2 de janvier 1903, du ministre de l'Intérieur, exposant que Messieurs Jukes et Ducker, commissaires nommés pour choisir les terrains marécageux qui seront attribués à la province du Manitoba en vertu des dispositions de l'art. 4, chap. 47, Statuts Revisés du Canada, ont fait des rapports conjoints datés respectivement le 8 février 1900, le 25 avril 1900, le 11 décembre 1900, le 15 mai 1901, le 9 décembre 1901 et le 30 avril 1902, dans lesquels ils soumettent, conformément aux termes de l'arrêté en conseil à ce sujet du 19 juin 1886, et l'arrêté en conseil modificatif du 27 février 1899, des listes des terrains qu'ils ont examinés dans le but susdit, comprenant une étendue de 827,489.79 acres.

Le Ministre dit que sur l'étendue ainsi examinée les commissaires constatent que 320,467.96 reviennent à la province comme terrains marécageux.

En comparant les listes fournies par les commissaires avec les livres du ministère de l'Intérieur et ses agences au Manitoba, on a trouvé que sur l'étendue totale de 320,467.96 acres choisis comme tels terrains marécageux, une étendue de 175,499.48 acres est disponible.

Que sur l'étendue de 175,499.48 acres disponibles, 90,840 acres sont non arpentés, laissant une étendue de 84,659.49 acres disponibles pour être transférés à la province.

Le Ministre soumet des listes revisées marquées A et B respectivement, de ceux des terrains compris dans les listes des commissaires qui sont trouvés disponibles comprenant une étendue de 175,499.48 acres, et s'étant convaincu de l'exactitude de ces listes revisées, ci-jointes, le Ministre recommande que les terrains énumérés dans la liste marquée A et comprenant une étendue de 84,659.48 acres, soient attribués à Sa Majesté le roi Edouard Sept pour les fins de la province du Manitoba, en vertu des dispositions de l'article quatre du chapitre quarante-sept des Statuts Revisés du Canada, et que les terrains énumérés dans la liste marquée B et comprenant une étendue de 90,840 acres soient réservés afin d'être transférés à la province du Manitoba, et que lorsque l'Arpenteur général fera rapport que ces terrains sont arpentés, le titre à ces terrains soit attribué à la province.

Le comité soumet ce qui précède à l'approbation.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT que l'article 41 des règlements relatifs aux mines alluviales dans le territoire du Yukon, établis par l'arrêté en conseil du 13 de mars 1901, statue que tout mineur libre ayant dûment délimité et enregistré un emplacement aura droit de le détenir pendant la période pour laquelle il a reçu une inscription, et ensuite d'année en année en renouvelant l'enregistrement ; pourvu, toutefois, que durant chaque année, et chaque année ensuivante, ce mineur libre exploite ou fasse exploiter l'emplacement même pour une valeur de deux cents piastres, ou il peut, à son choix, au lieu du travail exigé chaque année, payer au régistrateur des mines dans le bureau duquel l'emplacement est enregistré, la somme de deux cents piastres pour chacune des trois premières années, mais pour la quatrième et les années ensuivantes la somme de quatre cents piastres doit être payée au lieu du travail qui devrait être fait sur l'emplacement ou s'y rattachant ;

Et considérant que le commissaire du territoire du Yukon fait rapport qu'il serait avantageux au public si la somme de travail à faire chaque année sur un emplacement minier ne pouvait être commué par le paiement d'un droit au lieu du travail,—

A ces causes, il plaît au Gouverneur général en conseil, en vertu de la clause 47 de l'*Acte des terres fédérales*, telle que statuée par l'article 5 de l'acte 55-56 Victoria, chapitre 15, et de l'article 8 de l'*Acte du territoire du Yukon*, tel que statué par l'article 3 de l'acte 2 Edouard VII, chapitre 34, d'ordonner et il est par le présent ordonné, que les dispositions contenues dans les divers sous-articles de l'article 41 des règlements établis par un arrêté en conseil du 13 de mars 1901, permettant, au choix du mineur libre, de faire un paiement au lieu du travail obligatoire, soient rescindées à compter du premier jour d'août 1903.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT que l'article 6 des règlements concernant l'émission de baux pour draguer de minéraux dans les lits des rivières dans le territoire du Yukon, établis par l'arrêté en conseil du 18 de janvier 1898, établit que les locataires paieront à la Couronne un droit régalien de dix pour cent sur le rendement lorsqu'il excède $15,000, tel que démontré par les états assermentés que fournira mensuellement le locataire au commissaire des mines d'or pendant la saison d'opérations ; le dit droit régalien sera payé en même temps que chaque rapport.

Et considérant qu'à l'époque où ces règlements ont été approuvés le droit régalien sur l'or extrait en vertu des dispositions des règlements concernant les mines alluviales était de 10 pour cent du rendement brut, mais que depuis lors il a été réduit à 2½ pour cent sur la valeur de l'or exporté sans exemption,—

A ces causes, il plaît au Gouverneur général en conseil, en vertu des dispositions de la clause 7 de l'*Acte des terres fédérales*, telle que modifiée par l'article 5 du chapitre 15 de 55-56 Victoria, et de l'article 8 de l'*Acte du territoire du Yukon*, tel que modifié par l'article 3 du chapitre 34 de 2 Edouard VII, d'ordonner que la partie de l'article 6 des règlements concernant l'émission de baux pour draguer des minéraux dans les rivières du territoire du Yukon, ci-dessus cités, et aussi l'article 6*a* des dits règlements, soient et ils sont par le présent rescindés, et remplacés par ce qui suit :—

"Le même droit régalien sera payé sur le rendement de l'or, tel que prescrit, ou sera ci-après prescrit, dans le cas de concessions de mines alluviales, ce droit régalien devant être payé en la manière établie par les règlements concernant les mines alluviales.

JOHN J. McGEE,
42-4 Greffier du Conseil privé.

Mardi, le 31e jour de mars 1903.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT que l'article 2 des règlements relatifs aux mines alluviales dans le territoire du Yukon établis par l'arrêté en conseil du 13 de mars 1901, établit que pour un certificat de mineur titre délivré en faveur d'un particulier l'honoraire sera de $10, et les articles 29 et 34 des règlements en question pourvoient au paiement d'un honoraire de $15 pour l'enregistrement une concession de mine alluviale, et le paiement d'un pareil montant pour son renouvellement chaque année ;

Et considérant que le commissaire du territoire du Yukon recommande que le droit payable pour un certificat de mineur libre soit réduit à $7.50, et que l'honoraire pour la concession ou le renouvellement d'une concession de mine alluviale soit réduit à $10,—

A ces causes, il plaît au Gouverneur général en conseil, en vertu de l'article 47 de l'*Acte des terres fédérales*, tel que modifié par l'article 5 de l'acte chapitre 15 de 55-56 Victoria, et de l'article 8 de l'*Acte du territoire du Yukon*, tel que modifié par l'article 3 de l'acte chapitre 34 de 2 Edouard VII, d'ordonner que l'article 2 des règlements établis par l'arrêté en conseil du 13 de mars 1901 précité, soit et il est par le présent modifié en retranchant l'honoraire de $10 qui y est stipulé pour un certificat de mineur titre délivré à un particulier, et y substituant $7.50 ; et que les articles 29 et 34 des dits règlements soient et ils sont par le présent modifiés, en substituant le droit de $10 pour enregistrement ou pour le renouvellement d'une concession de mine alluviale au droit de $15 aujourd'hui exigé.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît au Gouverneur général en conseil, en conformité des dispositions du sous-article 1 de l'article 19 de l'*Acte des terres fédérales*, chapitre 54 des Statuts Revisés du Canada, d'ordonner que les taux fixés par des arrêtés en conseil antérieurs pour l'arpentage de subdivisions de townships, soient et ils sont par le présent rescindés, et que les arpentages de subdivisions de townships faits à l'entreprise, seront dorénavant payés comme ci-après :—

1. Les lignes de sections seront payées au taux de cinq piastres par mille de ligne arpentée.

2. Un paiement supplémentaire au taux de cinquante centins par chaîne, jusqu'à dix chaînes dans un côté de section, sera fait pour ouvrir, couper et marquer une ligne à travers bois, vents chablis, broussailles ou épais fourrés.

3. Toute ouverture, coupe et marquage de la ligne au delà de dix chaînes dans un côté de section sera payée au taux de vingt-cinq centins par chaîne.

4. Aucun paiement ne sera fait en vertu des articles 2 et 3 lorsque la ligne aurait pû être mesurée sans faire d'ouverture ou de coupe.

5. La partie d'une ligne mesurée en travers de l'eau au moyen d'une triangulation, jusqu'à un demi-mille, sera payée comme ouverture à travers bois lorsque la masse d'eau est entourée de bois continus.

6. Pour l'interprétation des articles 2 et 3, une ligne de section signifiera la distance entre deux monuments aux encoignures de sections ou les endroits assignés à ces encoignures, et cette distance pourra comprendre une réserve de chemin.

7. Lorsque le côté d'une section, à part de la réserve de chemin est plus grand que quatre-vingt-dix chaînes, ou moindre que soixante-dix chaînes, le nombre de chaînes d'ouverture ou de coupe qui peut être payé au taux de cinquante centins par chaîne, sera augmenté ou réduit en proportion de la longueur du côté de section.

8. Seules les lignes actuellement tracées et marquées sur le terrain seront payées. Rien ne sera alloué pour les lignes perdues ou de sentiers, les bases de triangles et les ordonnées.

9. Un paiement supplémentaire au taux de trois piastres par mille sera fait pour les lignes de sections arpentées sur un terrain accidenté ou montagneux. Un côté de section sera réputé accidenté ou montagneux lorsque le carnet de campagne indique qu'il franchit un ravin d'au moins 100 pieds de profondeur ou deux ravins chacun d'au moins 50 pieds de profondeur, ou que la différence de niveau entre deux points de la ligne à pas plus d'un demi-mille de distance l'un de l'autre, excède 200 pieds, les profondeurs ou hauteurs étant mesurées par un baromètre anéroïde.

10. Un paiement supplémentaire au taux de quatre piastres par mille sera fait pour arpenter les lignes extérieures méridiennes d'un township lorsque ces lignes extérieures sont comprises dans un contrat d'arpentage de subdivision.

11. Les lignes de sections réarpentées ou retracées seront payées au même taux que les lignes primitives de sections lorsque ces lignes sont réarpentées ou retracées en conformité du Manuel d'arpentage ou des instructions de l'Arpenteur général, mais rien ne sera payé pour le mesurage d'une partie des lignes extérieures que le Manuel d'arpentage oblige de faire pour éprouver le chaînage avant de commencer la subdivision d'un township.

12. Un paiement supplémentaire au taux de vingt-cinq centins par fosse dans la prairie et de quarante centins par fosse dans les bois, sera fait pour chaque monument de borne, ce paiement devant couvrir le coût de planter et marquer les poteaux, construire le monticule, et autrement compléter le monument. Une tranchée-témoin sera payée comme quatre fosses.

13. Les traverses des lacs et rivières et les traverses correspondantes seront payées au taux de onze piastres par mille. Pour les traverses des lacs et rivières,

la distance à payer sera mesurée le long de la rive du lac ou rivière à partir de chaque point fixé par l'arpentage dans une ligne droite jusqu'au point suivant. Il ne sera rien payé pour les ordonnées.

14. Une piastre sera payée pour chaque déclaration statutaire d'un colon.

15. Cinq piastres seront payées pour chaque observation astronomique (pas plus que deux observations dans un township) pour constater la direction du méridien.

16. Les indemnités ci-dessus couvriront le coût de la préparation et des rapports de l'arpentage.

17. Les poteaux en fer employés à l'arpentage seront fournis gratuitement à Winnipeg. Les poteaux qui n'ont pas servi devront être renvoyés aux magasins, sinon ils seront portés au compte de l'arpenteur au prix de quarante centins chacun.

18. Un rabais au taux que l'inspecteur des arpentages recommandera sera fait sur les paiements des entrepreneurs d'arpentage pour chaque monument d'arpentage non érigé en conformité des dispositions du Manuel d'arpentage, soit que le défaut existe dans la dimension des fosses, ou dans le marquage ou enfoncement des poteaux, mais ce rabais ne sera pas plus fort que trois fois le montant alloué pour ériger le monument. En payant pour les traverses, une piastre sera déduite pour chaque ordonnée moindre que ne le prescrit le Manuel d'arpentage.

AVIS AUX NAVIGATEURS.

No. 24 de 1903.

(Avis de l'Atlantique No. 13.)

Tous les relèvements, à moins d'avis contraire, sont magnétiques et sont donnés venant de la mer, les milles sont des milles marins, les hauteurs sont au-dessus des hautes eaux, et toutes les profondeurs sont à l'eau basse moyenne.

QUÉBEC.

(50) FLEUVE SAINT-LAURENT—CONTRECŒUR—BALISES DE JOUR.

Deux tours de feux d'alignement, qui seront connues comme l'alignement de Verchères à Contrecœur, ont été érigées par le gouvernement du Canada dans le prolongement E. de l'axe du nouveau chenal dragué entre la traverse Verchères et la traverse Contrecœur. Le bout O. du même axe est marqué par les feux d'alignement du village de Contrecœur.

On ne se propose pas d'allumer des feux dans ces tours pour le présent, mais les tours servent aujourd'hui de balises de jour, et doivent être tenues l'une dans l'autre par les vaisseaux qui descendent, direction N. 54° 30' E., à partir du moment qu'ils quittent l'alignement de feux d'alignement de la traverse Verchères jusqu'à ce qu'ils atteignent l'alignement des feux d'alignement de la traverse Contrecœur.

La tour antérieure est carrée, en bois, avec côtés en pente, assise sur une haute pile en caissonnage construite dans un pied d'eau sur les battures de Contrecœur, rive sud du fleuve. Elle est à 4,350 pieds N. 42° O. de l'église du village de Contrecœur.

Lat. N. 45° 51′ 54″
Long. O. 73 15 23

La hauteur de la pile au-dessus du niveau d'été du fleuve est de 25 pieds. La hauteur de la tour depuis la pile jusqu'au ventilateur sur le faîte du toit est de 13 pieds. La pile et la tour sont blanches. Le foyer du feu une fois établi sera à 31 pieds au-dessus du niveau d'été du fleuve.

La tour postérieure est carrée, avec côtés en pente, consistant en une charpente en acier, à jour, avec lattes sur la partie supérieure du côté qui fait face à l'alignement. La charpente d'acier est peinturée en brun, et les lattes sont blanches. La hauteur de la tour depuis la pile jusqu'au dessus du lattage est de 42 pieds. Cette tour n'a pas encore été surmontée d'une lanterne.

Le plancher de la pile est à 26 pieds au-dessus du niveau d'été du fleuve. Cette pile repose sur un îlet émergeant de la même batture sur laquelle repose la pile antérieure. Elle est à 9,250 pieds N. 54° 30′ E. de la tour antérieure.

(51) FLEUVE SAINT-LAURENT—CHENAL DES NAVIRES EN AVAL DE MONTRÉAL—VARENNES—PHARE ÉTABLI.

Un phare, établi par le gouvernement du Canada, dans le village de Varennes, sur la rive sud du fleuve Saint-Laurent en aval de Montréal, sera mis en fonctionnement à l'ouverture de la navigation au printemps de 1903.

Lat. N. 45° 41′ 11″
Long. O. 73 26 40

Le phare de Varennes repose sur le bord extérieur du grand chemin dans le village à 5,662 pieds N. 46° E. du phare d'alignement antérieur de l'Ile à l'Aigle, et à 265 pieds N. 78° O. du clocher nord de l'église du village de Varennes. Il est dans l'alignement du feu d'alignement postérieur de la Pointe aux Trembles (supprimé) et du feu d'alignement antérieur de l'Ile à l'Aigle.

Le phare consiste en une charpente d'acier, à jour, carrée, avec côtés en pente, surmontée d'une guérite en bois et d'une lanterne carrée en bois. Le côté de la charpente qui fait face au chenal est rendu plus apparent par un lattage en bois s'étendant jusqu'au bas de la guérite. La charpente d'acier est peinturée en rouge et la boiserie en blanc. Le bâtiment a 61 pieds de hauteur depuis le sol jusqu'à la girouette sur la lanterne.

Le feu sera blanc fixe, à 80 pieds au dessus du niveau d'été du fleuve, et devrait être visible à 4 milles dans l'alignement. L'appareil lumineux est catoptrique.

Ce feu, en conjonction avec le feu d'alignement antérieur sur l'Ile à l'Aigle décrit dans l'Avis aux Navigateurs No. 110 (361) de 1902, direction N. 46° E., forme un alignement qui sera appelé Alignement de la traverse Ile aux Vaches, et indique l'axe du chenal des navires dragué depuis le point où il quitte l'alignement des feux d'alignement supérieurs de l'Ile Ste-Thérèse jusqu'aux coude en bas du phare de l'Ile aux Vaches.

(52) FLEUVE SAINT-LAURENT—CHENAL DES NAVIRES EN AVAL DE MONTRÉAL—POINTE AUX TREMBLES —FEUX D'ALIGNEMENT SUPPRIMÉS.

A compter de l'ouverture de la navigation au printemps de 1903, les feux d'alignement dans le village de la Pointe aux Trembles, qui jusqu'aujourd'hui marquaient le chenal des navires dans la traverse Ile aux Vaches, bien qu'ils n'étaient pas dans l'axe de ce chenal, seront permanemment supprimés, ayant été remplacés, par les feux d'alignement de la traverse Ile aux Vaches, ci-dessus décrits.

AUX ANNONCEURS DANS LA *GAZETTE*.

CEUX qui envoient des annonces pour être insérées dans la *Gazette du Canada*, voudront bien se conformer aux règles ci-dessous :

1. Adresser " Gazette du Canada, Ottawa, Canada."
2. Indiquer le nombre voulu d'insertions.
3. **TRANSMETTRE INVARIABLEMENT LE PRIX DE L'ANNONCE AINSI QUE LE PRIX D'UN EXEMPLAIRE DE LA *GAZETTE*, TELS QUE DONNÉS PLUS BAS ; SANS CELA L'ANNONCE NE SERA PAS PUBLIÉE.**

Les prix sont de dix cts. pour la première insertion, et cinq cts. pour chaque insertion subséquente par ligne de neuf mots, chaque chiffre comptant pour un mot. Aucune annonce n'est insérée pour moins d'une piastre.

D'après la pratique établie et reconnue, telle que prescrite par la loi, les règlements du parlement et les décisions du ministère de la Justice, les avis reçoivent le nombre d'insertions ci-dessous :—

Les avis de demandes de divorce—27 insertions.

Les avis de retrait de dépôts des compagnies d'assurances—13 insertions.

Les avis de demandes ordinaires au parlement—9 insertions.

Les avis de demandes de lettres patentes en vertu de l'*Acte des compagnies de prêt* (A. C. publié dans la *Gazette* 15 juin 1901)—2 insertions.

Les avis de dividendes et d'assemblées de banques et de compagnies d'assurances,—1 mois de calendrier ou 5 insertions.

Les abonnés observeront aussi que le prix d'abonnement, $4 par année, est invariablement payable d'avance, et que l'envoi de la *Gazette* sera arrêté à l'expiration de la période payée. Chaque exemplaire coûte dix cts., et quand les annonceurs en veulent plus qu'un, ils devront faire une remise en conséquence.

DEMANDES AU PARLEMENT.

Règles *in re* Avis de bills privés.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque chambre, et porter à l'enclos " Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

THOMAS B. FLINT,
Greffier des Communes.

—

Règle spéciale du Sénat.

49. (*c.*) Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

Ordre permanent.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

Règles additionnelles de la Chambre des Communes concernant les bills privés.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(*a.*) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées

ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b.*) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c.*) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

THOMAS B. FLINT,
Greffier des Communes.

ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

THOMAS B. FLINT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat

LA Compagnie de chemin de fer de St-Chrysostome demandera au parlement, à sa présente session, un acte déclarant son chemin de fer d'un avantage général pour le Canada, fixant le délai pour son achèvement, et l'autorisant à faire des arrangements avec d'autres compagnies.

J. P. BROWN,
40–9 Président.

AVIS.—Une demande sera adressée au parlement du Canada, à sa prochaine sesion, afin d'obtenir un acte pour constituer en corporation une compagnie autorisée à construire et exploiter un chemin de fer, mû par la vapeur ou par l'électricité, partant d'un point sur la ligne du chemin de fer Québec et Lac Saint-Jean dans ou près de la ville de Chicoutimi dans une direction est ou nord-est et allant à quelque point sur la baie Rigolet ou Hamilton Inlet, ou à quelque point sur le golfe Saint-Laurent ou la côte de l'Atlantique ; avec la faculté de construire et exploiter des embranchements ; aussi avec la faculté de construire, acquérir et exploiter des scieries, moulins à pulpe, usines de réduction, hauts fourneaux, bateaux à vapeur et vaisseaux, quais, pouvoirs hydrauliques, et outillage électrique, et acquérir et exploiter des mines et des coupes de bois ; aussi avec la faculté de se fusionner avec toute autre compagnie de chemin de fer, et pour d'autres fins.

[Ref. 756,719]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 3rd day of February, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 21st January, 1903, from the Minister of the Interior, submitting that Messrs. Macdonell and Martin, Commissioners appointed for the purpose of making a selection of Swamp Lands in the Province of Manitoba to be granted to the province of Manitoba under the provisions of section 4, chapter 47, Revised Statutes of Canada, have made a joint report, dated 27th August, 1902, in which they submit, in accordance with the terms of the Order in Council in that behalf of the 19th June, 1886, and amending Order in Council of 27th February, 1899, a schedule of lands examined by them for the purpose mentioned, comprising an area of 149,400.85 acres.

That of the area thus examined the Commissioners find an area of 56,379.85 acres falling to the Province as Swamp Lands.

The Minister states that by a comparison of the schedule furnished by the Commissioners with the books of the Department of the Interior and its agencies in Manitoba, it has been found that of the total area of 56,379.85 acres selected as such Swamp Lands, an area of 27,764.85 acres is available.

The Minister submits a revised schedule of such of the lands included in the schedule of the Commissioners as are found available, comprising an area of 27,764.85 acres, and having satisfied himself of the accuracy of this revised schedule, hereto attached, the Minister recommends that the lands enumerated therein be vested in His Majesty King Edward the Seventh for the purposes of the Province of Manitoba under the provisions of the fourth section of chapter forty-seven of the Revised Statutes of Canada.

The Committee submit the same for approval.

JOHN J. McGEE,
Clerk of the Privy Council.

SCHEDULE showing lands selected by Messrs. Macdonell and Martin, Swamp Lands Commissioners, under the provisions of the Order in Council of 19th June, 1886, and amending Order in Council of 27th February, 1899, all being found vacant in the books of this Department.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 7th day of March, 1903

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS Section 1 of the Regulations governing the Administration of Dominion Lands in the Yukon Territory containing coal, established by the Order in Council of the 21st of January, 1901, provides for the collection of a royalty on the gross output of the mine at such rate per ton as may from time to time be specified by the Governor General in Council ;

Therefore the Governor General in Council is pleased to order that the amount of the royalty to be collected shall be and the same is hereby fixed for a period of ten years from the date hereof at the rate of ten cents per ton of two thousand pounds, and that the right of altering said rate after the expiration of such period of ten years be reserved.

JOHN J. McGEE,
41–4 Clerk of the Privy Council.

[Ref. 441,469.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 31st day of March, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS Section 2 of the Regulations governing Placer Mining in the Yukon Territory established by the Order in Council of the 13th of March, 1901, provides that for a Free Miner's Certificate issued in favour of an individual the fee shall be $10 and sections 29 and 34 of the Regulations in question provide for the payment of a fee of $15 for entry for a placer mining claim, and the payment of a like amount for renewal thereof each year ;

And whereas the Commissioner of the Yukon Territory now recommends that the charge for a Free Miner's Certificate be reduced to $7.50 and that the fee for a grant or for a renewal of a placer mining claim be reduced to $10 ;

Therefore, the Governor General in Council is pleased, in virtue of clause 47 of the Dominion Lands Act, as enacted by section 5 of the Act chapter 15, of 55-56 Victoria, and of section 8 of the Yukon Territory Act as enacted by section 3 of the Act chapter 34 of 2 Edward VII, to order that section 2 of the Regulations established by the Order in Council of the 13th of March, 1901, above referred to, shall be and the same is hereby amended by striking out the fee of $10 for which provision is made therein as the charge for a Free Miner's Certificate to an individual, and substituting therefor $7.50 ; and that sections 29 and 34 of the said Regulations, shall be, and the same are hereby amended, by substituting a charge of $10 for entry or for renewal of a placer mining claim in the place of the present charge of $15.

JOHN J. McGEE,
41–4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 3rd day of February, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 2nd January, 1903, from the Minister of the Interior, submitting that Messrs. Jukes and Ducker, Commissioners appointed for the purpose of making a selection of Swamp Lands in Manitoba to be granted to that Province under the provisions of section 4, chapter 47, Revised Statutes of Canada, have made joint reports, dated respectively, 8th February, 1900, 25th April, 1900, 11th December, 1900, 15th May, 1901, 9th December, 1901, and 30th April, 1902, in which they submit, in accordance with the terms of the Order in Council in that behalf of the 19th June, 1886, and amending Order in Council of 27th February, 1899, schedules of lands examined by them for the purpose mentioned, comprising a total area of 827,489·79 acres.

The Minister states that of the area thus examined the Commissioners find an area of 320,467·96 acres falling to the Province as Swamp Lands.

By a comparison of the schedules furnished by the Commissioners with the books of the Department of the Interior and its agencies in Manitoba it has been

found that of the total area of 320,467·96 acres selected as such Swamp Lands, an area of 175,499·48 acres is available.

That of the area of 175,499·48 acres available, 90,840·00 acres are unsurveyed, leaving an area of 84,659·48 acres available for transfer to the Province.

The Minister submits revised schedules marked A and B respectively, of such of the lands included in the schedules of the Commissioners are as found available comprising an area of 175,499·48 acres, and, having satisfied himself of the accuracy of these revised schedules, hereto attached, the Minister recommends that the lands enumerated in the schedule marked A and comprising an area of 84,659·48 acres, be vested in His Majesty King Edward the Seventh for the purposes of the Province of Manitoba under the provisions of the fourth section of chapter forty-seven of the Revised Statutes of Canada; and that the land enumerated in the Schedule marked B, and comprising an area of 90,840·00 acres, be reserved for the purposes of transfer to the Province of Manitoba, and that when the Surveyor General reports these lands surveyed, title to them be vested in the Province.

The Committee submit the same for approval.

JOHN J. McGEE,
Clerk of the Privy Council.

Ottawa, 2nd January, 1903. 41–4

[Ref. 441,470.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 31st day of March, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS Section 41 of the Regulations governing Placer Mining in the Yukon Territory established by the Order in Council of the 13th of March, 1901, provides that any free miner having duly located and recorded a claim shall be entitled to hold it for the period for which he received entry, and thence from year to year by re-recording the same, providing, however, that during each year and each succeeding year such free miner shall do or cause to be done work on the claim itself to the value of $200.00, or he may at his option in lieu of the work required to be done thereon each year pay to the Mining Recorder in whose office the claim is recorded the sum of $200.00 for each of the first three years, but for the fourth and succeeding years the sum of $400.00 must be paid in lieu of work done on the location or in connection therewith;

And whereas the Commissioner of the Yukon Territory reports that it would be in the public interest if the amount of work to be done in each year on a placer mining claim could not be commuted by payment of a fee in lieu thereof;

Therefore, the Governor General in Council is pleased, in virtue of clause 47 of the Dominion Lands

Act, as enacted by section 5 of the Act 55-56 Victoria, chapter 15, and of section 8 of the Yukon Territory Act, as enacted by section 3 of the Act 2 Edward VII, chapter 34, to order, and it is hereby ordered, that the provisions contained in the several sub-clauses of section 41 of the Regulations established by Order in Council of the 13th of March, 1901, for payment, at the option of the free miner, in lieu of assessment work, shall be rescinded on and after the first day of August, 1903.

JOHN J. McGEE,
41-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 3rd day of February, 1903.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Governor General in Council is pleased, in pursuance of the provisions of sub-clause 1 of clause 19 of The Dominion Lands Act, chapter 54, of the Revised Statutes of Canada, to order that the rates for township subdivision surveys fixed by previous Orders in Council shall be and the same are hereby rescinded, and that township subdivision surveys executed under contract, shall be hereafter paid as follows :—

1st. Section lines shall be paid for at the rate of five dollars per mile of line surveyed.

2nd. A further payment at the rate of fifty cents per chain, up to ten chains in a section side, shall be made for opening, cutting, and blazing the line through woods, windfalls, under-brush, or heavy scrub.

3rd. Any opening, cutting and blazing of the line in excess of ten chains in a section side shall be paid at the rate of twenty-five cents per chain.

4th. No payment shall be made under the provisions of clauses 2 and 3 where the line could have been measured without opening or cutting.

5th. The part of a line measured across water by means of a triangulation shall, up to half a mile, be paid as opening through woods when the body of water is surrounded by continuous woods.

6th. For the interpretation of clauses 2 and 3, a section line shall mean the distance between two monuments at section corners or the places assigned to such corners, and this distance may include a road allowance.

7th. When the side of a section, exclusive of the road allowance is greater than ninety chains or smaller than seventy chains, the number of chains of opening or cutting which may be paid at the rate of fifty cents per chain shall be increased or reduced in proportion to the length of the section side.

8th. Only the lines actually run and marked in the field shall be paid for. Nothing shall be allowed for random and trail lines, bases of triangles and offsets.

9th. A further payment at the rate of three dollars per mile shall be made for section lines surveyed over rough or hilly country. A section side shall be classified as rough or hilly when the field notes show that it crosses a ravine not less than 100 feet deep or two ravines each not less than 50 feet deep, or that the difference of level between two points of the line not more than half a mile apart exceeds 200 feet, the depths or heights being measured by aneroid barometer.

10th. A further payment at the rate of four dollars per mile shall be made for surveying the meridian outlines of a township when such outlines are included in a subdivision survey contract.

11th. Section lines resurveyed or retraced shall be paid at the same rate as original section lines when such lines are resurveyed or retraced in compliance with the directions of the Manual of Survey or the instructions of the Surveyor General, but nothing shall be paid for the measurement of a portion of the outlines which the Manual of Survey directs to be made for testing the chaining before commencing the subdivision of a township.

12th. A further payment at the rate of twenty-five cents per pit in prairie, and of forty cents per pit in the woods, shall be made for every boundary monument, such payment to cover the cost of planting and marking the posts, building the mound, and otherwise completing the monument. A witness trench shall be paid as four pits.

13th. Traverses of lakes and rivers and connecting traverses shall be paid at the rate of eleven dollars per mile. For traverses of lakes and rivers, the distance to be paid for shall be measured along the bank of the lake or river from every point fixed by the survey in a straight line to the next point. Nothing shall be paid for offsets.

14th. One dollar shall be paid for every statutory declaration of a settler.

15th. Five dollars shall be paid for every astronomical observation (not more than two observations in a township) for ascertaining the direction of the meridian.

16th. The above allowances shall cover the cost of preparing the returns of the survey.

17th. Iron posts used on the survey will be supplied free of cost at Winnipeg. Posts not used shall, if not returned to stores, be charged to the Surveyor at forty cents each.

18th. A deduction at such rate as the Inspector of Surveys recommends shall be made from the payments to survey contractors for every survey monument not erected in conformity with the provisions of the Manual of Survey, whether the deficiency be in the size of the pits or the marking or driving of the posts, but such deduction shall not be more than three times the amount allowed for erecting the monument. In paying for traverses, one dollar shall be deducted for every offset less than required by the Manual of Survey.

JOHN J. McGEE,
41-4 Clerk of the Privy Council.

[Ref. 441,467.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 31st day of March, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS section 6 of the Regulations governing the issue of leases to dredge for minerals in the beds of rivers in the Yukon Territory, established by the Order in Council of the 18th day of January, 1898, provides that the lessees shall pay to the Crown a royalty of 10 per cent on the output in excess of $15,000 as shown by sworn returns to be furnished monthly by the lessee to the Gold Commissioner during the period that dredging operations are being carried on; such royalty, if any, to be paid with each return:

And whereas at the time these Regulations were approved the royalty on gold mined under the provisions of the Placer Mining Regulations was 10 per cent of the gross output, but it has since been reduced to 2½ per cent on the value of the gold exported without any exemption:

Therefore the Governor General in Council is pleased, in virtue of the provisions of clause 47 of the Dominion Lands Act, as enacted by section 5 of chapter 15 of 55-56 Victoria, and of section 8 of The Yukon Territory Act, as enacted by section 3 of chapter 34 of 2 Edward VII, to order that the portion of section 6 of the Regulations governing the issue of leases to dredge for minerals in the rivers of the Yukon Territory, above quoted, and also section 6*a* of the said Regulations, shall be, and the same are hereby rescinded, and the following substituted therefor:—

"The same royalty shall be paid upon the output of gold as is provided, or may hereafter be provided, in the case of placer mining claims, such royalty to be paid in the manner provided in the Regulations governing Placer Mining."

JOHN J. McGEE,
41-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 28th day of February, 1903.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS the Canadian Pacific Railway Company have applied to the Department of Public Works for the approval of a proposed general pier head-line in the Harbour of Vancouver, B.C.; this proposed extension of the pier head-line being intended to afford ampler wharf accommodation to meet the rapidly increasing shipping trade at Vancouver.

And whereas the Resident Engineer of the Department of Public Works, at New Westminster, reports as follows in regard to this application, the Acting Chief Engineer of the Department of Public Works concurring, viz.:—

"To any one familiar with the extent of the portion "of Burrard Inlet constituting the Harbour of Van- "couver, the concession asked for is comparatively so "slight as not to alter in any particular the existing "conditions as affecting the rights of the Dominion "Government. The extension of their present wharves "to a depth of some 60 feet of water only entails a "distance of some 600 feet in a direct line from the "face of their present wharves. The nearest land "opposite their proposed pier head-line is in the "opposite side of the harbour, some two miles distant; "a little to the west Brocton Point projects some "4,000 feet distant (see index plan), forming with the "main shore, Coal Harbour into which the Western "extension of these wharves will extend. The present "length of the proposed outer face wharves is some- "what limited, not exceeding 3,000 lineal feet in "water at present admitting of sea-going vessels. "This, however, by a judicious combination of slips, "as shown on the original plan, more than doubles "the available frontage. As the Pacific terminus of "their road and the entrepot of their Oriental trade, "the concession asked for by this proposed extension "of their wharves, possibly limited by the great depth "of water and heavy expense involved, is in my opinion, "extremely moderate. It is impossible to anticipate "or to state with any degree of accuracy the enormous "volume of trade that the next decade may develop, "and ample room for ships, warehouses and railway "sidings is the first requisite to be considered. When, "as above stated, the width of the harbour is some 2 "miles, the extension of a few hundred feet so far "from being detrimental will prove a decided advan- "tage not only to the Railway Co., but the public in "relieving the present congested state of the accom- "modation at both Railway Station and wharves, "which will be accomplished by the extended water "front and greater accommodation in rear of the "docks. The extension westward into Coal Harbour "is a matter of reclamation in comparatively shallow "water with a channel some 600 feet in width that "will require to be dredged to make it navigable for "boats of ordinary coasting draft."

Therefore the Governor General in Council is pleased to approve of the general pier head-line in the Harbour of Vancouver, proposed by the Canadian Pacific Railway Company, as shown on a sketch attached to Order in Council of 28th February, 1903, in this regard, and to order that this Order in Council do not become effective until publication thereof for two months in the *Canada Gazette* in order to permit of the reception of any objection which may be formulated to the "head-line" in question.

JOHN J. McGEE,
38-9 Clerk of the Privy Council.
